No. 366

A N ORDINANCE—Authorizing and directing the issue of bonds to the amount of Seventy-Five Thousand (\$75,000.00) Dollars, to be known as the Health Temporary Loan Bonds.

Whereas, by an Act of Assembly, approved June 26th, 1895, entitled, "An Act creating a Bureau of Health in the Department of Public Safety in cities of the second class, defining the powers and duties thereof and of the officers there-

under; prescribing rules and regulations and laws respecting the public health, and authorizing and imposing fines, penalties and punishments for violations thereof," it is provided, *inter alia*, in Sections 28 and 29, as follows:

"Section 28. In case of pestilence or epidemic disease, or danger from anticipated or impending pestilence or epidemic disease, or in case the sanitary condition of any of the said cities should be of such a character as to warrant it, it shall be the duty of the said department of public safety and bureau of health to take such measures, and to do and order and cause to be done, such acts for the preservation of the public health (though not herein or elsewhere authorized), as they may in good faith believe and declare the public safety and health demand."

"Section 29. The Councils of said cities, for the purpose of providing for the contingencies mentioned in the preceding section, and for the purpose of carrying out the provisions of this act, shall from time to time appropriate a sufficient sum of money to cover such expenditures."

And Whereas, the contingency mentioned in said Act has arisen by reason of a threatened epidemic of small-pox which has been and continues to be almost epidemic in form in the City of Pittsburgh,

And Whereas, the Department of Public Safety and Bureau of Health for the purpose of providing sufficient funds for carrying out such measures as they believe and declare to be necessary for the preservation of the public health, as well as to provide for the payment of expenses already incurred in that behalf, have asked that Councils shall appropriate for that purpose the sum of Seventy-Five Thousand (\$75,000.00) Dollars.

And Whereas, there are no funds in the City Treasury at the present time which have not already been appropriated.

And Whereas, the funded debt of the City is below the constitutional limit.

And Whereas, by an Act of Assembly entitled, "An Act for the government of cities of the second class" approved March 7th, 1901, it is provided among other things in Article 19, Section 2, as follows:

"Section 2. Every city of the second class within this Commonwealth is hereby declared to be a body corporate and politic, and shall have perpetual succession, and shall have power.

VI. To provide for the issuing of bonds and for the application of bonds already issued, for the purpose of funding any and all indebtedness now existing or hereafter created of the city, now due or to become due; Provided, that said bonds shall be payable in not less than five years and not more than thirty years from the date of their issue, and that the same shall bear interest at a rate not exceeding six per centum per annum, with interest coupons attached, payable annually or semi-annually, and the said

bonds shall not be sold or exchanged for less than their par value and accrued interest.

"VII. To make provision for a Sinking Fund to pay at maturity the bonded indebtedness of the city, and to levy and collect taxes on all the taxable property in the city, in addition to all other taxes, for the purpose of paying the same, under and subject to the limitations and requirement of this Act and of the Constitution and laws of this Commonwealth.

"VIII. To provide for the payment of the debts and expenses of the City, and to appropriate money therefor." Now, therefore,

SECTION 1. *be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That the City Controller shall be and is hereby authorized, empowered and directed to issue registered bonds in the name of the City of Pittsburgh, to an amount not exceeding Seventy-Five Thousand (\$75,000.00) Dollars, in accordance with the Acts of Assembly in such cases made and provided, and the several supplements thereto.*

Section 2. Said bonds shall be in sums of one hundred dollars or multiples thereof to suit the purchaser, payable in five years from January 1st, 1904, with interest thereon at the rate of 4 per centum per annum, payable semi-annually, at the office of the City Treasurer on the first day of July and January of each year and the principal thereof payable at their maturity at the same place; which bonds shall be signed by the Mayor, countersigned by the City Controller and sealed with the corporate seal of the City of Pittsburgh and registered by the Bond Clerk in the office of the City Treasurer, and when so executed shall be sold at not less than par and accrued interest, and the proceeds thereof, or so much as shall be necessary, shall be applied to the payment of the expenses incurred, in the manner set forth in the preamble of this ordinance and for no other purpose whatever.

Section 3. Said bonds when issued shall be subject to the right of the city to redeem one-fifth of the entire issue thereof each and every year from and after the first day of January 1904; and each bond so issued shall have specified therein the date at and after which the city may redeem it, by the payment of the principal and the accrued interest due at the time of such redemption.

Section 4. That the said bonds shall be issued from time to time on requisition on the City Controller made and signed by the Director of the Department of Public Safety and the Superintendent of the Bureau of Health for such amounts as the necessities of the case require; but they shall be all of the same date, and shall be known as the Health Temporary Loan Bonds.

Section 5. Until said bonds issued as herein provided shall be fully paid, there is hereby levied and assessed annually upon all subjects now by law or hereafter made liable to assessment for taxation for city purposes, a tax sufficient

to pay the interest of said bonds as the same shall accrue, and also twenty (20) per centum of the total amount of the bonds hereby authorized for the payment of the principal and the redemption of said bonds when and as they may become due and payable, according to their terms; and the same is hereby appropriated out of the revenues of said city for the payment and redemption aforesaid.

Section 6. All bonds issued by virtue of this ordinance and the Acts of Assembly authorizing the same, shall be and become part of the funded debt of the City of Pittsburgh, and shall be entitled to all rights, privileges and immunities thereof, and for the payment of the principal of said bonds and the semi-annual interest thereon free from all taxation, as the same shall mature or become payable, the faith, honor, credit and property of said city are hereby pledged.

No. 398

A N ORDINANCE—Levying Taxes and Assessing Water Rents for the fiscal year beginning February 1st, 1904.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same* That for the purpose of providing sufficient revenue for the payment of the interest on the funded debt and to provide sinking funds as required by law for the retirement of said debt at maturity, for the payment of the salaries of City Officers and to pay the ordinary current expenses of the City and for the discharge of other liabilities now due, or which may become due and payable during the said year beginning February 1st, 1904, taxes shall be and are hereby levied and assessed upon all property and other objects of taxation, as follows:

City Tax—Upon all property taxable for State or County purposes 12½ mills upon each dollar of valuation, except the property in said City designated as rural, upon which the tax shall be assessed at two-thirds of said rate, and upon all property designated as agricultural the tax shall be assessed at one-half of said rate.

Beltzhoover Borough Special Tax—Upon all property taxable for State or County purposes within the limits of the former Borough of Beltzhoover 2 mills.

The balance of receipts from said special taxes (after paying interest) shall be paid into a sinking fund for the district from which it is collected, and shall be used for the payment of the special debt of said district.

Section 2. That for and during the fiscal year beginning the first day of February, A. D. 1904, there shall be and is hereby established and levied license taxes for general revenue purposes, upon all companies and corporations herein-after named doing business in the City of Pittsburgh, and the same are hereby fixed at the following annual rates, viz:

Upon each and every street railway company or corporation the sum of twenty-five cents per foot for each lineal

foot of track laid, maintained or operated by such company or corporation, within the limits of the City of Pittsburgh, exclusive of such track as may be in the yards or buildings of such company or corporation.

Upon each and every telephone, telegraph and electric light or power company or corporation the sum of one-half cent per foot for each lineal foot of pole lines of wires erected, maintained or operated by such company or corporation, where the wires are carried or maintained above the ground, and five cents per lineal foot of conduit where the wires are carried underneath the ground, within the limits of the City of Pittsburgh, exclusive of such wires as may be in the buildings of such company or corporation.

Upon each and every water, gas (whether natural or artificial) and heat company or corporation the sum of three cents per foot for each lineal foot of pipe laid and maintained by such company or corporation within the limits of the City of Pittsburgh.

Section 3. Said license taxes shall be based upon the sworn statement of the President, Secretary or Treasurer of each of said companies or corporations, and it shall be the duty of the President, Secretary or Treasurer of each of the same, respectively, to make report, under oath, to the City Treasurer on or before the 1st day of February, A. D. 1904, of the length of track wire or pipe, as the case may be laid, erected, maintained or operated as aforesaid, by such company or corporation.

Section 4. In case the City Treasurer shall not be satisfied with the accuracy of any such report, he is authorized and empowered to cause the same to be corrected, through the proper officers of the company making the same, and to fix the license taxes for the year, basing the same upon the report or reports so returned, or, in case he finds the same to be incorrect, then upon such information as he may be able to obtain. In case of failure on the part of any company or corporation to make report as above provided, within the time so designated, the City Treasurer is authorized and empowered to fix the license taxes for the year, basing the same upon the best information obtainable by him, and charge said taxes against said company or corporation.

Section 5. All license taxes hereby authorized, established and levied shall be fixed by the City Treasurer, and shall be payable at the City Treasurer's office on or before the first day of May, A. D. 1904; and in case of default in the payment of same, on said first day of May, five per centum of the amount unpaid shall be added to said taxes by the City Treasurer, and such taxes and penalties shall, in default of payment, on the said 1st day of May be collected by the City Treasurer by action at law.

Section 6. The Department of Public Works shall assess water rents by the schedule of water rents as follows:

No. 408

A N ORDINANCE—Granting unto the Grant and Liberty Street Railway Company, its successors, lessees and assigns the right to construct, maintain and operate a street passenger railway on certain streets, highways and property in the City of Pittsburgh.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same,* That the Grant and Liberty Street Railway Company, its successors, lessees and assigns, shall have the right, and is hereby authorized, to enter upon, use and occupy and cross the following streets, highways and property within its route:

Beginning on Virgin alley, at its intersection with Liberty avenue; thence along Virgin alley to Grant street; thence along Grant street to Sixth avenue; thence crossing Sixth avenue to Dante alley; thence along Dante alley to Fountain street; thence along Fountain street to Seventh avenue; thence crossing diagonally Seventh avenue to Grant boulevard; thence along Grant boulevard to Dithridge street; thence along Dithridge street to Centre avenue, and thence returning by the same route to the place of beginning.

Also, beginning on Grant boulevard, at its intersection with Craig street; thence along Craig street to Centre avenue, and thence returning by the same route to the place of beginning.

Also, beginning on Virgin alley, at its intersection with Cherry alley; thence along Cherry alley to Water street; thence returning along Cherry alley to Virgin alley, and thence continuing along Cherry alley to Liberty avenue; thence crossing diagonally Liberty avenue to Tenth street; thence along Tenth street to the Allegheny river, and returning

by the same route to the place of beginning at the intersection of Cherry alley with Virgin alley.

Also, beginning on Cherry alley, at its intersection with Strawberry alley; thence along Strawberry alley to Liberty avenue, and thence returning along Strawberry alley to Cherry alley; thence continuing along Strawberry alley to Fountain street, and thence returning by the same route to the place of beginning at the intersection of Strawberry alley and Cherry alley.

And to construct, maintain, operate and use during the term named in its charter its railway as hereinbefore mentioned, with single or double tracks, with the necessary sidings, turnouts and switches, and to operate its cars thereon, and to use electricity as a motive power, and to erect, maintain and use in the streets and highways before mentioned such posts, poles or other supports as said company may deem convenient for the support and maintenance of such overhead system; subject, however, to the provisions of a "General Ordinance relating to the entry upon, over or under, or the use or occupation of any street, lane or alley, or any part thereof, for any purpose by passenger or street railway companies, or by companies operating street or passenger railways, and providing reasonable regulations pertaining thereto for the public convenience and safety," approved the 25th day of February, A. D. 1890.

Section 2. Said company shall have the right to connect its tracks with the tracks of other street railway companies upon streets at the intersection therewith of the streets of the route of the Grant and Liberty Street Railway Company; and as the said railways of other railway companies may now or hereafter be constructed and operated.

Section 3. Consent is hereby given to the said street railway company, at its option, to be exercised within two years, after the passage and approval of this ordinance, to abandon such portions of its route hereinbefore mentioned as it may deem unnecessary for the accommodation of the public, provided that proper action of said company, its successors, lessees and assigns, abandoning certain portions of the route shall be duly certified under the hands and seals of the proper officers of the company, and be filed in the office of the Controller and the Director of the Department of Public Works of the City of Pittsburgh within the time aforesaid.

Section 4. Said Grant and Liberty Street Railway Company, its successors, lessees and assigns, shall, in addition to the terms imposed by this ordinance, be subject to all lawful ordinances of the City of Pittsburgh in relation to street railways now enacted or hereafter to be enacted, including tax ordinances; provided that the same shall be binding upon all street railways operating in said city.

Section 5. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed so far as the same affects this Ordinance.

AN ORDINANCE—Granting unto the Main and Mifflin Street Railway Company, its successors, lessees and assigns, the right to enter upon, use and occupy and cross certain streets and highways in the City of Pittsburgh.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That the Main and Mifflin Street Railway Company, its successors, lessees and assigns, shall have the right, and is hereby authorized, to enter upon, use and occupy and cross the following highways within its route, to-wit:*

Beginning on Friendship avenue, at its intersection with Taylor street; thence along Friendship avenue to North St. Clair street; thence along North St. Clair street to Baum street, and thence returning by the same route to the place of beginning.

Also, beginning on Friendship avenue, at its intersection with Pearl street; thence along Pearl street to Liberty avenue; thence crossing Liberty avenue diagonally and continuing along Pearl street to Minerva street; thence along Minerva street to Taylor street, and thence returning by the same route to the place of beginning.

Also, beginning on Friendship avenue, at its intersection with Taylor street; thence along Taylor street to Liberty avenue; thence crossing Liberty avenue diagonally and continuing along Taylor street to Laurel street; thence by a bridge to be erected from north side of Laurel street and passing overhead of Laurel street, Pittsburgh Junction Railroad, Pennsylvania Railroad, Melwood avenue, Gold alley and other property to a point on the Grant boulevard between Byron street and Ridge street, and thence returning by the same route to the place of beginning.

Also, beginning on Friendship avenue, at its intersection with Evaline street; thence along Evaline street to Liberty avenue; thence along Liberty avenue diagonally to Osceola street; thence along Osceola street to Cypress street; thence along Cypress street to Mathilda street; thence crossing Mathilda street diagonally to and continuing along Cypress street to Edmond street; thence along Edmond street to Essex alley; thence along Essex alley to Pearl street, and returning by the same route to the place of beginning.

Also, beginning on Cypress street, at its intersection with Osceola street; thence along Cypress street to South Atlantic avenue, and returning by the same route to the place of beginning.

And to construct, maintain, operate and use during the term named in its charter its railway as hereinbefore mentioned, with single or double tracks, with the necessary sidings, turnouts and switches, and to operate its cars thereon, and to use electricity as a motive power, and to erect, maintain and use in the streets and highways before mentioned such posts, poles and other supports as said company may deem convenient for the support and maintenance of such overhead system; subject, however, to the provisions of a "General Ordinance relating to the entry upon, over or under, or the use or occupation of any street, lane or alley, or any part thereof, for any purpose by passenger or street railway companies, or by companies operating street or passenger railways, and providing reasonable regulations pertaining thereto for the public convenience and safety," approved the 25th day of February, A. D. 1890.

Section 2. Said company shall have the right to connect its tracks with the tracks of other street railway companies upon streets at the intersection thereof with the streets of the route of the Main and Mifflin Street Railway Company; and as the said railways of other railway companies may now or hereafter be constructed and operated.

Section 3. Consent is hereby given said company to construct and erect a bridge or viaduct from the north side of Laurel street, at its intersection with Taylor street, to a point on the Grant boulevard between Byron street and Ridge street, crossing over Laurel street, Pittsburgh Junction Railroad, Pennsylvania Railroad, Melwood street, Gold alley and other properties, provided that said bridge or viaduct be constructed of structural steel, on masonry foundations, and having a roadway at least twenty-two (22) feet wide, and a sidewalk eight (8) feet wide.

And it is hereby further provided that when said bridge shall be completed and opened to public travel that the said bridge shall be turned over to and become the property of the City of Pittsburgh, and the said company shall be at the entire expense of maintaining all of the substructure of said bridge, and that the City of Pittsburgh will maintain the superstructure and floor of said bridge, excepting the rails of the company thereon laid.

Section 4. Consent is hereby given to the said street railway company, at its option, to be exercised within two years after the passage and approval of this ordinance, to abandon such portions of its route hereinbefore mentioned as it may deem unnecessary for the accommodation of the public, provided that proper action of said company, its successors, lessees and assigns, abandoning certain portions of its route shall be duly certified under the hands and seals

of the proper officers of the company, and be filed in the office of the Controller and the Director of the Department of Public Works of the City of Pittsburgh within the time aforesaid.

Section 5. Said Main and Mifflin Street Railway Company, its successors, lessees and assigns, shall, in addition to the terms imposed by this ordinance, be subject to all lawful ordinances of the City of Pittsburgh in relation to street railways now enacted or hereafter to be enacted, including tax ordinances, provided that the same shall be binding upon all street railways operating in said city.

Section 6. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed so far as the same affects this Ordinance.

Consent is hereby given said company to construct and erect a bridge or viaduct from a point on Marbury street, near Fresco alley, to a point on Joncalre street, about eight hundred (800) feet northeast of the Schenley Park bridge over Junction Hollow, crossing over Marbury street, Moreland avenue or street, Boundary street, the Pittsburgh Junction Railroad and other properties, provided that said bridge or viaduct be constructed of structural steel on masonry foundations, and having a roadway at least twenty-two (22) feet wide and a sidewalk at least eight (8) feet wide.

And it is hereby further provided that when said bridge shall be completed and opened to public travel that said bridge shall be turned over to and become the property of the City of Pittsburgh, and said company shall be at the entire expense of maintaining all of the substructure of the said bridge, and that the City of Pittsburgh will maintain the superstructure and floor of said bridge, excepting the rails of the company thereon laid.

Section 4. Said Bates Street Railway Company, its successors, lessees and assigns, shall, in addition to the terms imposed by this ordinance, be subject

to all lawful ordinances of the City of Pittsburgh in relation to street railways now enacted or hereafter to be enacted, including tax ordinances, provided that the same shall be binding upon all street railways operating in said city.

Section 5. Consent is hereby given to the said street railway company, at its option, to be exercised within two years after the passage and approval of this ordinance, to abandon such portions of its route hereinbefore mentioned as it may deem unnecessary for the accommodation of the public, provided that proper action of said company, its successors, lessees and assigns abandoning certain portions of its route shall be duly certified under the hands and seals of the proper officers of the company, and to be filed in the office of the Controller and the Director of the Department of Public Works of the City of Pittsburgh within the time aforesaid.

No. 447

A N ORDINANCE—To authorize and direct the proper officers of the City of Pittsburgh, in the name and on behalf of said city, to enter into and execute a contract with the Pennsylvania Railroad Company whereby said railroad company may, within the limits of said city, relocate, change and elevate a part of its railroad now on Liberty street, and the branches therefrom.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That the proper officers of the said city be and they are hereby authorized and directed, in the name and on behalf of said City of Pittsburgh, to enter into and execute a contract with the Pennsylvania Railroad Company in the following form, to-wit:*

CONTRACT.

This agreement made this day of , between the City of Pittsburgh, hereinafter designated "City," first party, and the Pennsylvania Railroad Company, hereinafter designated "Railroad Company," second party, witnesseth:

Whereas, The railroad of said Railroad Company enters the limits of said City and extends inter alia along the surface of Liberty street, in said City, from a point near the intersection of Liberty and Eleventh streets to Water street, with branches therefrom on the surface of Third street, on the surface of Short street, and extending across Liberty street into its Duquesne Freight Station;

And, whereas, the said Railroad Company, in the manner and on the terms hereinafter set forth, desires to improve the above recited portions of its railroad by a relocation, change and elevation thereof;

And, whereas, the proposed relocation, change and elevation will be of the general character set out in the blue print hereto attached and made part hereof, and on substantially the following route:

MAIN LINE.

Beginning at a point in the center line of the Pennsylvania Railroad south of Liberty street and in the line of the eastern wall of the Union station produced, and extending thence by a curve to the northward across private property to a point about four hundred and sixty (460) feet south of Duquesne way, crossing Liberty street, Eleventh street, Exchange alley and Penn avenue by extensions of the existing structures across those thoroughfares; extending thence by a curve to the westward by an elevated structure over the freight yard of the Pittsburgh, Fort Wayne and Chicago Railway, and over Duquesne way to a point on the north side of Duquesne way about sixty (60) feet west of Tenth street; thence by a line substantially parallel with Duquesne way and north of the north curb line of Duquesne way to a point about eighty (80) feet east of the eastern house line of Fourth street; crving thence to the southward, crossing Duquesne way by an overhead bridge to the south side thereof, and thence on private property to the north side of Penn avenue; thence crossing Penn avenue by an overhead bridge to the south side thereof, and by a curve to the westward over private property to the easterly side of Third street; thence crossing Third street by an overhead bridge, still by a curve to the westward, to a point in Third street about six (6) feet north of the north house line of Liberty street, and thence westwardly parallel with the north house line of Liberty street to a point near the easterly house line of Water street; thence by a curve to the northward, crossing Water street at grade to a point midway between the Monongahela river harbor line and the southwestwardly line of Water street; thence northwardly by a line parallel with said harbor line along the Monongahela wharf to a point about fifty feet south-eastwardly of the Point Bridge, together with branches therefrom as follows:

BRANCHES.

Branch No. 1, which will begin at point "B" on the main line near its intersection with the northerly house line of Duquesne way, extending thence across Duquesne way by overhead bridges to the southerly side thereof; thence across private property to the easterly line of Third street; thence across Third street by overhead bridges to the westerly side thereof to private property located in the square between Penn avenue and Duquesne way and between Third street and Water street.

Branch No. 2, which will begin on the main line on the Monongahela wharf, at a point about midway between Penn avenue and Exchange alley produced; thence by a curve at grade across Water street into the Duquesne Freight Station; and

Branch No. 3, which will begin at point "C" on the main line, at its inter-

section with the southerly side of Penn avenue, extending thence across private property to the northerly side of Liberty street thence across Liberty street by an overhead bridge to a point where Short street intersects Liberty street, and thence along and over Short street by an elevated structure near the westerly curb line thereof to a point where Short street intersects the northeasterly line of Water street.

Now this Agreement Witnesseth: That in consideration of the premises and of the covenants of the parties hereinafter contained, It is agreed by and between the said City and said Railroad Company as follows, to-wit:

First, Said City hereby assents and agrees that said Railroad Company, its successors and assigns, may re-locate, change and elevate the said portions of its railroad to and on the above recited route, and in accordance with the attached blue print, and on said new location and elevation construct, maintain, operate and use tracks as hereinafter specified; and that said Railroad Company, its successors and assigns, in making said relocation, change and elevation, may do or cause to be done, inter alia, the following things:

1. Construct, maintain and use bridges of iron or steel with suitable masonry supports, and with intermediate supporting columns of iron or steel, over the following streets, provided all supports of masonry, of iron or steel shall be erected within the Railroad Company's own property where they cross any street, lane or alley:

(a) A two-track bridge over Duquesne way east of the west line of Tenth street, with a clearance of not less than 30 (thirty) feet above the existing grade of the said Duquesne way.

(b) A four-track bridge over Duquesne way between Third street and Fourth street, with a clearance of not less than twelve feet above the existing grade of a Duquesne way.

(c) A two-track bridge over an unnamed alley between Duquesne way and Penn avenue, with a clearance of not less than thirteen feet above the existing grade of said alley.

(d) A two-track bridge over Penn avenue between Third and Fourth streets, with a clearance of not less than fifteen feet above the existing grade of said Penn avenue.

(e) Five bridges over Third street, to-wit: For Branch No. 1, two 2-track bridges, one 3-track bridge, and a one-track bridge, and for main line a 2-track bridge, each bridge to have a clearance of not less than twelve feet above the existing grade of said Third street.

(f) A one-track bridge over Liberty street between Third street and Third avenue, with a clearance of not less than thirteen feet above the existing grade of said Liberty street for Branch No. 3.

(g) Extensions of the existing railroad bridges over Penn avenue, over

Exchange alley and Eleventh street, and over Liberty street near Eleventh street of sufficient width to accommodate two additional tracks.

2. Construct, maintain and use elevated viaducts of iron or steel with suitable masonry supports and with intermediate supporting columns of iron or steel over the following wharves or public landings, streets and other places as follows:

(a) A two-track elevated viaduct along the wharves or landings north of Duquesne way between Tenth street and the lines of Fourth street produced at such an elevation as to give a clearance over Ninth street of not less than fifteen feet above the existing grade thereof, a clearance over Seventh street of not less than sixteen (16) feet above the existing grade thereof, and a clearance over Sixth street of not less than fifteen feet above the existing grade thereof.

(b) A two-track elevated viaduct, which is a continuance of the viaduct aforesaid, from a point at or near said lines of Fourth street produced to Duquesne way.

(c) A one-track elevated viaduct along Short street between Liberty street and Water street, with a clearance over First and Second avenues of at least thirteen feet above the existing grade of said avenues.

(d) A two-track elevated viaduct extending from and connecting with the tracks of the Pittsburgh, Fort Wayne and Chicago Railway at a point about four hundred and sixty (460) feet south of Duquesne way; thence to a point of connection with the above recited main line, as shown on attached blue print.

3. That in the construction of any and all of the viaducts provided for in this agreement, the abutments or supporting columns shall give a clear horizontal opening of not less than thirty (30) feet.

4. Construct, maintain and use two tracks on the said wharves or public landings south of water street, from a point about fifty (50) feet eastwardly of the Point Bridge to a point on the southern line of Water street, between Penn avenue and Liberty street.

5. Construct, maintain and use two tracks on Water street, crossing said Water street at grade between Liberty street and Penn avenue.

Second, Said Railroad Company shall and will do the following things:

1. Within two years after the signing of this contract, the said Railroad Company shall remove its tracks from Liberty street, from Twelfth street to Water street, and the branches thereof on Short street and Third street; also on Liberty street at or near Eleventh street, crossing Liberty street, running to the south side of Penn avenue, now used by the Adams Express Company, and repave said streets from curb to curb at the expense of the said Railroad Company. Upon the failure of the Railroad Company to comply with the pro-

visions of this section, the City, upon thirty days' notice, may remove the tracks, repave the streets and charge the expense of the same to the Railroad Company.

2. Submit plans in detail of the several changes herein enumerated, in so far as they affect wharves, streets or highways, to the Director of the Department of Public Works and the City Councils of the said City for their approval before any work on said streets or highways is commenced.

3. Construct and maintain a suitable retaining wall along the southwestwardly line of Water street northwardly from Penn avenue, so far as necessary to support Water street at its present grade.

4. The said Railroad Company shall indemnify and save harmless the said City from all damages which may be recovered against it arising out of the construction of the improvement herein provided for, or any damage or injury to property resulting therefrom by reason of any improvement, action or thing hereunder.

5. That any other railroad shall have the right, with the consent of Councils, to cross said viaduct, either above or below, and where said railroad crosses over said viaduct the clearance shall not be less than seventeen (17) feet six (6) inches.

6. Said Railroad Company shall not use bituminous coal for fuel for locomotives used and operated on and over said elevated railroad, but coke or other non-smoke producing fuel shall be used for motor power. Provided, that for any violation of this section said Railroad Company or any of its employees, upon conviction, shall forfeit and pay the sum of not more than one hundred dollars or not less than twenty-five dollars per day for each locomotive so in use.

7. In consideration of the rights, privileges and franchises granted to said Railroad Company by, this ordinance the said Railroad Company shall pay to the City of Pittsburgh such reasonable compensation or tax therefor, or for the exercise thereof, as shall or may be duly fixed by a general ordinance applying to all railroad companies.

8. Provided, also, that the said company shall at all times hereafter be subject to such rules and regulations as may be found necessary for the further protection and security of the persons and property of the citizens of said city.

In testimony whereof said City of Pittsburgh has hereunto caused its corporate seal to be affixed, attested by the signatures of the proper officers of said city, and the said, The Pennsylvania Railroad Company has caused its corporate seal to be hereunto affixed, attested by the signatures of its proper officers, the day and year first above written.

This contract being executed for and on behalf of said city under and pursuant to an ordinance of said city, entitled (here to be inserted the title, dates of enactment and approval and place of record of the ordinance); and being executed for and on behalf of the said The Pennsylvania Railroad Company under and pursuant to a resolution duly adopted by its board of directors.

Section 2. That any ordinance or part of ordinance, conflicting with the provisions of this ordinance, be and the same is hereby repealed, so far as the same affects this ordinance.

No 448

AN ORDINANCE—Authorizing the Pittsburgh and Connellsville Railroad Company to occupy a portion of the Monongahela wharf for the erection of certain improvements.

Whereas, The business of the Pittsburgh and Connellsville Railroad Company, now operated by the Baltimore and Ohio Railroad Company, has so increased as to require additional facilities for the accommodation of passengers and freight, and for such purpose the said company proposes to erect a new passenger station house and additional tracks and a large freight house, occupying all that portion of the public landing known as the Monongahela wharf lying between the east side of Grant street and Smithfield street, and between the southerly line of Water street, or the wharf line, and the lower harbor line as established by the United States;

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That the Pittsburgh and Connellsville Railroad Company be and is hereby authorized to remove its present passenger station house, erected under the provisions of an ordinance passed the 20th day of June, A. D. 1870, entitled "An ordinance authorizing the Pittsburgh and Connellsville Railroad Company to erect a passenger house or depot upon a certain portion of the Monongahela wharf," so that the same shall abut upon the southerly line of the roadway of Water street, at a distance of 100 feet east of the easterly line of Smithfield street; to construct a new freight house abutting upon the southerly line of the roadway of Water street, between the present passenger station house, when removed as aforesaid, and the present freight house of the said company on the westerly side of Grant street; said freight house to be supported by iron*

pillars and so constructed as to permit of a driveway from Water street underneath the same to the river.

To construct a new passenger station house with offices abutting upon Smithfield street or the Smithfield street bridge, said new passenger station house to be supported on stone arches, permitting the free and uninterrupted flow of water of the Monongahela river through and underneath the same; and

To construct a trainshed with the necessary tracks to be used in connection with the said new passenger station house, supported upon iron pillars, between the said new passenger station house and the east line of Grant street, each of said improvements to be erected and maintained as shown in detail upon plans presented with this ordinance and made part hereof.

Section 2. That in consideration of the authority herein given, the said Pittsburgh and Connellsville Railroad Company shall pay to the City Treasurer the sum of ten thousand dollars (\$10,000) per annum so long as it shall possess and enjoy the privileges hereby given, said payments to begin upon the completion of said improvements and to be inclusive of the payment of rental at present paid by the said company under the ordinance passed on the 20th day of June, A. D. 1870, entitled "An ordinance authorizing the Pittsburgh and Connellsville Railroad Company to erect a passenger house or depot upon a certain portion of the Monongahela wharf," recorded in the office of the City Clerk in Ordinance Book, Vol. 2, page 558, and the supplements thereto.

Section 3. That this ordinance shall be held to grant such rights only as the City of Pittsburgh may, under any authority legally confer, and no more.

Section 4. That within thirty days after the approval of this ordinance the said railroad company shall file with the City Controller a written acceptance, under its corporate seal, of all the terms and provisions hereof.

Section 5. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed so far as the same affects this Ordinance.

No. 449

AN ORDINANCE—Granting the Pittsburgh, Carnegie and Western Railroad Company, its lessees, successors and assigns, the right to construct a branch along Duquesne way from a point at or near Fourth street to a point of

connection with the Pittsburgh Junction Railroad Company at or near the bridge of the Pittsburgh, Fort Wayne and Chicago Railway Company.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh, in Select and Common Councils assembled and it is hereby ordained and enacted by the authority of the same.* That the Pittsburgh, Carnegie and Western Railroad Company is hereby authorized and empowered and granted the right and privilege to construct a single or double track branch line to its railroad along Duquesne way from a point at or near Fourth street to a point of connection with the Pittsburgh Junction Railroad Company at or near Eleventh street substantially on the line and in the general direction shown in plan and profile exhibited on blue print attached hereto and made a part of this ordinance, said branch line being more particularly described as follows, to-wit:

Beginning at a point on the Allegheny branch of said railroad at station ten (10), which point is about two hundred (200) feet south of the south line of Duquesne way; thence by a curve to the right crossing the proposed Duquesne Elevated Railroad of the Pennsylvania Railroad Company, with a clearance heretofore fixed by ordinance, to a point on the Duquesne wharf; thence easterly along said wharf, parallel with the said Duquesne branch of the Pennsylvania Railroad crossing over Sixth street, Seventh street and Ninth street (so as to give a clearance at each of said streets of not less than fifteen feet above the existing grade) to east line of Ninth street; thence curving to the left to a point of connection with the Pittsburgh Junction Railroad at or near Eleventh street, as shown on blue print attached hereto. Said branch shall be constructed as an elevated structure of iron or steel, with suitable masonry supports as per plan attached.

Section 2. The above grant is made subject to all the terms, conditions and stipulations contained in an ordinance of the City of Pittsburgh entitled "An ordinance granting certain rights, privileges and franchises to the Pittsburgh, Carnegie and Western Railroad Company, its lessees, successors and assigns," approved February 4th, 1903, and recorded in Ordinance Book 15, page 105, and the further conditions with reference to use by other railroad corporations of the branch hereby authorized herein contained.

Section 3. That any railroad company now or hereafter authorized to operate a railroad within the City of Pittsburgh shall have the right to connect with the branch hereby authorized for the interchange of traffic on the payment of a reasonable and equitable compensation for the transportation of freight and cars thereon, to be calculated and based on the cost of construction, maintenance and operation of said branch, and the volume of traffic to be carried thereon by such connecting companies; such compensation to be fixed by mutual agreement, and in case of

failure to agree upon terms thereof, then such compensation shall be fixed by referees, to be chosen, one by each company and the third by the two thus chosen, whose finding shall be final and conclusive; or such companies desiring such connection may apply to the Court of Common Pleas of Allegheny county in accordance with the Act of Assembly in such case made and provided, who, upon application being made, shall appoint three disinterested persons, who shall fix such rates of compensation, the regulation of motive power, and such other matters as shall be involved in the joint use of said branch, and their finding shall be final and conclusive when approved by said Court, provided that the moving of all motive power used on said branch shall be subject to the management of the Pittsburgh, Carnegie and Western Railroad Company, its lessees, successors or assigns, but said company shall not discriminate in favor of or against any railroad company, associates or individuals in the movement of cars or freight, in the furnishing of motive power or in charges for such service, and shall, from time to time, arrange and establish a fair and reasonable schedule of time for the accommodation of all connecting companies, associations or individuals, using said branch for the transportation of cars or freight; provided, also, that said connections shall be made subject to the constitution and laws of the State of Pennsylvania now in force relative to the use of tracks of one railroad company by another and regulating the exchange of traffic between the same. The said city shall have the right to grant to any railroad or transportation company the right to cross with its tracks and structures the tracks and structures of the railroad company to be erected under this contract, whether such crossing be under, above or at the grade of the said tracks of the said Pittsburgh Carnegie and Western Railroad Company.

Section 4. That in the event a line of elevated railroad is constructed along Duquesne way between Fourth street and a point of connection with the Pittsburgh Junction Railroad by any other railroad corporation duly authorized thereto by the consent of Councils, and said elevated line of railroad is subject to joint use by the Pittsburgh, Carnegie and Western Railroad Company, its successors and assigns by reason of the provision of the ordinance or ordinances of Councils of the City of Pittsburgh authorizing the construction and operation of said elevated railroad along Duquesne way between Fourth street and a point of connection with the Junction Railroad or any intermediate points, and the Pittsburgh, Carnegie and Western Railroad Company, its successors and assigns, jointly use said elevated railroad with the railroad company constructing the same, and it is necessary for the purpose of making connection with other railroads, particularly the Pittsburgh Junction Railroad, and manufacturing establishments situated

along Duquesne way between Fourth street and a point of connection with said Junction Railroad, to build, construct and operate other tracks or railroads on Duquesne way adjoining and extending the elevated railroad above mentioned and connected therewith, and as switches and extensions therefrom and thereto, then in that event the Pittsburgh, Carnegie and Western Railroad Company, its successors and assigns, are hereby authorized and empowered to construct from a connection with the elevated railroad above mentioned any switch or extension necessary to enable it in connection with its joint use of said elevated railroad along Duquesne way to connect with the railroads of other railroad companies, particularly with that of the Pittsburgh Junction Railroad Company and the manufacturing establishments adjoining the branch hereby authorized, provided, however, before any such extension or switch is constructed the route and plan of the same shall be subject to the approval of the Director of the Department of Public Works and of Councils, as provided for the construction of the branch hereby authorized; and provided further that if the Pittsburgh, Carnegie and Western Railroad Company, its successors and assigns, construct and operate the elevated structure and branch authorized by this ordinance, that such elevated structure and branch shall be constructed and operated by the said Pittsburgh, Carnegie and Western Railroad Company, its successors and assigns, under and subject to the conditions in this section ordained as to connections by way of extensions and switches by any other railroad company hereafter using said elevated structure jointly with said Pittsburgh, Carnegie and Western Railroad Company, its successors and assigns.

Section 5. That subject to all the terms and provisions of section three of this ordinance, any railroad company now or hereafter authorized to operate a railroad within the City of Pittsburgh shall have the right to connect with the main tracks of the Pittsburgh, Carnegie and Western Railroad Company, and to use said tracks in the manner provided by section three hereof for the use of the branch along Duquesne way by any such railroad company. Such railroad companies, however, when authorized by Council, and after compliance with the provisions of section three as to compensation, etc., to have the right to use said main tracks solely and exclusively for the purpose of reaching and connecting with any depots, freight houses, yards, terminals, terminal tracks or other terminal facilities acquired, constructed and owned by said railroad companies in connection with the conducting of the business carried on by them respectively.

Section 6. That any ordinance or part of ordinance, conflicting with the provisions of this ordinance, be and the same is hereby repealed so far as the same affects this ordinance.

AN ORDINANCE—To authorize the the proper officers, for and on behalf of the City of Pittsburgh, to enter into a contract with the Pittsburgh & Connellsville Railroad Company and the Baltimore & Ohio Railroad Company, lessee of the railroad of the Pittsburgh & Connellsville Railroad Company, and the Pittsburgh Railways Company, operating the street railway along and upon Second avenue of the United Traction Company, relative to the re-location of the tracks of the said companies and the re-location of Second avenue between Allegheny street and the City line in the Twenty-third ward.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same.* That that the proper officers of said City be and are hereby authorized and empowered and directed, in the name and on behalf of the said City of Pittsburgh, to make and enter into a contract with the Pittsburgh & Connellsville Railroad Company and the Baltimore & Ohio Railroad Company lessee of the railroad of the Pitts-

burgh & Connellsville Railroad Company and the Pittsburgh Railways Company, operating the street railway of the United Traction Company along and upon Second avenue, in the form following, to wit:

CONTRACT.

This agreement made this—day of—A. D. 190— between the City of Pittsburgh hereinafter called the City, the first party; and the Pittsburgh & Connellsville Railroad Company and the Baltimore & Ohio Railroad Company, lessee of the Pittsburgh & Connellsville Railroad, second parties, hereinafter called the Railroad Company, and the Pittsburgh Railways Company, operating the street railway formerly of the United Traction Company, hereinafter called the Railways Company, third party:

Whereas, the railroad of the Railroad Company, second party, as hitherto constructed and now operated, crosses at grade between Allegheny street and the City line in the Twenty-third ward Second avenue, and since the construction of the street railway now operated by the Railways Company, Second avenue, as now located, lying between the railroad of the Railroad Company and the Monongahela river, has become practically impassible for ordinary vehicles between Allegheny street and the City line; and,

Whereas, said Railroad Company and the Railways Company wish to re-locate and change the tracks of their respective railroads so as to avoid said grade crossing over Second avenue and make the same accessible for travel by ordinary vehicles between Allegheny street and the city line, so as to better accommodate public travel along and upon said Second avenue between the points aforesaid, and to better secure the safety of life and property and to promote the interests of the said city and the public, and the said city is willing that such change be made pursuant to the terms and provisions hereof, respecting the matters to be performed by said Railroad Company and the said Railways Company, and the said city respectively.

Now this agreement witnesseth: That for and in consideration of their respective covenants hereinafter set forth, it is agreed by and between the parties hereto as follows, to wit:

First. The City agrees that the Railroad Company shall and is hereby given the right to take and occupy for the purpose of construction and maintenance of its railroad, Second avenue between Allegheny street and the city line, excepting that portion thereof within the limits of Second avenue as hereby re-located, and hereby re-locates Second avenue between the said points as follows:

Beginning for the northerly line of Second avenue at a point on the northerly line of Second avenue as at present located, distant seventy-four and ninety-five hundredths (74.95) feet in a westerly direction from the first angle point in Second avenue as at present located, east of Allegheny street; thence

running in an Easterly direction and deflecting twenty-four degrees, fifty-three minutes and thirty seconds (24 deg. 53 min. 30 sec.) to the left from the northerly line of Second avenue as at present located, for a distance of five hundred twenty-four and fifty-five hundredths (524.55) feet; thence deflecting twenty-eight degrees, fifty-eight minutes and thirty seconds (28 deg. 58 min. 30 sec.) to the left for a distance of one thousand ninety-two and fifty-two hundredths (1092.52) feet; thence on a curve to the left with a radius of three thousand seven hundred forty-five and sixty-nine hundredths (3745.69) feet and whose tangent at the beginning of said curve bears nine degrees thirty-two minutes (9 deg. 32 min.) to the left from the last preceding course, through an angle of thirty degrees, forty-one minutes and thirty seconds (30 deg. 41 min. 30 sec.) for and arc of two thousand six and forty hundredths (2006.40) feet; thence on a line tangent to said curve for six hundred forty-one and fifty-six hundredths (641.56) feet; thence on a curve to the left with a radius of five thousand six hundred fifty-three and forty-nine hundredths (5653.49) feet and whose tangent at the beginning of said curve coincides with the last preceding course, through an angle of four degrees and thirty-nine minutes (4 deg. 39 min.) for an arc of four hundred fifty-eight and eighty-five hundredths (458.85) feet; thence on a line tangent to the last preceding curve for one thousand five hundred thirty-three and fifty-three hundredths (1533.53) feet; thence on a curve to the right with a radius of two thousand nine hundred thirty-one and sixty-two hundredths (2931.62) feet and whose tangent at the beginning of said curve coincides with the last preceding course, through an angle of fourteen degrees and thirty-five minutes (14 deg. 35 min.) for an arc of seven hundred forty-six and eighteen hundredths (746.18) feet; thence on a line tangent to the last preceding curve for one thousand four hundred eighty-three and four hundredths (1483.04) feet; thence deflecting fifteen degrees and thirty-eight minutes (15 deg. 38 min.) to the right for three hundred sixteen and eighty-seven hundredths (316.87) feet to a point distant one hundred eighty-eight and eighty-six hundredths (188.86) feet from the United States Harbor line; thence deflecting three degrees ten minutes and thirty seconds (3 deg. 10 min. 30 sec.) to the right for four hundred forty and seventy-nine hundredths (440.79) feet to a point on the westerly line of Blackmore street as laid out in E. E. Fulmer's Plan of Lots, and distant one hundred seventy-three and sixty-seven hundredths (173.67) feet from the United States Harbor line; thence deflecting three degrees and fifty-eight minutes (3 deg. 58 min.) to the right for one hundred and seventy and eighty-four hundredths (170.84) feet to a point on the easterly line of a twenty (20) foot alley or street as laid out in E. E. Fulmer's Plan of Lots and distant one hundred sixty-nine and eighty hundredths (169.80) feet from the United States Harbor line; thence on a curve to the right with a radius of three thousand seven hundred

sixty-five and sixty-six hundredths (3765.66) feet, and whose tangent at the beginning of said curve coincides with the last preceding curve, through an angle of thirteen degrees and twenty-six minutes (13 deg. 26 min.) for an arc of eight hundred eighty-two and ninety-seven hundredths (882.97) feet to a point distant one hundred sixty-nine and eighty hundredths (169.80) feet from the United States Harbor line at the point of tangent of said United States Harbor line, thence on a line tangent to the last preceding curve for one thousand one hundred sixteen and eighty-one hundredths (1116.81) feet to a point distant one hundred sixty-nine and eighty hundredths (169.80) feet from the United States Harbor line; thence on a curve to the right with a radius of six thousand nine hundred thirty-eight and one hundredths (6938.01) feet and whose tangent at the beginning of said curve coincides with the last preceding course, through an angle of seventeen degrees and thirty-two minutes (17 deg. 32 min.) for an arc of two thousand one hundred twenty-two and ninety-three hundredths (2122.93) feet to a point on the easterly boundary of the City of Pittsburgh, distant one hundred eighty-seven and thirteen hundredths (187.13) feet from the intersection of the easterly boundary of the City of Pittsburgh, with the United States Harbor line.

Second avenue as hereby located being sixty (60) feet in width from the place of beginning near Allegheny street to the first angle point east of the place of beginning; and being of an uneven width and exceeding sixty (60) feet in width and being bounded on the south by the southerly edge of the abutment of the bridge known as the Glenwood Highway Bridge, from the last mentioned angle point to a line parallel with and twenty-five (25) feet east of the center line of that portion of the Glenwood Highway Bridge which spans the Baltimore and Ohio Railroad Company's tracks, and being bounded on the south-east by a line parallel with and twenty-five (25) feet east of the center line of the Glenwood Highway Bridge, and by a curve with a radius of twenty-two and five-tenths (22.5) feet connecting the last preceding line with a line parallel with and distant forty (40) feet southerly from the second course of the northerly side of Second avenue as herein described; and being forty (40) feet in width from said curve of twenty-two and five-tenths (22.5) feet radius to the easterly boundary of the City of Pittsburgh, as marked and shown upon the plan thereof hereunto attached as part of this Ordinance.

Second. The Railroad Company agrees to remove their tracks from the present location and re-construct the same at their own expense between Second avenue as re-located and above described from Allegheny street to the city line, and the Monongahela river as shown upon the said plan herunto attached, and to pay the costs of all rights of way therefor.

Third. The city shall and does hereby undertake to pay the expense of the re-

location, grading, paving and curbing of Second avenue upon the new location above described from Allegheny street to the city line, including retaining walls sustaining the street at its established grade and the procuring of such additional rights of way as may be necessary; the Railroad Company releasing unto it any and all rights it may have in and upon any of the lands to be occupied by the re-located street.

Fourth. The Railways Company agrees that, upon the re-construction of Second avenue upon the re-location above described between Allegheny street and the city line, it will remove its tracks and re-construct the same at its own expense upon Second avenue as thus re-located, and will pave the said street between its tracks and one foot upon either side thereof.

Fifth. Each of the parties hereto agrees to begin the work contemplated by this contract as soon as possible after the execution hereof, and complete the same within two years after the date of these presents.

Sixth. The Railroad Company and the Railways Company each agree to make from time to time during the progress of the work, such temporary changes in their present tracks, each at its own expense, as may be necessary or convenient to facilitate the prosecution of the work thereby intended.

Six and One-half. The said Railroad Company shall indemnify and save harmless the City of Pittsburgh from all damages which may be recovered against it arising out of the construction of the improvement herein provided for, or any damage or injury to property resulting therefrom by reason of any improvement, action or thing hereunder.

Seventh. The said parties respectively shall and will, at any time and from time to time, hereafter enact and carry out such ordinances, if any, execute and deliver all such further instruments and assurances, if any, and do and perform all such matters and things, if any, as shall be requisite and necessary to carry out this agreement according to its true intent and meaning.

Eighth. This agreement shall extend to and bind the parties hereto, their successors and assigns respectively.

Witness the corporate seal of the said City of Pittsburgh and the signatures of the (Mayor), Director of the Department of Public Works and the City Controller, and the corporate seal of the said Pittsburgh & Connellsville Railroad Company, and the signatures of its president and secretary, and the corporate seal of the Pittsburgh Railways Company and the signatures of its president and secretary, the day and year first above written.

This agreement being executed and delivered by and on behalf of the said city pursuant to an Ordinance of the said city entitled, "An Ordinance to authorize the proper officers, for and on behalf of the City of Pittsburgh, to enter into a contract with the Pittsburgh & Connellsville Railroad Company and the Balti-

No. 523

AN ORDINANCE—Authorizing the issue of bonds to the amount of (\$1,122,278.10) for the payment of certain judgments and claims against the City, to be known as Funded Debt, 1904, Bonds.

Whereas, certain floating indebtedness of the City of Pittsburgh, as set forth in the body of this Ordinance, was not provided for in the ordinances making appropriations and levying taxes for the fiscal year beginning February 1, 1904; and

Whereas, the Committee on Finance, in reporting the ordinances, recommended that the payment of said indebtedness be provided for by the issuing of bonds; and

Whereas, by an Act of Assembly entitled, "An Act for the government of cities of the second class," approved March 7, 1901; and an Act of Assembly entitled "An Act amending and supplementing an Act entitled, 'An Act for the government of cities of the second class,' approved the 7th day of March, A. D. 1901, in the following particulars, to wit:," etc., is provided, among other things, in Article 19, Section 2: "Every city of

the second class within this Commonwealth is hereby declared to be a body corporate and politic, and shall have perpetual succession, and shall have power:

"V. To borrow money on the credit of the City, and to pledge the credit and revenue thereof for the payment of the same, to an amount not exceeding two per centum upon the assessed value of the taxable property in said City, and with the consent of the people of said city, obtained at an election held under the provisions of the Constitution and the general laws of this Commonwealth, to increase the indebtedness of such city to an amount exceeding in the aggregate, seven per centum upon the assessed valuation of the taxable property therein."

"VI. To provide for the issuing of bonds, and for the application of bonds already issued for the purpose of funding any and all indebtedness now existing or hereafter created, of the city, now due or to become due: Provided, that said bonds shall be payable in not less than five years and not more than thirty years from the date of their issue, and that the same shall bear interest at a rate not exceeding six per centum per annum, with interest coupons attached, payable annually, or semi-annually, and the said bonds shall not be sold or exchanged for less than their par value and accrued interest." And

Whereas, the gross debt of the city is \$20,881,201.87, from which is to be deducted the bonds held in the several Sinking Funds of the city, \$6,403,338.14, making the net debt \$14,477,863.73; and

Whereas, the last taxable valuation of the city, according to the report of the Department of Assessors, filed February 6th, 1904, was \$333,459,000; and

Whereas, seven per centum of said valuation would be \$27,542,130, which is an excess over the present net debt of \$13,064,266.27; and

Whereas, two per centum of said valuation is \$7,869,180; and

Whereas, the city has incurred no new indebtedness without the assent of the electors thereof, except to the extent of \$600,000 since January 1st, 1874, and has not therefore exhausted the powers conferred by the several Acts of Assembly.

Now, therefore, pursuant to the authority vested by law in Councils:

Section 1. Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of same, that the City Solicitor shall prepare a suitable form or forms for the bonds hereby, and in accordance with the Acts of Assembly relating thereto, authorized to be issued, and submit the same to the Committee on Finance, and, when the same shall be approved, the said Committee and City Controller shall have the same engraved and charge the expense thereof to Appropriation No. 42, Contingent Fund.

Section 2. The said Committee on Finance in conjunction with the City Controller, is hereby authorized to issue reg-

istered or coupon bonds, in the name of the City of Pittsburgh, to the amount of:

For the balance due on judgment obtained for grading, macadamizing, and curbing of Grant Boulevard, \$514,260.82.

For judgment obtained by reason of damages caused by the opening and grading of Grant Boulevard, \$25,830.14.

For judgment obtained for cost of construction of main sewer in Euclid avenue, \$87,895.19.

For judgment obtained in condemnation proceedings for additional land for Schenley Park, \$115,542.63.

For assessment against the city for widening of Virgin alley, \$106,319.22.

For assessment against the city for the widening of Diamond street, \$13,236.13.

For assessment against the city for construction of sewer in unnamed alley, Wheeler street, etc., \$47,456.85.

For payment of claim of Pennsylvania Railroad Company, against the city, in connection with change of track on Liberty street, etc., \$211,737.11, in accordance with the Act of Assembly entitled "An Act for the government of cities of the second class," approved the 7th day of March, 1901, and the supplement thereto.

Section 3. Said bonds shall be in sums of One Hundred Dollars (\$100) or multiples thereof, to suit purchasers, payable in thirty (30) years from the first day of June, 1904, with interest thereon at a rate not exceeding four (4) per centum per annum, payable semi-annually at the office of the City Treasury, on the first days of December and June of each year, and the principle thereof payable at their maturity at the same place, which bonds shall be signed by the Mayor, countersigned by the City Controller, and sealed with the corporate seal of said city, and registered with the City Treasurer of said city, and to be transferred by said City Treasurer, and when so executed, said bonds shall be sold at not less than par, by the City Controller, under the direction of said Committee on Finance, to the highest and best bidder, after ten (10) days public notice in the official newspapers of the City of Pittsburgh, and one daily newspaper in each of the cities of Boston, New York, Philadelphia and Chicago; and the proceeds thereof, or so much as shall be necessary, shall be applied respectively, as follows:

For the balance due on judgment obtained for the grading, macadamizing and curbing of Grant Boulevard, \$514,260.82.

For judgment obtained by reason of damage caused by the opening and grading of Grant Boulevard, \$25,830.14.

For judgment obtained in condemnation proceedings for additional land for Schenley Park, \$115,542.63.

For assessment against the city for the widening of Virgin alley, \$106,319.22.

For assessment against the city for widening Diamond street, \$13,236.13.

For assessment against the city for construction of sewer in unnamed alley, Wheeler street, etc., \$47,456.85.

For payment of claim of Pennsylvania Railroad Company against the city, in connection with change of track on Liberty street, etc., \$211,737.11, as hereinbefore specified, mentioned, described, and set forth, and for no other purpose or purposes whatever.

Section 4. The said bonds, when issued, shall be subject to the right of said city to redeem one-thirtieth (1/30) of the entire issue thereof each year from the first day of June, 1904, and each bond so issued shall have specified therein the date at and after which the said city may redeem it by the payment of the principle and accrued interest due at the time of such redemption.

Section 5. Until said bonds, issued as herein provided, shall be fully paid, there is hereby levied and assessed annually upon all subjects now by law liable, or hereafter made liable to assessment for taxation for city purposes, a tax to pay the interest on said bonds as the same shall accrue, and also four (4) per centum of the total amount of the bonds hereby authorized, for the payment of the principal and the redemption of said bonds when and as they may become due and payable according to their terms, and the same is hereby appropriated out of the revenues of said city for the payment and redemption aforesaid.

Section 6. All bonds issued by virtue of this Ordinance and the Acts of Assembly authorizing the same, shall be and become a part of the funded debt of the City of Pittsburgh, and shall be entitled to all the rights, privileges and immunities thereof, and for the payment of the principal of said bonds and the said bonds and the semi-annual interest thereon, as the same shall mature or become payable, the faith, honor, credit and property of said city are hereby pledged.

Section 7. These bonds shall be known as Funded Debt, 1904.

Passed March 28, 1904.

Approved March 31, 1904.

RESOLUTIONS.

No. 1

Whereas In proceedings in the Court of Common Pleas No. 8 of Allegheny County, at No. 346 May Term, 1902, upon the petition of the City of Pittsburgh in the matter of the grading, paving and curbing of Shakespeare street there was assessed against Henry J. Thoma the sum of \$71.80 for alleged benefits to his property situate on the southerly side of Centre avenue, and erroneously supposed to abut upon said improvement;

And whereas, no portion of the property of said Henry J. Thoma against which said assessment was so undertaken to be made does in fact touch, front or abut upon said Shakespeare street or any part of said improvement;

And whereas the assessment so made against Henry J. Thoma is accordingly erroneous, unjust and illegal and tends or may tend to cloud or prejudice his title to said property, therefore be it

Resolved, That the City Solicitor shall and he is hereby authorized and directed to strike off said assessment and satisfy any liens filed therefor and charge the same and the costs to City of Pittsburgh, and this shall be his sufficient warrant therefor.

Resolution authorizing and empowering William H. Brown to lay water pipe on Marlborough avenue, between Shady avenue and Murray avenue, Twenty-second ward, Pittsburgh.

Whereas, It is absolutely necessary to lay water pipe on property on Marlborough avenue, between Shady avenue and Murray avenue, Twenty-second ward, Pittsburgh, because of the number of houses erected and being erected thereon; and

Whereas, It appears that no appropriation has been made for the fiscal year 1903, to enable the City of Pittsburgh to itself lay the necessary water pipe for the required water supply; now, therefore, be it

Resolved, That the City of Pittsburgh hereby gives its consent to William H. Brown, and he is hereby authorized and empowered to lay the said water pipe on the said Marlborough avenue, between Shady avenue and Murray avenue, under the form of contracts and specifications approved by the City of Pittsburgh, and under the direction and supervision of the Director of the Department of Public Works of the said city, and at a cost to be approved by said Director,

Provided, That the said City of Pittsburgh shall have the right and option, at its election, to purchase from the said W. H. Brown all of said pipes, plugs and appurtenances laid or established under this agreement, at any time in the future it sees fit so to do, for a price not exceeding the actual cost of the laying and establishing of said pipes, plugs and appurtenances, as ascertained by said Director at the time that the work is done.

And provided further, That the cost of laying and establishing said pipes, plugs and appurtenances shall not, in any event, exceed the sum of twenty-five hundred dollars (\$2,500.00)

Whereas, The City of Pittsburgh, on the 16th day of August, 1894, at No. 295, September Term, 1894, P. M. L., in the Court of Common Pleas No. 1, of Allegheny county, filed a lien for the sum of one hundred two and fifty one-hundredths dollars (\$102.50), with interest thereon from the 23d day of March, 1894, against D. H. Barr, owner or reputed owner, and against all that certain lot or piece of ground situate in the Twenty-first ward of the City of Pittsburgh, bounded and described as follows:

Beginning on the northerly side of Susquehanna street at the corner of Neeb's lot; thence along the said street fifty feet to the corner of the National Homestead Loan and Trust Company's lot and thence extending back one hundred feet, more or less, to Cassina alley, for the construction of a sewer on said Susquehanna and other streets.

And whereas, a judgment was on the 18th day of September, 1896, recovered on said lien for the sum of one hundred twenty-two and fifty-two one-hundredths dollars (\$122.52.)

And whereas, Mrs. Lizzie L. McCrory is the owner of lot Number 47 in plan of lots laid out by D. H. Barr, and recorded in Plan Book vol. 11, page 42, being one-half of above described lot of ground, and the one-half of the same which adjoins the lot of ground of the said the National Homestead Loan and Trust Company, and is desirous of paying her proportionate share of said judgment, interest and costs.

Resolved, By Select and Common Councils of the City of Pittsburgh, that the City Solicitor be and he is hereby authorized and directed to release from aforesaid municipal lien No. 295, September Term, 1894, and the judgment recovered thereon, the aforesaid lot of ground owned by Mrs. Lizzie L. McCrory, being lot No. 47, in D. H. Barr's plan of lots, upon payment by her of the sum of sixty-one and twenty-five one-hundredths dollars (\$61.25), with interest thereon from September 18, 1896, and one-half of the costs accrued on said judgment.

No. 90

Resolution authorizing John B. Jackson to lay water pipe on Juniata street, between Linden avenue and a point 388 eastwardly therefrom, Twenty-second ward, Pittsburgh.

Whereas, It is absolutely necessary to lay water pipe on property on Juniata street, be-

tween Linden avenue and a point 388 feet eastwardly therefrom, Twenty-second ward, Pittsburgh, because of the houses erected thereon; and,

Whereas, It appears that no appropriation has been made for the fiscal year 1903, to enable the City of Pittsburgh to itself lay the necessary water pipe for the required water supply; now, therefore, be it

Resolved, That the City of Pittsburgh hereby gives its consent to John B. Jackson, and he is hereby authorized and empowered to lay the said water pipe on the said Juniata street, between Linden avenue and a point 388 feet eastwardly therefrom, under the form of contracts and specifications approved by the City of Pittsburgh, and under the direction and supervision of the Director of the Department of Public Works of the said city, and at a cost to be approved by said Director,

Provided, That the said City of Pittsburgh shall have the right and option, at its election, to purchase from the said John B. Jackson all of said pipes, plugs and appurtenances laid or established under this agreement at any time in the future it sees fit so to do, for a price not exceeding the actual cost of the laying and establishing of said pipes, plugs and appurtenances, as ascertained by said Director at the time that the work is done.

And provided further, That the cost of laying and establishing said pipes, plugs and appurtenances shall not, in any event, exceed the sum of eight hundred dollars (\$800.00.)

Passed March 25, 1904.

Approved March 31, 1904.

Which was referred to the Committee on Corporations.

Mr. Wolfe presented

No. 1055.

To the Honorable, the Select and Common Council of the City of Pittsburgh, Pa.:

Your petitioner respectfully represents that the estate of A. E. Carlisle, deceased, is the owner of certain real estate in the Twenty-second ward, Pittsburgh, beginning on the east side of Neville street (on which it has a frontage of 128 feet) on the south side of an unnamed 40-foot street on an unrecorded plan laid out by James D. Carlisle, thence extending eastwardly along said street to line land of Bowers, and extending back southwardly from said street to Boundary street, on which street said property measures 324.9

feet, the improvements thereon, to-wit, a number of frame tenement houses, fronting on said unnamed street, and the rear thereof being on Boundary street.

That about the year 1902 your petitioner and other land owners were required by the health authorities of Pittsburgh to construct a sewer for the drainage of the above property and surrounding properties, and pursuant to said requirement, a 20-inch sewer was built by said parties under the supervision of the City Engineer of Pittsburgh. Said sewer begins east of your petitioner's property, passes through it the entire length of it parallel and near to Boundary street, and joins with the Boundary street sewer at the foot of Neville street, and below your petitioner's property. Your petitioner paid the portion of the cost thereof charged against the said property, which is now and will of necessity always be drained through the aforesaid sewer.

Your petitioner further represents that subsequently to the building of the aforesaid sewer the City of Pittsburgh by ordinance authorized the construction of another sewer along Boundary street through your petitioner's aforesaid property. This sewer is primarily for the benefit of the residents of Clyde street and the neighborhood thereof, who had no means of sewerage their premises, and only passes through petitioner's property because that is the most direct route to the main Boundary street sewer leading to the river. This second sewer passes through petitioner's property about 30 to 50 feet from the sewer first aforesaid, and is so constructed that your petitioner was informed by the City Engineers in charge of it that he cannot now and never will be able to use it for the drainage of his said property, and as a matter of fact he does not use it, does not need it, and it is no benefit at all to him. In the construction of said sewer over the property of your petitioner the trees, shrubbery and fences were destroyed, large quantities of earth were thrown on said property, and it was damaged to the extent of several hundred dollars.

Nevertheless, against the protest of your petitioner, made to the city officials having charge of said work, and to the Board of Viewers, said property was charged for the payment of the cost of said sewer, and the proceedings to collect said assessment were so proceeded in that a lien therefor was filed at M. L. D. No. 4, December Term, 1902. Your petitioner submitted thereto and paid the amount of said lien and costs, but he respectfully submits that, since the sewer is and can be of no use to him, and was not built for his benefit, but for the benefit of a neighborhood remote from him, and only passes through his property because it could not otherwise reach the main sewer, it is unjust and against equity and good conscience to assess his property therefor.

Therefore your petitioner respectfully requests your honorable bodies to order the amount paid as aforesaid, to-wit, \$443.57 returned to him.

JAMES D. CARLISLE,
Executor of Estate of
A. E. Carlisle, Deceased.

Also

No. 1050. Resolution authorizing the issuing of a warrant in favor of James D. Carlisle, executor of the estate of A. E. Carlisle, deceased, for the sum of \$443.57 for re-

funding to him that amount paid on a lien at M. L. D. No. 4 December Term, 1902, for the Boundary street sewer.

Which were referred to the Committee on Finance.

Mr. Stevenson presented
No. 1057.

PITTSBURGH, PA., April 11, 1903.
To the Select and Common Councils of the City of Pittsburgh.

GENTLEMEN:—Your Committee on Finance respectfully return herewith the following resolutions with an affirmative recommendation

C. C. No. 1028. Resolution exonerating from payment of cost and expense incurred for the vacation of two strips of ground on the east and west sides of Mathilda street between Kincaid and Beech streets.

With a negative recommendation—

S. C. No. 414. Resolution directing the exoneration of part of assessment on property of Jas. W. Drape on Kelly street, in the Twenty-first ward.

Respectfully submitted,
W. H. STEVENSON,
Chairman.

Which was read, received and filed.

Also

S. C. No. 414.

Whereas, James W. Drape has presented his petition to Councils of the City of Pittsburgh, setting forth that he is the owner of four vacant lots of ground on Kelley street, in the Twenty-first ward of said city, of the assessed value of \$1,400.00, and that the Assessors of the City of Pittsburgh, under a misapprehension of the facts, have assessed the said lots of ground at and for the sum of \$20,000.00, under the belief that there were erected thereon four two-story brick dwelling houses. Now, therefore, be it

Resolved, That the City Assessors be and they are hereby directed to exonerate the said property from so much of the assessments as relate to the four two-story brick dwelling houses supposed to be erected on said property.

Which was read.

Mr. Stevenson moved

That further action upon the resolution be indefinitely postponed.

Which motion prevailed.

Also

C. C. No. 1028. Whereas, Mathilda street, between Kincaid and Luzern streets, was originally laid out at a width of 63 feet and by an ordinance of Councils, November 10th, 1884, located at a width of 50 feet, leaving two strips of ground, one of 5 feet and the other of 8 feet, on either side of said street; and

Whereas, Certain property owners abutting thereon object to the payment of the cost of the vacation proceedings, but are willing to sign a petition for the grading, paving and curbing of said street; and

Whereas, Without the signatures of these certain property owners to the petition for said improvements the street cannot be improved and the fact that said improvement will be of great benefit to the city and to citizens in the neighborhood; therefore, be it

Resolved, That the property owners abutting upon Mathilda street be exonerated from the payment of all costs and expense incurred in the vacation of the two strips of ground on the east and west sides of said street, 5 and 8 feet in width, and lying between Kincaid street and Beech street, and that the said costs be charged to the City of Pittsburgh.

Which was read.

And the rule having been suspended the resolution was read a second and third times and finally passed by the following vote:

Which was read.

Mr. Beckert moved

That the bill be recommitted to the Committee on Surveys.

Which motion prevailed.

Mr. Stevenson presented

No. 1058. Resolution authorizing the acceptance of the deed and payment of the purchase money for property at the easterly corner of Water and Short streets for the use of the Bureau of Fire.

Whereas, By ordinance approved January 28, 1908, the Director of the Department of Public Safety was authorized and empowered to purchase for \$60,000 for the use of the Bureau of Fire certain property on the easterly corner of Water and Short streets, fronting forty-six (46) feet on Water street, and extending along Short street, preserving the same width one hundred and sixty (160) feet to First avenue and appropriation of certain moneys was made for the payment of the purchase money therefor; and,

Whereas, the title to said property appears, upon examination, to be good so far as the records show, but a survey of the ground discloses that the wall of the adjacent building extends 3 3/4 inches over the line of this property at the First avenue end and the building on this property extends 3/4 of an inch over the line at the Water street end, for which reason the City Controller is in doubt as to his power to accept the deed; and,

Whereas, the purchase of said property is most advantageous for the city; the use of same is at present most urgently needed by the Bureau of Fire and the relocation or encroachment of said wall does not affect the use or value of said property; therefore, be it

Resolved, By the Select and Common Council that the City Controller be and is hereby authorized and advised to accept the deed and pay the \$60,000.00 purchase money for the said premises and secure possession of the same for the use of the Bureau of Fire as speedily as possible.

Which was read.

Mr. Stevenson moved

The adoption of the resolution.

Mr. Leslie arose to a point of order, and asked that the **Chair** rule the resolution out of order, stating that Councils passed an ordinance authorizing the purchase of the property; and if the City Controller would not pay for it and the city not willing to purchase, it should relinquish its rights.

The Chair:

"The **Chair** is unable to rule the resolution out of order, but I will suggest that so much of the original ordinance as conflicts with the survey of the property be repealed."

Mr. Leslie:

"Mr. President, I ask for a specific ruling. There is only a verbal option on the property, and if litigation was to ensue the property will be lost to the city, as it can be sold for double the amount of the price to be paid by the city."

Mr. Stevenson:

"The resolution is to protect the Controller. We are anxious to acquire the property, and are afraid to delay longer for fear of losing it. There is but a slight difference, not enough to affect the building of an engine house. It is only to place on record the Controller's stand and show that all the property paid for was not delivered."

The **Chair** ruled the resolution in order.

Mr. Brand asked if the resolution should not go to a committee.

The **Chair:**

"It is not necessary."

And the question being on the motion to adopt, it was decided in the affirmative by a viva voce vote.

Mr. Leslie:

"Does the **Chair** decide this question upon a viva voce vote?"

The **Chair:**

"I do."

Mr. Soffel asked and obtained leave to present

No. 1050. An Ordinance repealing an Ordinance entitled "An Ordinance locating West Liberty avenue, from Woodville avenue to Grace street," approved October 17, 1901.

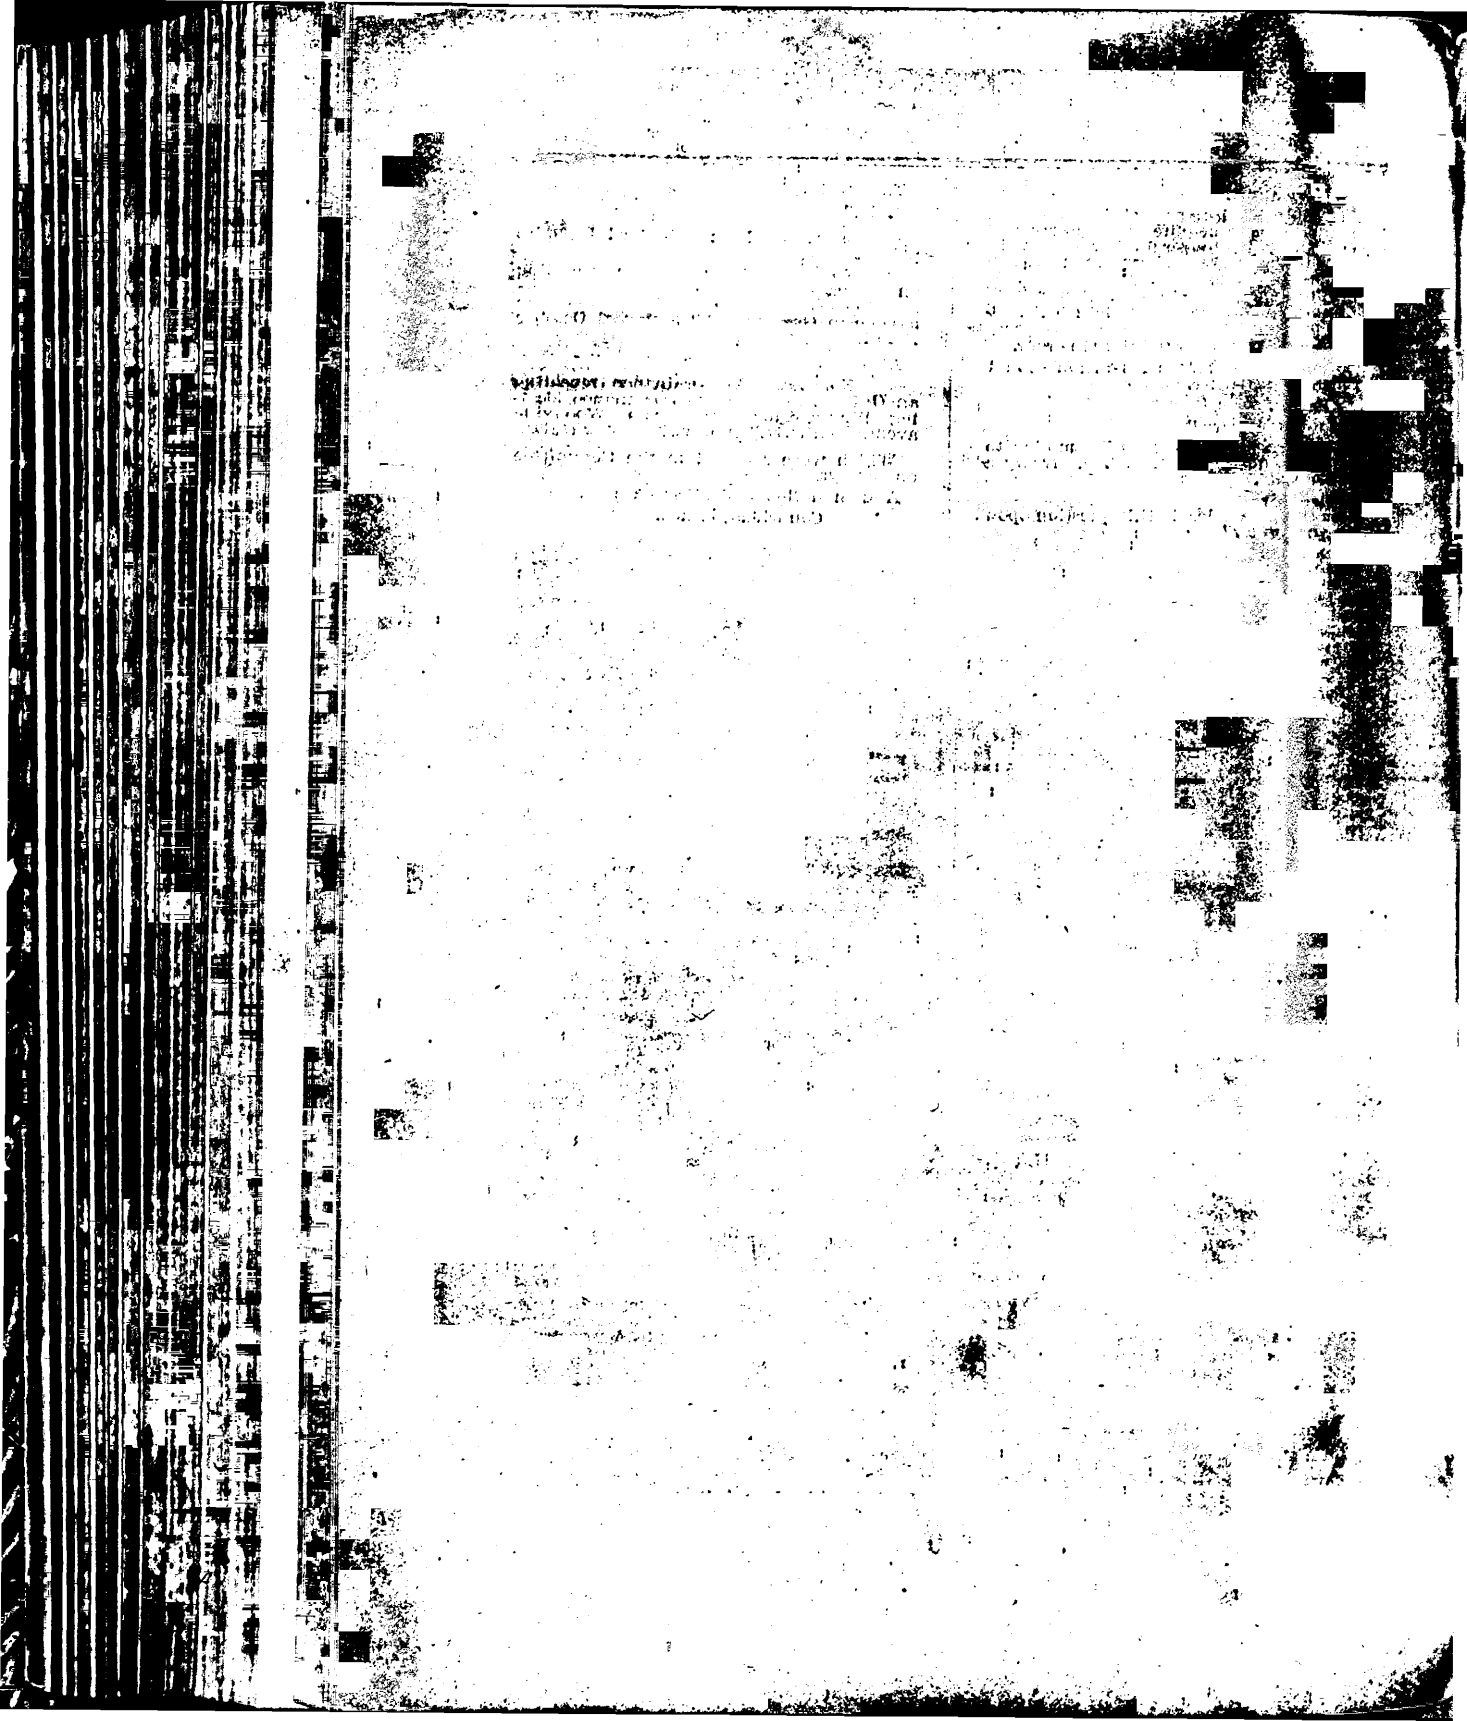

Also

No. 1060. An Ordinance repealing an Ordinance entitled "An Ordinance locating Wildmerding street, from Woodville avenue southerly," approved October 17, 1901

Which were referred to the Committee on Surveys.

And on motion of **Mr. Brand**

Council adjourned.

The Chair:

The point of order is well taken.

The question being on the motion to suspend the rule, Mr. Brand demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Barker	Stevenson	Wolfe
McNeil	Wasson	Wymard

Crawford, C. S., President.

NOES—Messrs.

Armstrong	Fitzpatrick	Rodgers
Baldauf	Hughes	Sabner
Barr	Jack	Schad
Beckert	Lamb	Schuck
Beehner	Lauler	Sheehan
Bole	Lewis, David	Soffel
Bonini	Lewis, John	Sterrett
Brand	Martin	Walls
Crawford, D F	Moore	Willey
Delaney	McNally	Zeuger
Edwards	O'Brien, Thos.	

AYES—7.

NOES—32.

So the motion did not prevail.

And on the question "Shall the bill as read a second time be agreed to?"

Mr. Stevenson demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Barker	Sabner	Wasson
Barr	Shaw	Wolfe
McNeil	Stevenson	Wymard

NOES—Messrs.

Crawford, D F	Moore	Willey
Delaney	McNally	Zeuger
Edwards		

Crawford, C. S., President.

AYES—9.

NOES—32.

And there being a majority of the votes of Common Council in the negative the bill was rejected.

The Chair presented

No. 1078.

To the Councils and Recorder of the City of Pittsburgh:

Whereas ordinances are before your Councils as follows:

COMMON COUNCILS NO. 644.

For the vacation of Sarah street from the southerly line of South Thirty-second street to the northerly line of South Thirty-third street.

COMMON COUNCILS NO. 646.

For the vacation of Sarah street from a point 325 feet from the southeasterly line of South Thirty-fourth street to Carson street.

COMMON COUNCILS NO. 648.

For the vacation of that part of Carey alley between the southerly line of South Thirty-third street and the northerly line of South Thirty-fourth street.

COMMON COUNCILS NO. 650.

For the vacation of South Thirty-sixth street from the western line of Carson street to the eastern line of Sarah street.

COMMON COUNCILS NO. 652.

For the vacation of South Thirty-fourth street between the western line of Carson street and the eastern line of Sarah street.

COMMON COUNCILS NO. 654.

For the vacation of that part of South Thirty-third street between the westerly line of Carson street and the easterly line of Sarah street.

COMMON COUNCILS NO. 761.

For the vacation of South Twentieth street between the south building line of Mary street and the south building line of Edwards alley.

COMMON COUNCILS NO. 766.

For the vacation of Edwards alley between South Nineteenth street and South Twenty-second street.

And further ordinances are about to be introduced as follows:

For the vacation of South Twenty-ninth street from Sarah street to Larkins alley.

For the vacation of that part of Larkins alley from South Thirtieth street to a point 4 feet southeast from the south-east line of Lot No. 33 in W. G. Brown's plan of lots.

Authorizing the Pittsburgh, Virginia and Charleston Railway Company, its successors and assigns, to construct, maintain and operate tracks at grade across Thirtieth street, Jane street, Sarah street and Carey alley.

The Pittsburgh, Virginia and Charleston Railway Company and The Pennsylvania Railroad Company, Lessee of the Pittsburgh, Virginia and Charleston Railway Company, do hereby offer and agree that after the final passage and approval of all the above recited ordinances by the Councils and Recorder of Pittsburgh, and in consideration of such passage and approval we will:

A. Dedicate, or cause to be dedicated to public use a twenty-four foot alley or passage way leading from Mary street to Harcum alley between South Twenty-seventh street and South Twenty-ninth street, and repay the City of Pittsburgh the reasonable cost of the grading, paving and curbing of the same, after said grading, paving and curbing shall have been completed by the City.

B. Dedicate, or cause to be dedicated to public use as a public highway a twenty-four foot alley or passage way leading from Sarah street to Larkins alley between South Twenty-eighth and South Twenty-ninth streets, and repay the City of Pittsburgh the reasonable cost of the grading, paving and curbing of the same, after said grading, paving and curbing shall have been completed by the City.

C. To pay the City of Pittsburgh the reasonable cost of grading, paving and curbing of South Thirtieth street from Sarah street to the south building line of Jane street with a roadway of the width of thirty-six (36) feet, after the completion of such grading, paving and curbing by said City.

D. To repay the City of Pittsburgh the fair and reasonable cost of the grading, paving and curbing of Jane street from South Thirtieth street to South Thirty-fourth street, including the cost of building such wall as may be necessary on the north side of said Jane street, after the completion of such grading, paving and curbing and wall by said

City; said street to be paved to a width of 32.5-10 feet and the roadway to be of the width of twenty-two feet; the position of the roadway within the street lines to be agreed upon by the owners of the abutting property and the city authorities.

In witness whereof, the said Pittsburgh, Virginia and Charleston Railway Company and The Pennsylvania Railroad Company have caused their common and corporate seals, duly attested, to be hereunto affixed this eighth day of April, A. D. 1903.

Mr. Stevenson presented

No. 1077.

Pittsburgh, Pa., April 25, 1903.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen:—Your Committee on Finance respectfully return herewith the following papers with an affirmative recommendation:

C. C. No. 1017—Resolution authorizing the issuing of a warrant in favor of Jno. McNally and James Gorman.

C. C. No. 1052—Resolution to have City Controter's report read, received and filed and authorizing him to have same printed for distribution.

An Ordinance to regulate the speed and license the running and operating of automobiles and motor vehicles, whether the motor power be electric, steam, gasoline, or any source of energy other than human or animal power; and providing for the summary arrest, conviction and fine of any person or persons violating any of the provisions of this ordinance.

With a negative recommendation.

An Ordinance appropriating for public park purposes a certain lot or piece of ground belonging to Wm. Flinn and the estate of Christopher L. Magee, deceased, in Twenty-second Ward, Pittsburgh, Wm. Flinn and Christopher L. Magee authorizing condemnation proceedings, the giving of security for the payment of damages and providing for the payment of damages.

Respectfully submitted.

W. H. STEVENSON, Chairman.

Which was read, received and filed.

No. 1051.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen:—In obedience to law and custom, I have the honor to herewith present the following report on the finances of the City for the year ending January 31st, 1903.

A change in administration very naturally brought with it a change in views, and the antagonisms usual to change of policy induced friction enough to make matters interesting at times, even though not always attended with desired results.

It has been said the Controller's duties are merely perfunctory and he has no rights or discretion outside the formal letter of law; therefore, should take matters as he finds them and go along in the even tenor of those he succeeds, with his eye steadily fixed on time-worn ruts, whether the lines along which they ran had shifted in the night or been adhered to through good or evil report.

Changes are not always good, and results found are not always those sought; but when a great community of people desires a change in its business methods, a change is no longer within the discretion of the public servant, as it is ordered and must be made. Whether, in pursuance of orders the acts or suggestions of the Controller, from time to time submitted by him to your honorable bodies, have been good or bad, is for you and the people to determine. The limited space accorded an ordinary annual report makes it impossible to review at length these acts and suggestions, but to pass them without notice would be to leave undone an essential part of the Controller's work. As fiscal officer of the city it is his particular business to pass judgment on all matters of expenditure, suggesting here and there such economies as he deems worthy and such methods as seem best calculated to meet public approval.

True, the Courts have decided that a Controller does not and cannot control the exercise of a discretion lawfully committed to the Executive Department of the city, but he is not thereby prevented from advising Councils and the people of what should be done, and of calling their attention to the art and cunning practiced to evade the wish of the people, and negative the power the people intended the Controller should have. The title of the office, Controller, indicates that he should exercise more power than a mere bookkeeper, and the other fact that he is paid more than double the salary of the man versed in the science of accounts, and is held responsible for the fiscal affairs of the city, is only added proof of the primary intention of the people, however much the exercise of that power has been hampered by provisions in contracts inimical to sound public policy. No better illustration can be found than occurs in the public scandal connected with the erection of Highland Reservoir No. 2, a basin originally intended as a reserve of water to be held for contingencies, a wise precaution for time of need. It was carefully planned and plotted at large expense to hold water until accident, emergency or increased necessity demanded its outflow through regularly appointed channels, as might be required.

From the start there was trouble in the attempt to avoid its erection as it was planned and specified, while delay after delay attended its completion, and when completed, those claiming compensation for the work took the unique position that no part of the contract required that it should hold water at all,

and that the Controller of the city had nothing whatever to do with its accounts except pay the price on certification of the Director of the Department of Public Works that the work, in his judgment, had been done according to the plans and specifications, and that the Controller's averments that it leaked millions of gallons in a week, owing to the use of inferior material and haphazard work, availed nothing.

Damaging as was the universal testimony to the character of the work and its unfitness for the purpose designed, its approval and acceptance for payment was worse. Payment of all estimates, with one exception, was stopped, pending proceedings in Court where the right to investigate the work and pass upon it was in review, when the Director secretly sat in judgment on the work and without notice to the fiscal officer, gave a verdict against the city on all points, and amounting to almost \$400,000. Why he did not wait until the Court had delivered its final opinion is not known, but may be inferred from the fact that though he claims to have arbitrated the whole question and all matters in dispute on February 19th, 1903, with no witness present for the city except possibly the Recorder, the finding which followed on February 24th was not made public, but was carefully concealed until publicly requested to disclose it on March 23rd, the Recorder having died in the meantime.

The Controller asks no apology for saying it was a monstrous assumption of power, and especially the assumption of the right to abrogate and make void the claim of the city to enforce the penalty clause of the contract amounting to about \$160,000, and at a time when the Controller was ordered to enforce its collection by one branch of your honorable bodies, and when the resolution was pending in the other. In the fear that anything might get away from the contractors, this official went further and ordered the payment of more than \$100,000 for extra work without ever having requested authority from Councils to perform the work or of having submitted the claims to Councils afterward for assent to pay, as the law directs.

That some action should be taken by you at once to undo this wrong is urgent and demanded by a universal public sentiment, as well as on account of the discourtesy shown the law-making branch of the government in having its expressed wish arbitrarily set aside.

REVENUE.

During the year your attention was respectfully called to the urgent need of what should be known as revenue officials; officers connected with the Controller's office and responsible to him. The revenues of the city, even when provided for through assessments against those making use of public utilities have not been collected. What seems to be everybody's has been the business of no one. The Controller, therefore, asked on

May 26th, last, for authority to employ four men at a reasonable salary of, say \$1,000 per annum, to look after this work. Permission was given by one branch of Councils, but for some reason the ordinance still lies in Committee of the other or Select branch. It was specifically stated at the time what the Controller hoped to accomplish, and the exhibit bears out the assertion then made by the following notable increase in revenue as compared with the preceding year, 1901:

REVENUE INCREASES.

	1901.	1902.
From Bureau of Health	\$ 252 00	\$ 696 00
From switches and scales	1,387 50	17,972 50
From theater license	1,915 00	3,607 86
From Diamond Market	40,250 77	46,679 93
From Southside....	7,901 58	8,390 85
From vehicles	55,226 25	59,134 75
From fines	478 00	821 00
From vendors	13,495 50	15,152 00
From Fire Bureau ..	800 90	1,419 00
From Recorder ...	45,199 60	73,813 04
From Allegheny Wharf	5,237 81	5,621 31
From Monongahela Wharf	8,919 30	10,524 59
From South Side Wharf	1,132 50	1,500 81
From street railways	16,106 64	22,769 81
	\$198,303 35	\$267,103 45

It will be noticed that from those making use of switch privileges alone, almost \$18,000 was collected during the year, compared with less than \$1,400 collected in 1901, or more than four times as much as was collected in any one year in the past fifteen years, and there is still outstanding more than \$40,000, with no one authorized personally to look after it.

Finding the revenue of the magistrates falling off, the Controller required one of the auditors to be present at the morning hearings with a result that the remitting of fines and forfeits was almost totally discontinued, and the receipts rose from \$45,199 in 1901 to \$73,813 in 1902, making a net increase of \$28,614. The increase from this source alone being sufficient to pay the salaries of the Controller, his entire clerical force, and the three City Auditors, conclusively showing the necessity for greater vigilance in the collection of revenues other than those from direct taxes, in fields at present wholly uncovered by personal inspection.

In addition to this, at least \$100,000 that should have been collected in the past twelve years, have been outlawed and to permit it to continue is not only unfair to those who always pay, but leads to discrimination when all should be treated alike.

THE FEDERAL WATER COMPANY.

This is another case where it was said the Controller had no right to interfere with the payment of an unearned bill. The Director of Public Charities, for some reason, contracted with what is known as the Federal Water Company, the incorporators, stockholders and officers of which were in the main county officials and clerks in county offices, to supply Marshalsea with pure water at a stated price per thousand gallons, notwithstanding the institution had its own water equipment and the supply seemed adequate, so far as the people who pay for what Marshalsea is supplied with knew.

The delivery of water was to have commenced in June, 1901. In September, 1901, Director Nisbet, finding that no water had been delivered under the contract, annulled it and notified the parties of his action. To all appearances his action was acquiesced in at the time, but a succeeding Director, Geo. W. Wilson, was induced to believe the water was needed and had been delivered since Director Nisbet's action, and to certify a bill for the whole amount to the Controller for payment. The Controller declined to pay the bill on the ground that a contract once broken and annulled could not be renewed except by Councils, and this view was held by Court when sent there for adjudication.

THE DEFICIENCY.

It will be noticed the deficiency at the end of the year is less than one-third as large as it was at the end of fiscal year 1901, and consists largely of unpaid bills, the Controller taking and maintaining the position under the new charter, that warrants should not be issued or countersigned unless the money with which to pay them was actually in the treasury at the time of issue. This not only curbed the disposition to extravagance, but compelled economy of administration.

The deficiency of 1901 had been paid out of the appropriation of 1902, although never contemplated, and early in the year with the expectation of another large deficiency at the end of 1902, as there would have been had not the requirements of the charter been obeyed. It worked some hardships, it is true, but this will not be felt after the present year and will teach us to have the cash on hand before we spend it; and it will also give us a better appreciation of the value of money.

The practice of appropriating more than the revenues would produce, found the year ending with large balances for which there was no money, and they grew larger each year as they were carried forward and added to the appropriations, thus building up, adding to, and encouraging a deficiency for which provision was never made, but which at some time in the future had to be met and settled.

The Controller considered the matter fully in all its aspects, and was advised to recommend a small bond issue of, say, \$1,500,000 and fund the amount, but reasoned out that this would perpetuate a debt as well as a system especially provided against in the new charter, and he set his face against it and resolutely determined to control that at least through compulsory economy in government, and refused to countersign warrants after the revenues were exhausted. Along that line he also took the position that where a department of the city had not expended its appropriation or mortgaged it for some uncompleted contracts, the balance remaining to its credit should be deducted from this year's appropriation. In other words, if \$100,000 had been appropriated to a department or bureau whose real needs amounted to only \$80,000, the balance, \$20,000, belonged to the treasury, and, everything being equal, the appropriation for a subsequent year should be \$60,000 plus the \$20,000 previously appropriated but not necessary for administration wants. This was regarded as not only arbitrary, but revolutionary, although no answer was offered to the claim that this was only the application of good business principles. The result is, that the deficiency of \$1,130,000 in 1901 without provision of any kind for its payment was cut down at the close of year 1902, to about \$400,000.

INTEREST ON CONTRACTS.

No appropriation was made this year for the payment of interest on contracts. Improvements should carry their own cost and when payment of them is delayed from whatever cause, the costs should follow the improvement. It is unfair to the man who pays for his own improvements to be compelled to pay any part of his neighbor's, unless an equity is involved; and this is particularly unfair where men dispute claims and assessments in the hope of securing the use of the money for one or more years without interest, the city being liable for all interest between the thirty days limit of treasurer's notice to pay and the two years' limit, the contractor then getting judgment by reason of no defense.

ASSESSMENTS AGAINST THE CITY.

No provision was made for their payment for the reason that these claims have been accumulating until they have reached the million dollar mark and the Controller in connection with the Finance Committee, as well as the Controller's assistant, very much doubted the wisdom of taking that much money from the people through taxation, without first submitting the matter to Councils for review and for such revision in method of assessment as would be equitable.

These assessments are not only for work along lines on which the city holds title to abutting property, but for improvement of streets and construction

of sewers on which private property alone abuts. If discretion to divide cost of work on a thoroughfare between the city and the parties benefited is centered in the Board of Viewers, the law should be repealed; if not so vested, a review should be had and the cost made follow the improvement. There are at intervals, great public improvements affecting and benefiting a large proportion of the people, the expense of which should be widely distributed and possibly, largely met by the city, but it does not follow that in the ordinary opening up, paving and grading of new streets, and in the constructing of sewerage for same, the city should pay any portion of the cost nor should the work be ordered unless the abutting property is benefited sufficiently to bear the cost of an equitable pro rata assessment. Your attention is respectfully called to this in the hope of providing in some way for the present indebtedness and the avoidance of such charges in the future.

IDLE MONEY.

The large amount of idle money in the treasury at the close of the year, nearly \$6,000,000, is an objectionable feature in the management of public affairs. Many reasons have been advanced for this; some of them apparently plausible, but the people from whom it is taken object, and rightfully so, to a system of government that does not plan for its needs until it has first compelled the people to put their money into the treasury to meet "undigested" estimates. A portion of this money has been held by the banks to the credit of the city for seven years, and the greater portion for three years, with no immediate prospect of its employment.

True, the city is getting two per cent for its use while laying in bank, but that does not answer the objection urged of collecting from the people more than the just needs of government; and the other objection that unemployed balances are a temptation and induce extravagance and unnecessary expenditure. The fact that money has a value of five or six per cent in open market, while the city is not permitted to receive more than two, is very generally regarded as bad financiering, and the suggestion is made, that instead of confining city deposits to four banks for the consideration of two per cent on balances, competition should be so broadened as to invite bids from all of the associated banks, thus insuring market price for what the city has to sell. The better plan, however, is for the city to confine itself to the functions of government, leaving money for which there is no present use, in the pockets of the people.

INCREASED REVENUE.

I beg to again call your attention to the necessity of securing increased revenue from sources other than real estate. Real estate has done duty to its full extent and should have help from

other species of property having the same care, protection and privileges accorded real estate, but contributing little or nothing to the expense of government. Public service corporations should long ago have subscribed to the city a portion of their earnings out of consideration of rare privileges, and, since they have not, they should be made pay their full share of the cost of government, or transfer their business to those who will. Corporations should be given every facility and protection consistent with public duty, and they should pay for the same just as the citizen pays for what is given him, and in the same proportion.

The disposition to fight off a manifestly fair tax or charge only provokes resentment and begets embitterments where there should be pleasant relations. A participation in the privileges a city has to give and does give, is permitted to all, and all should pay and pay alike in proportion to their interests.

OUR FLOATING INDEBTEDNESS.

During the year there was a great deal of talk about a bond issue to fund the deficiency, meet the debt due Pennsylvania Railroad and to complete numerous improvements now in various stages of progress, as well as to pay off very heavy assessments charged to the city by the Board of Viewers, aggregating in all about \$3,500,000 to \$4,000,000, all of which are legacies of a retiring government whose administration of public affairs was not regarded with favor. For that reason, possibly, coupled with the fact that almost \$6,000,000 of the two last issues of bonds remained in the banks unexpended, while the improvements for which they were intended were either purposely delayed, managed in private interests, or were being developed on a scale very much larger and more expensive than originally intended, created a very bad impression and influenced people against a further inflation of the public debt, as was to be expected.

However much we may regret the ill-advised and vicious methods injected into our public affairs, the responsibility for them is fixed and we must not only complete the work but honorably meet obligations incurred, and with a resolution strong enough to prevent the recurrence of the things justly complained of. In what way they shall be met is a question for your serious consideration in view of the present onerous charges against real estate and the past disposition to further inflict it.

The Controller has steadily held to the position that some new source of revenue must be found to supply these needs, and feels that the obligation to do so is just as binding and imperative as the obligation to pay our just debts. With a pronounced sentiment in that direction and the manner of securing the same outlined, provision should at once be made through a vote of the people to issue bonds to an amount that would

equal our floating debt and complete improvements at present inaugurated, and no more. Under a recent decision that amount of money could be borrowed without submission to the people, but that should not be attempted and would fall as impolitic and arbitrary; nor would conservative investors care to buy securities about which there was any doubt. The people are properly disposed where they have confidence in those entrusted with their affairs, and a bond issue for a limited amount to be honestly and wisely applied to a specific purpose, as stated, would be almost unanimously ratified.

That the proposition may be understood, it would first be necessary to increase our revenue from sources other than real estate, to an amount that would equal the fixed charges, interest and sinking fund requirements, say seven and one-half per cent on \$1,500,000, or in all, \$262,500. This would leave the results from growth of real estate and its increase in value to be applied to a reduction of the millage, which could be dropped from fifteen to twelve, or possibly, eleven mills within the next two years, if the values as at present outlined by the Assessors are approximately correct.

A debt is always objectionable; but in a fast growing, resourceful city like this, a moderate debt judiciously incurred for a wise purpose, where the charges resulting from the debt do not increase a present equitable burden, may be permitted, in that it provides an easy way of caring for the credit of the city, while paying for enterprises that give lands and homes new value.

THE PUBLIC DEBT.

The change in the public debt during the year was trifling, as only \$90,000 of the 3 1-2 per cent Water Bonds matured and they were taken up by cash from Sinking Fund. The Sinking Fund investments were increased by purchase of such securities as were regarded valuable for sinking fund investment, amounting to \$707,500. The debt January 31st stood as follows:

Entire funded debt.....	\$21,391,201 87
Less securities in Sinking Fund	5,650,363 14

Net debt	\$15,740,838 73
----------------	-----------------

In addition, the Sinking Funds have available in cash for further investment	204,537 65
--	------------

The care and management of this debt was transferred during the year, under the requirement of the new charter, to a commission consisting of Robert Pitcairn, Judge R. S. Fraser, Geo. T. Oliver, J. M. Guffey, and Chas. Donnelly, and was made a department of the city government, organizing with Robert Pitcairn, Esq., as chairman and Mr. E. S. Morrow, secretary.

The work allotted to these gentlemen, although serving without compensation

of any kind, was most faithfully and meritoriously performed. The work, as may be inferred, was exacting and required rare judgment, but in its prosecution the greatest of economy was exercised and less than \$1,000 were spent for organization, books, postage, telegrams and everything incident to proper equipment. The Controller feels that he has not discharged his duty without commending them for the example they set in their work. If other departments had been governed by the same public spirit the tax rate would be insignificant.

THE DEFICIENCY.

That the reduction of 1901 deficiency during the fiscal year 1902 may be fully understood, the items from which the deficiency was made up are herein restated, as follows:

Outstanding warrants of 1901, January 31st, 1902.....	\$ 426,755 20
Outstanding warrants of prior years	4,232 70
Appropriation balances for which no cash was provided	702,078 90

DEFICIENCY 1902.

Warrants of 1902 outstanding January 31st, 1903.....	\$ 14,964 38
Warrants of prior years outstanding January 31st, 1903	5,434 85
Unexpended balances in General Appropriations for which no money on hand..	832,104 61
Balances on uncompleted contracts for which no money on hand.....	176,349 98
	\$1,028,853 82

LESS CREDIT.

Free cash in treasury, January 31, 1903	\$ 44,931 03
Above general balances in excess of current needs merged into Appropriations of 1903	832,104 61
Balances due on uncompleted contracts which are provided for in appropriations of 1903	176,349 98
	\$1,053,385 62
Excess of credit.....	\$ 24,531 80
Less unpaid Department bills of 1902 deferred for lack of cash, the new charter having prohibited the borrowing of money to pay same (liberally estimated)	\$425,000 00
Making up present deficiency or the total amount unprovided for at close of fiscal year, January 31st, 1903.....	\$400,468 20

In conclusion, the Controller desires to thank Messrs. Morrow, Phelps, Kimball and the clerks associated with his office for their unremitting zeal in the discharge of its onerous and growing business, as well as the Finance Committee for its general concurrence; and also, those members of Councils who have courteously aided him in every effort he has made to meet public wants.

Very respectfully submitted.

PITTSBURGH, May 4, 1903.

Council met pursuant to the following Call:

PITTSBURGH, PA., April 29, 1903.

W. C. GEARING, Esq.,

Clerk of Common Council of the
City of Pittsburgh, Pa.:

DEAR SIR:—Please call a special meeting of
Common Council for Monday, May 4, 1903, at
8 o'clock p. m., for the purpose of taking up
unfinished business and such other business
as may be brought before the meeting.

C. S. CRAWFORD,

President of Common Council.

Which was read and received.

Present—Messrs.

Hughes	Schuck	

Crawford, C. S., President.

Absent—Messrs.

Brown Hogue O'Brien, M. E.

On motion of Mr. Reckert the reading of the
minutes of the previous meeting was dis-
posed with.

Mr. Brand called up

C. C. Bill No. 951. An Ordinance
entitled "An Ordinance authorizing and
directing the purchase of a tract of land
for park purposes, situate in the Twenty-

second ward of the City of Pittsburgh, from
William Flinn and the estate of Christopher
L. Magee, deceased, and providing for the
payment of purchase money therefor out of
the proceeds of the sale of bonds for park
purposes."

And moved to reconsider the vote on second
reading of April 27, 1903, by which the bill was
rejected.

Mr. D. F. Crawford arose to a point of
order, stating "That the meeting had been
called for the purpose of considering un-
finished business, and the business was on
the condemnation ordinance."

The Chair:

"The rule on special meetings is
that the first business to be considered is
the business for which the meeting is called,
but there is also a rule of Council that a mo-
tion to reconsider takes precedence over all
other motions. I therefore rule the motion to
reconsider in order."

Mr. Wymard arose and asked that the
opinion of the City Solicitor be read for the
information of Council.

The Chair:

"The opinion will be read at the proper
time. The question is 'Shall the vote be re-
considered by which Common Council Bill No.
951 was rejected on second reading?'"

The question being put, it was decided in
the affirmative.

The Chair took up

C. C. Bill No. 1049. An Ordinance
appropriating for public park purposes a cer-
tain lot or piece of ground belonging to Wm.
Flinn and the estate of Christopher L. Magee,
deceased, or whomsoever may be the owner,
situate in the Twenty-second ward of the
City of Pittsburgh, having a frontage on the
north line of Woodlawn avenue of 163.25 feet
and adjoining Schenley park on the east, and
being the same piece of ground which Daniel
O. Barr, by deed dated February 21, 1891, re-
corded in Recorder's Office in and for Alle-
gheny county, in Deed Book vol. page,
conveyed to William Flinn and Christopher
L. Magee, authorizing condemnation pro-
ceedings, the giving of security for the pay-
ment of damages, and providing for the
payment of the damages.

In Common Council April 27, 1903. Motion
made to indefinitely postpone further action
upon the bill and motion laid on the table. Bill
referred to the City Solicitor for a written
opinion as to the advisability of securing the
property by condemnation proceedings. The
vote on motion to lay on table the motion to
indefinitely postpone, reconsidered, put again
and carried.

Mr. Brand arose and asked what business was before the meeting?

The Chair:

"The question before the meeting is the motion to indefinitely postpone action upon the bill. At the last meeting the motion was made to indefinitely postpone, and a motion then made to lay on the table. The bill comes up under unfinished business with that motion attached."

Mr. Brand:

"Was there not a motion made at last meeting to lay the motion to indefinitely postpone on the table?"

The Chair:

"There was such a motion, but when the bill comes up, it comes up on the motion to indefinitely postpone."

Mr. Brand:

"I made a motion at the last meeting to lay the motion to indefinitely postpone on the table. It was laid on the table, and it cannot be acted upon unless a motion is made to take it from the table."

The Chair:

"The Chair hasn't any desire to be arbitrary in the matter. I want to have the thing perfectly fair, perfectly legal and perfectly regular. If the gentleman still insists that a motion should be made to take up the motion to lay on the table, I will put the question."

Mr. Brand:

"I ask for the reading of the rule, and submit to Council a decision of the House of Representatives, which I will read: 'That inasmuch as the resolution was placed on the table by a vote of the House, that a motion to now proceed to its consideration is not in order, for the reason that a motion must first be made to take it from the table. The Chair decided the point well taken.—Journal of House of Representatives, 1893, page 977.'"

The Chair:

"We have a rule in Council that is not in harmony with this. That rule is that when it has been laid on the table it comes up as unfinished business. It is before us then as such. We have a rule of that kind. I think it is properly before us with the motion to lay on the table attached. The question is, 'Whether the ordinance shall be indefinitely postponed?'"

Mr. Reitz:

"Mr. President, would it not be well to have the opinion of the City Solicitor read at this time; it may have some bearing on the matter."

The Chair:

"The Clerk will read the opinion."

The Chair presented

No. 1078.

PITTSBURGH, PA., April 30, 1908.

W. B. RODGERS, Esq.,
City Solicitor.

DEAR SIR:

I have the honor to transmit herewith Common Council Bill No. 1049, An Ordinance entitled "An Ordinance appropriating for park purposes a certain lot or piece of ground belonging to William Flinn and the estate of Christopher L. Magee, deceased, etc.," which in Common Council, April 27, 1908, was

read and referred to the City Solicitor for a written opinion as to the advisability of securing the property by condemnation proceedings.

Yours very respectfully,

W. C. HEARING,
Clerk of Common Council.

To the Common Council of the City of Pittsburgh:

There has been transmitted to me Common Council Bill No. 1049, which is a proposed ordinance for the appropriation of certain land belonging to the estate of C. L. Magee, deceased, and Wm. Flinn. This bill, as appears by communication from your clerk, which is hereto attached, was referred to me for a written opinion as to the advisability of securing the property by condemnation proceedings.

I presume that you desire me to give you some idea of the proceedings to condemn, and the time required and the city's position in case you conclude to condemn.

The law gives you the right to condemn when the owner is unwilling to sell or you cannot agree upon terms. In that event, the city can give its bond to the owners, or in case of their refusal to accept it may be filed in court. Upon the approval of the bond the city may enter upon, take and use the land for park purposes.

The damages are to be ascertained in the first instance by viewers. When their report is filed, exceptions may be filed to the report, and the Court may confirm or modify, change or otherwise correct the report, or send it back to the same or new viewers, or either party may, when the report is filed, or within thirty days, appeal and demand a trial by jury, and in that event the case goes down for trial and is reached in its order and tried as other cases of condemnation. If there are any errors alleged, either by the Court on hearing the exceptions or at the trial, an appeal may be taken to the Supreme Court.

I would suppose that the case could not be gotten to trial in less than a year.

It is probable, that if the city files its bond it cannot retrace its steps and withdraw from the proceedings. If it files its bond and takes possession undoubtedly it cannot withdraw and will be liable for whatever damages may be ultimately recovered against it.

Respectfully submitted,

May 4, 1908.

W. B. RODGERS,
City Solicitor

Which was read.

Mr. Wasson moved

That the opinion be received and filed.

Which motion prevailed.

And upon which motion to indefinitely postpone, Mr. D. F. Crawford demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Armstrong	Leslie	Shaw
Barker	Lewis, John	Sheehan
Barr	Moore	Stevenson
Beckert	Reitz	Wasson
Brand	Rodgers	West
Cavett	Schwarzelder	Wolfe

Hughes	Schad	

Crawford, C. S., President.

Before the announcement of the vote Mr. Beckert asked and obtained leave to change his vote from aye to no.

And the AYES were 19; NOES, 28.

So the motion did not prevail.

Mr. D. F. Crawford moved.

A suspension of the rule to allow the second and third readings and final passage of the bill.

Mr. Leslie:

"This motion is out of order, as the bill has not been considered on first reading, it having come from committee with a negative recommendation."

Mr. D. F. Crawford moved

That Council proceed with the consideration of the bill.

Which motion prevailed.

The Chair:

"I think it would be well to read the bill in full for the benefit of the members not familiar with it."

Mr. Leslie:

"I ask that we proceed in regular order; that the title of the bill be read."

The title of the bill having been read

Mr. D. F. Crawford moved

That the rule be suspended in order that the bill may be placed on second and third readings and final passage.

Upon which motion Mr. Leslie demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Baldauf	Hughes	Schad
Beckert	Jack	Schuck
Bechner	Lamb	Shearer

AYES—28.

NOES—19.

And there not being three-fourths of the votes in the affirmative, the motion did not prevail.

Mr. Stevenson:

"There is a committee here from the Chamber of Commerce. If it is the pleasure of Council I would ask the privilege that they be heard."

Mr. Beckert:

We all understand this proposition, and I am opposed to having committees coming here to tell us what to do.

The Chair:

"I think out of courtesy this Council should hear any remarks these gentlemen have to make."

Whereupon Mr. Beckert withdrew his objections.

And Messrs. J. H. Willock, Geo. H. Anderson and J. H. Pugh, of the Chamber of Commerce, spoke; Mr. Willock presented and read the following resolution:

CHAMBER OF COMMERCE OF PITTSBURGH.

Certified copy of Resolution unanimously adopted at a Special Meeting of the Chamber of Commerce of Pittsburgh, held Monday, May 4, 1903.

WHEREAS, Andrew Carnegie has offered as a capstone to his splendid efforts to add to the welfare of the City of Pittsburgh, a School of Technology, which he proposes to erect, equip and maintain by endowment, on the simple condition that the city provide a site; and

WHEREAS, In the opinion of this meeting, such a proposition ensures, primarily, to the benefit of the aspiring, earnest and intelligent young man or woman, unable, otherwise, to acquire an education, and, ultimately, to the glory and profit of this great manufacturing community; and

WHEREAS, A site suitable for said school has been chosen by Mr. Carnegie, and has met with the approval of the people, almost without exception, the price asked being in the opinion of those best informed fair and reasonable; and

WHEREAS, By a recent Act of the Legislature of Pennsylvania, the City of Pittsburgh is empowered to use certain money in the City Treasury for the purchase of this land, and permit the erection thereon of the school buildings; and

WHEREAS, There are now before Common Councils two ordinances, one for condemning the property in question, which would, beyond doubt, result in obstruction and serious delay; the other for the speedy purchase of the land, thus insuring the erection of the school at an early date; now, therefore,

Resolved, That the Chamber of Commerce of Pittsburgh earnestly protests against the passage of said condemnation ordinance, for the reasons given, and calls upon the members of Councils to enact, without delay, the ordinance providing for the purchase of the site in fee simple, thus rendering a service to the people of this community, already too long delayed.

I hereby certify that the foregoing is a true and correct copy of resolution adopted unanimously by the Chamber of Commerce of Pittsburgh, May 4, 1903.

[SEAL.] GEO. H. ANDERSON,

Chamber of Commerce, Secretary.

Mr. Stevenson presented

No. 1091.

To the Honorable, Select and Common Councils of the City of Pittsburgh, Pa.:

GENTLEMEN:—On Wednesday, April 23, 1903, about 10:30 a. m., one of our teams was delivering a load of slack to one of our customers, and while passing along Penn avenue, at the corner of Fourth street, a piece of flooring board which was laying across the street car tracks, and being about eight feet long, struck the front wheel of the wagon, turned upwards and ran through the body of one of the horses about eighteen inches, causing its death. We had our veterinary surgeon, Dr. Boyd, at the scene immediately, and after ascertaining that the injury was fatal, the horse was shot by an agent of the Humane Society.

The team referred to had only been purchased a few days previous, costing \$500, and this was the best horse of the two.

I therefore pray your honorable bodies to reimburse me for the loss of the horse, as per the enclosed bill, as it was clearly neglect that the obstacle should have been in the street.

Hoping that you may grant the petition, I am,

Yours respectfully,

WM. G. LEE.

And a vote being taken on the motion to recommit, it was decided in the affirmative.

Mr. Wasson asked and obtained leave to present

No. 1118.

Whereas, The Director of the Department of Collector of Delinquent Taxes in the City of Pittsburgh is by law authorized to add to the amount of all taxes certified to him as being delinquent a certain per centum, and collect and retain the same for his own compensation and for the purpose of defraying the expenses of said department; and

Whereas, The number of persons employed in said department, their salaries and duties are not now determined by ordinance, but are determined solely by the Director thereof; and

Whereas, The Act of the General Assembly of the Commonwealth of Pennsylvania, dated the 20th day of June, 1901, Section 3, provides, *inter alia*, "The head of this department (Collector of Delinquent Taxes) shall receive such compensation either by a stated salary or by fees as may be fixed by Councils;" and

Whereas, All political parties have given pledges to the people that the Director of said Department shall be paid a stipulated salary, that all fees collected shall accrue to the benefit of the city, and that said department shall be reorganized in harmony with the other departments in the municipal government; therefore, be it

Resolved, By Common Council, that the City Solicitor be and he is hereby directed, after consultation with the Mayor and the Director of the Department of Collector of Delinquent Taxes, and if the same be deemed valid under existing laws of the Commonwealth, to prepare and transmit to this body for consideration at its next regular meeting, such ordinance or ordinances as hereafter will provide for the payment of a stipulated salary to the Director of the Department of Collector of Delinquent Taxes, the number of persons to be employed in said department, the duties and salaries thereof, and the payment into the treasury of the city of all fees now collected and retained by said Director; or failing in this, to make full report in the premises.

Which was read.

Mr. D. F. Crawford arose to take the floor.

Mr. Wasson arose at the same time and asked the privilege of the floor that he might speak upon the resolution, he having presented it.

The Chair decided that Mr. D. F. Crawford had the floor.

Mr. Crawford moved

That the resolution be referred to a special committee of three to report at next meeting of Council.

Mr. Leslie moved

That the resolution be referred to the Committee on Finance, and read section of Charter Ordinance relating to duties of that committee, and asked the Chair whether it could be referred to a special committee in preference to the general Committee on Finance.

The **Chair** ruled that the section referred to related to ordinances of a permanent character, and as the resolution before Council was not the motion to refer to special committee of three, was in order.

And on the question "To refer the resolution to the Committee on Finance" Mr. **Wasson** demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

UNFINISHED BUSINESS OF COMMON COUNCIL.

C. C. Bill No. 1049. An Ordinance appropriating for public park purposes a certain lot or piece of ground belonging to Wm. Flinn and the estate of Christopher L. Magee,

deceased, or whomsoever may be the owner, situate in the Twenty-second ward of the City of Pittsburgh, having a frontage on the north line of Woodlawn avenue of 163.25 feet and adjoining Schenley park on the east, and being the same piece of ground which Daniel O. Barr, by deed dated February 21, 1891, recorded in Recorder's Office in and for Allegheny county, in Deed Book vol. page, conveyed to William Flinn and Christopher L. Magee, authorizing condemnation proceedings, the giving of security for the payment of damages, and providing for the payment of the damages.

In Common Council April 27, 1903. Returned from the Committee on Finance with a negative recommendation and referred to the City Solicitor for an opinion.

In Common Council May 4, 1903. Read a first time.

Which was read.

Mr. D. F. Crawford moved

That further action upon the bill be indefinitely postponed.

President **Crawford** called Mr. **McNeill** to the Chair, and taking the floor said it was his intention to vote for the motion and that he would vote for the purchase ordinance, and called upon the members of Council to do the same. He then began reading a communication from Mr. Edward M. Bigelow, Director of Department of Public Works, relative to the matter.

Whereupon Mr. **Wasson** arose to a point of order, stating that at this time a communication from a Department was not receivable, but should come through the Mayor.

The **Chair** (Mr. **McNeill**) decided the point of order was not well taken. Council has received communications before, and there was no reason why it should not receive this one.

Mr. Leslie moved

That further reading of the communication be postponed until after the members of Council have had an opportunity to speak.

Which motion did not prevail. Upon a division of the vote the Ayes were 18, Noes 26.

Mr. Crawford again began reading the communication from the Director of Department of Public Works.

Whereupon Mr. **Brand** arose to a point of order, stating that a motion to indefinitely postpone was not debatable.

The **Chair** (Mr. **McNeill**) decided the point of order well taken.

And the question being on the motion to indefinitely postpone it was decided in the affirmative.

Mr. Stevenson moved

That Council receive the communication from the Director of Department of Public Works.

Which motion prevailed.

Mr. C. S. Crawford presented

No. 1119.

To the Select and Common Councils of the City of Pittsburgh:

GENTLEMEN:—Inasmuch as your honorable bodies have now under consideration the purchase of land as a site for the technical school which Mr. Carnegie offers to the municipality, it becomes my duty to submit certain facts and recommendations which are of importance if this matter is to be equitably and wisely determined.

Prior to the erection of the Carnegie Library, I had the honor of urging upon Mr. Carnegie the advisability of giving to this city of great industrial enterprises an industrial school in preference to an institution of any other character. He refused, stating that libraries were his hobby, and that other rich men of Pittsburgh could build the industrial schools. In 1889 Mr. Carnegie gave a large sum of money to the town of Dunfermline, Scotland, for an industrial school. On his return to this country I drew his attention to the fact that he had broken his rule. It was then that the design of the Pittsburgh Industrial school came into being. On May 3, 1900, Mr. Carnegie showed me his plans for the institution, including his idea of the cost of construction and endowment, and asked me to secure as a site the tract of eleven acres on Forbes street, owned by Mrs. Schenley. In pursuance of his request, I submitted the matter to Mrs. Schenley, learned her ideas as to the value of the land, and found her disposed to act liberally. The interest of Councils was enlisted and a committee was appointed to take the matter in hand. That committee, under some unseen influence, collapsed and never reported. My expulsion from office followed and, as far as the city government was concerned, the project became a dead letter.

After my reappointment in 1901, I visited the Schenley tract in company with Mr. Carnegie. We also called upon W. B. Rodgers, Esq., who assured us that the ground could be legitimately purchased and paid for out of the fund for the purchase of park land. In view of Mrs. Schenley's liberal disposition, condemnation proceedings were not considered. The next step was the revival of interest in Councils. The appointment of a new committee on the technical school was secured. That committee still exists, but it has never been consulted in reference to the site under consideration. The matter was taken out of its hands by a self-constituted committee, composed of Mr. W. N. Frew and others. By ignoring the properly authorized committee of Councils and addressing themselves to these persons, the owners of the thirty-two-acre tract adjoining Schenley Park secured its adoption.

That tract alone is now before you, and the question to be determined is simply that of taking the property and providing money to pay for it. As the executive officer primarily responsible in such matters, it is my duty to secure that property at an equitable price, and to this end I feel in duty bound to recommend that the property be taken by condemnation proceedings, for the reason that the price asked is in excess of the real value. My estimate of the value is not haphazard. In 1889 I obtained an option on this same property and five acres more at \$37,500.00, and offered it for this amount to the Councils of the city. The offer was declined, for the reason that the property was not then considered to be worth the money. Since that time there has been no material change in environment. Nothing has been added or taken away to improve the land and enhance its value. Allowing for the largest possible increment, in sympathy with the general advance in value, \$250,000.00 would be an extravagant appraisal to-day.

It has been the experience of the municipality that condemnation proceedings are the only effective test of the value of property to be taken for municipal purposes. The Casino site at the entrance of Schenley Park was offered to the city for \$150,000.00. The viewers

gave a verdict of \$50,000.00, and four years later a jury confirmed the viewers' report with costs and interest added. The Schenberger property in Lawrenceville was held at \$70,000.00, and an attempt was made to pass an ordinance authorizing its purchase at that price. It was condemned and secured for \$44,000.00, which amount included interest and costs.

I recommended the resort to condemnation proceedings in the present case as a step in the direction of better government, involving the application of business principles to the administration of public affairs. Being satisfied that the price demanded for the proposed school site is far beyond its value, I regard it as a matter of conscience that the proper method of ascertaining the real value should be applied.

This statement is, therefore, transmitted to you for your information and guidance as the body which is authorized under the city charter to direct the expenditure of public money.

In conclusion, permit me to say that if in your opinion the public demand the taking of this particular property without regard to the real value, it is my duty to obey your wishes in the matter, and I withdraw further opposition to acquiring the same by direct purchase.

Very respectfully,

E. M. BIGELOW,

Director Department of Public Works.

Which was read, received and filed.

Mr. Stevenson called up

C. C. Bill No. 951. An Ordinance entitled "An Ordinance authorizing and directing the purchase of a tract of land for park purposes, situate in the Twenty-second ward of the City of Pittsburgh, from William Flinn and the estate of Christopher L. March 19, 1908.

JOHN B. LARKIN, Esq.,

City Controller, City of Pittsburgh.

DEAR SIR—I herewith submit the following bid for the purchase of the hereinafter described lots of ground situate in the Nineteenth (19) ward, Pittsburgh, the title to said lots being now in the City of Pittsburgh (subject, however, to the lien of a purchase money mortgage for \$4,400.00, now held by Anna L. Caldwell, recorded in Mortgage Book, vol. 156, page 159, with accrued interest thereon from 1872), said lots having been purchased by the City of Pittsburgh at Sheriff's sale for delinquent taxes upon June 4, 1900, on Lev. Fa. No. 588, December Term, 1897, D.T.D., and sold as the property of James Meldrum (or Muldrum).

I will pay the sum of Five Hundred and Ten Dollars (\$510.00) cash for said lots—the city to execute and deliver the proper and necessary conveyances and assurances therefor.

Said lots are together bounded and described as follows, viz.:

All those certain lots or pieces of ground situated in the Nineteenth ward of the City of Pittsburgh, bounded and described as follows:

Being lots Nos. 56, 57, 58, 59, 60, 61, 62, 63, 64, 65 and 66 in M. & F. O'Hara Plan of Lots, recorded in Plan Book, vol. 4, page 259. Each lot fronting nineteen (19) feet on the north side of Jordan alley, and extending back fifty-four (54) feet to the line of property now or late of Mary Ann Menold.

Respectfully submitted,

DENNIS A. BEHEN.

Also

No. 1121. An Ordinance authorizing and directing the sale to Dennis A. Behen of eleven (11) certain lots or pieces of ground on the north side of Jordan alley, in the Nineteenth ward of the City of Pittsburgh, and authorizing and directing the Mayor and City Controller to make and execute a deed in the name of the City of Pittsburgh to the purchaser upon the payment of the purchase money therefor.

Which was referred to the Committee on Finance.

Mr. McNeill presented

No. 1128.

PITTSBURGH, May 14, 1903.

To the Select and Common Councils:

GENTLEMEN: On February 9, 1898, while a member of Engine Company No. 2, P. B. F., and on duty at the Pike street fire, I had both legs taken off by an explosion, and by order of Ex-City Physician Dr. R. L. Taylor was removed to the Homeopathic hospital, where I remained for three (3) months.

After leaving the hospital it was five (5) months before I was able to have artificial limbs adjusted.

November 17, 1898, I was appointed a fire alarm operator in the Bureau of Electricity, which position I still hold.

During the time I was injured I received none of my wages and no money except what was due me from the Disability Fund. Understanding that there is an ordinance in effect allowing firemen to be paid their salary while injured on duty, I would respectfully ask what disposition is going to be made of my case.

Yours respectfully,

ROBT. ROSENMUND,
Fire Alarm Office.

I certify that the above statement as to injuries received by Mr. Rosenmund are correct.

R. L. TAYLOR.

I certify that the records of the Homeopathic hospital show that Mr. Rosenmund was received on February 10, 1898, and discharged May 4, 1898.

P. K. BECHTEL,

Superintendent Homeopathic Medical and Surgical Hospital and Dispensary.

Also

1129. Resolution authorizing the issuing of a warrant in favor of Robert Rosenmund for

injuries received while on duty at the Pike street fire, as set forth in accompanying petition.

Also

No. 1130. An Ordinance authorizing the transfer of four thousand dollars (\$4,000.00) from Appropriation No. 21 to Appropriation No. 32.

Also

No. 1131. An Ordinance abolishing the positions of Plug Inspectors in the Bureau of Fire.

Also

No. 1132. An Ordinance authorizing the appointment of certain persons in the Department of Public Works, and fixing their salaries.

Also

No. 1133. An Ordinance authorizing and directing the Department of Public Works to take charge of and be responsible for the location and maintenance of all fire hydrants.

Also

No. 1134. An Ordinance providing for the letting of a contract or contracts for the laying of a water main for supplying what is known as the Squirrel Hill district.

Which were severally referred to the Committee on Finance.

Also

No. 1135. An Ordinance authorizing the grading, paving and curbing of Redoubt way from Water street to First avenue.

Which was referred to the Committee on Public Works.

Mr. Brand presented

No. 1136. An Ordinance granting to Henry W. Oliver the right to enter upon, use and occupy Sixth avenue, in the City of Pittsburgh, for the purpose of constructing and maintaining a conduit, subway or tunnel for the transmission, conveyance and supply of heat, power and light to property and buildings of the said Henry W. Oliver.

Which was referred to the Committee on Corporations.

Mr. Bole presented

No. 1137. An Ordinance establishing the grade of Omega street, from Station street to Everett street.

Which was referred to the Committee on Surveys.

Also

No. 1138. An Ordinance amending Section 1 of an ordinance entitled "An Ordinance fixing the number and salaries of officers and employes in the Department of Public Safety," approved April 9, 1903.

Which was referred to the Committee on Finance.

Mr. Brown presented

No. 1139. Petition for the laying of water pipe on Gross street, from Penn avenue southwardly.

Which was referred to the Department of Public Works.

Mr. Wymard presented

No. 1140. An Ordinance establishing the grade of Braddock avenue, from Hamilton avenue to Mulford street.

Also

No. 1141. An Ordinance establishing the grade of Mt. Vernon street, from Homewood avenue to Collins street.

Which were referred to the Committee on Surveys.

Also

No. 1142. An Ordinance authorizing the construction of a sewer on Murland street (east and west sidewalks), from points on east and west sidewalks 25 feet north of Upland street to Chaucer street.

Which was referred to the Committee on Public Works.

Mr. Barker presented

No. 1143. An Ordinance authorizing the construction of a sewer on Greenfield avenue (north sidewalk, east sidewalk and on center line), from end of present sewer near west side of Frank street to present sewer under Greenfield avenue bridge, with branch sewer as follows: Graphic street, from Killey-Moon street to Greenfield avenue; Lilac street, from crown on Lilac street about 670 feet east of Graphic street to Graphic street; Killey-Moon street, Graphic street and Monitor street, from crown on Killey-Moon street about 760 feet east of Graphic street to sewer on Greenfield avenue near east end of bridge; Middleton street, from a point on Middleton street about 590 feet east of Killey-Moon street to Killey-Moon street; Flemington street, from crown about 300 feet east of Graphic street to Graphic street. Also on Monitor street, from crown about 225 feet east of Graphic street to Graphic street.

Which was referred to the Committee on Public Works.

Mr. Sabner presented

No. 1144. An Ordinance authorizing the grading, paving and curbing of Oporto street, from the south line of St. Paul street to the north curb line of Erie street.

Mr. Sabner asked that the bill be referred to the City Solicitor for an opinion, and the opinion and bill be referred to the Committee on Public Works.

And the bill was so referred.

In Common Council May 11, 1903, presented from Committee on Finance, and the bill not having been printed as required by Act of Assembly, no action was taken.

Which was read.

Mr. Stevenson moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Leslie moved

To amend the bill in Section 1 by striking out the words, "City Recorder" and inserting in lieu thereof the word "Mayor."

Which motion prevailed and the bill laid over for reprinting.

Mr. D. F. Crawford reported on C. C. No. 1118, Resolution relating to compensation of Collector of Delinquent Taxes, stating that the Committee had met with First Assistant City Solicitor, and that he desired more time on the matter, that the City Solicitor was not present at the meeting, and that the committee desired his opinion before making any recommendation, and asked that the committee be continued.

And there being no objection the committee was continued.

Mr. Leslie reported, from the special committee appointed March 30, 1903, with a negative recommendation.

C. C. Bill No. 1003. An Ordinance entitled "An Ordinance relating to contracts between the City of Pittsburgh and contractors doing public work for the same, regulating the manner and time of payment for work and material done and furnished under such contracts." Approved May 20, 1892.

Mr. Martin presented

No. 1146.

PITTSBURGH, PA., May 21, 1903.

To the Honorable Select and Common Councils of the City of Pittsburgh:

We, the undersigned, citizens of the City of Pittsburgh, respectfully beg leave to present to you this, their remonstrance against the passage of a certain ordinance, whereby it is proposed to take and give additional privileges and a certain portion of the Monongahela wharf, between Smithfield street and Grant street, for the purpose of a railroad depot.

In our judgment, the passage of such an ordinance would be exceedingly injurious to the best interest of the community. The wharf facilities of the city are already too small by encroachments made upon them, and now that the Government of the United States has begun the improvements of the rivers, it should, we think, be apparent that the wharfage will be needed about the City of Pittsburgh very soon.

We do protest against the cession of this part of the wharf, to any private corporation, ground which has been given to the city in perpetuation for wharf purposes only, and which the Act of March 31, 1836, declared should be and remain a public wharf or landing forever.

Respectfully submitted.

To the Honorable, the Select and Common Councils, of the City of Pittsburgh:

We, the undersigned, citizens of the city of Pittsburgh, interested in the trade on the Ohio, Monongahela and Allegheny rivers, respectfully beg leave to present to you this, their remonstrance against the passage of a certain ordinance, whereby it is proposed to take a certain portion of the Allegheny wharf, between Ninth and Third streets in said city, for the purpose of railroad tracks, by the Pennsylvania Railroad.

In our judgment, the passage of such an ordinance would be exceedingly injurious to the best interests of the community. The wharf facilities of the city are already too small by encroachments made upon them, and now, that the Government of the United States has begun the improvements of the

rivers, it should, we think, be apparent that the wharfage will be needed about the city of Pittsburgh very soon.

A ship canal from Lake Erie to the Ohio River is in contemplation, as the growing demands of commerce are awakening and a renewed interest in water transportation is the result and it seems to us, therefore, specially unwise for a city located as Pittsburgh is, to deliberately seek to deprive herself of the means of handling the freights which the rivers must bring to and take from her wharves, hence the passage of this ordinance will be an irreparable injury to the great river interests of this city.

We do protest against the cession of this part of the wharf for the construction of railroad tracks to any private corporation, ground which has been given to the city in perpetuate for wharf purposes only, and which the Legislature of Pennsylvania, by Act of March 31, 1836, declared should be, and remain a public wharf or landing forever.

We believe other and better places can be found, without interfering in the slightest degree with other public interests and avoid the danger of encircling the city entirely by railroad tracks, owned by this great corporation, to the detriment of the great natural highway, and other means of transportation that may hereafter desire to seek entrance to this great city, and prevented by the topographical configuration of the county, and with the improved waterway now almost completed, affording facilities of transferring to all points which many interests and shippers will be completely barred from taking advantage of if this ordinance is passed.

We, therefore, pray your Honorable bodies to refuse to pass the said proposed ordinance.

No. 1179. Petition for the grading, paving and curbing of Hamilton avenue, between Oakwood street and the line dividing the Twenty-first and Thirty-seventh wards.

Also

No. 1180. An Ordinance authorizing the grading, paving and curbing of Hamilton avenue, from Oakwood street to the line dividing the Twenty-first and Thirty-seventh wards.

Which was referred to the Committee on Public Works.

There being no business from Select Council

The **Chair** called for reports of Committees of Common Council,

Mr. Stevenson:

"Mr. President, this is not the order of business which you established at the second stated meeting in April."

The **Chair:**

"We are proceeding in the regular order of business as laid down by the rules of Council, which you will find in your manual."

Mr. Stevenson:

"Then, Mr. President, I rise to a point of order. At a meeting of Council on April 27, 1903, the Chair ruled that, at the second regular meeting of Council in the month, that after the calling of the wards and business from Select Council, the regular order of business was unfinished business of Common Council."

The **Chair:**

"The Chair made no such ruling, and we are proceeding in the order of business as laid down in the Manual. If the member will look at his Manual he will see that the regular order of business is the reports of committees."

Mr. Stevenson:

"I have here the Manual and the order of business, but that is not the order of business established at that meeting."

The **Chair:**

"I cannot see what you are driving at. Please state what it is you want."

Mr. Stevenson:

"Mr. President, I want to know how you are conducting the business of this Council; if it is in accordance with the rules as laid down in the Manual, or according to the ruling you made at the second stated meeting in April, when the Technological School measure was before Council?"

The **Chair:**

"You ought to know; you have been here long enough."

Mr. Stevenson:

"I want a ruling from the Chair."

The **Chair:**

"The business of this meeting is in accordance with the rules as laid down in the Manual."

Mr. Stevenson then produced a copy of the minutes of April 27, which he read.

The **Chair:**

"If the minutes are wrong, why don't you correct them?"

Mr. Stevenson:

"Then, Mr. President, I move to amend the minutes of April 27, that the record may be correct."

Mr. Leslie arose to a point of order, stating that the minutes of that meeting were approved on May 4, and therefore could not be changed.

The **Chair** decided the point of order well taken.

Mr. Stevenson:

"Then, Mr. President, I appeal from the decision of the Chair in the matter of procedure."

Whereupon President Crawford called Mr. Brown to the Chair.

The Chair (Mr. Brown):

"The question before Council is on the appeal from the decision of the Chair, by the member from the Fourteenth ward, on the order of business of Council."

Mr. Stevenson stated his position in the matter, and began reading the minutes of Council of April 27.

Mr. Brand arose to a point of order, stating that the appeal was not on the minutes of Council, but on the rule on proceedings of Council.

The Chair (Mr. Brown) decided the point of order well taken.

Mr. Stevenson said it was his purpose to establish a rule on the regular order of business of this Council.

The Chair (Mr. Brown) put the question: "Shall the decision of the Chair be sustained?"

Mr. Beckert demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Armstrong	Fitzpatrick	Sahner

Mr. Stevenson asked and obtained leave to present

No. 1183.

PITTSBURGH, PA., May 25, 1903.

To the President and Members of Common Council:

GENTLEMEN:—For some months numerous and conflicting reports have reached me touching the conduct and integrity of a number of officials or employees of the Board of Health. At first these reports were indefinite and difficult of verification, although every endeavor was made to establish their truth or falsity.

Six or seven months have now elapsed since I began making inquiry, and the re-statement of the charges in one form or another, month after month, since, makes it imperative on me, in the discharge of my duty, to report a condition of affairs which, if true, is not only discreditable to the Bureau of Health, but shows gross mismanagement in its conduct.

That a full and and impartial investigation of the charge affecting this branch of the Department of Public Safety may be made, I request the appointment of a committee, clothed with full authority to summon officials, employees and others before it, and make demand for such books and papers as may in any manner touch upon or relate to the matter complained of.

Respectfully submitted,

J. B. LARKIN,

City Controller.

Which was read, received and filed.

Also

No. 1184.

A Resolution authorizing the appointment of a Joint Committee to investigate certain charges of irregularity and misconduct of certain employees of the Bureau of Health.

Whereas, A communication has been received from the City Controller, in which he states that there are reasonable grounds for certain charges of irregularity and misconduct on the part of some of the officials or employees connected with the Bureau of Health, which, if proven, are calculated to bring discredit not only on the Bureau itself, but on the general Municipal Government; therefore, be it

Resolved, That upon the adoption of this resolution a Joint Committee shall be appointed, consisting of two members of the Select Branch, to be designated by the President thereof, and three members of the Common Branch, to be designated by the President thereof, whose duty it shall be to investigate the matters set forth in the communication of the Controller as aforesaid, as well as all other matters and conditions relating to the conduct, management and accounts of the Bureau of Health, and to report its findings of fact, together with such recommendations as may be deemed proper.

Resolved, That for the purpose of such investigation said committee shall be clothed with full power and authority to make a full investigation and inquest into any and all charges of irregularity, malfeasance and misconduct on the part of any official or employee connected with the Bureau of Health;

and for such purpose it is hereby authorized and empowered, to examine, under oath, any person or persons, or any official or employee of the city.

Resolved, That, for the purposes aforesaid, the said committee is hereby authorized and empowered to issue subpoenas in conformity with the Act of Assembly for the attendance of such witnesses as they may deem necessary.

Which was read.

Mr. Stevenson moved

That the resolution be adopted.

Which motion prevailed.

Mr. Sahnér called up

C. C. No. 1076. Agreement between the Pittsburgh, Virginia and Charleston Railway Company and the Pennsylvania Railroad, lessee of the Pittsburgh, Virginia and Charleston Railway, and the City of Pittsburgh, in revocation of certain streets.

In Common Council April 27, 1903. Read.

And the agreement having been read **Mr. Sahnér** moved to amend by inserting in said agreement that the said railroad companies open up a street between Josephine street and Plus street, from about South Fifteenth street to South Eighteenth street.

The Chair:

The motion is not in order, as the agreement cannot be amended. It would be better to refer to a committee and have it submitted to the railroad company for their approval.

Mr. Sahnér moved

To refer to a special committee of three.

Which motion prevailed.

The Chair appointing Messrs. **Sahnér**, **Baldauf** and **John Lewis**.

On motion of Mr. Lamb the reading of the minutes of the previous meeting was dispensed with.

The Clerk of Select Council having been introduced announced that Select Council was now ready to meet with Common Council in Joint Session for the purpose of election of a City Clerk and an Assistant City Clerk.

Mr. D. F. Crawford moved

That Select Council be notified that Common Council was now ready to meet with that body in Joint Session for election of City Clerks.

Which motion prevailed.

The Chair requested the Clerk of Select Council to notify that body that Common Council was ready to meet in Joint Session.

And Select Council having appeared and being so met in

JOINT SESSION

For the purpose of electing one person to be City Clerk and one person to be Assistant City Clerk, proceeded to said election.

The Chair said:

"You all know the purpose of this Joint Session. The Act of Assembly provides that at the first meeting in April in each third year a Joint Session to elect Clerks shall be held. For various reasons, not necessary to state, it was not held at that time. You are assembled now for the purpose of hearing nominations."

Mr. Douglas arose and said:

"I nominate for City Clerk, Edward Wakefield Hassler."

Mr. Upperman arose and said:

"I rise to place in nomination the name of one who came into the City Clerk's office in 1883. He came not here at his own choice, but his father had died but a few months previous, and at the death of the father they found that the boy of fifteen years must become the head of the family. They looked about and they found him a position as messenger to Councils. He served as messenger under George Sheppard. When Mr. Sheppard resigned the position of City Clerk and Mr. George Booth became his successor, this young man was made the Assistant City Clerk. He served under Mr. Booth, and to the credit of Mr. Booth, he early recognized the character and ability of this young man and took him under his care, and treated him as a loving father would treat his only child. When Mr. Elliott died, and the position of Director of the Department of Charities was offered to Mr. Booth, Mr. Booth absolutely refused to take it unless his protegee (the young man who, under his care, had received a knowledge of city affairs), was made the City Clerk. On June 26, 1893, this young man was made City Clerk, and how well he has discharged the duties of the office we cannot all testify to, but there has never been a complaint, and those who know—members of this body and the general public who had any business with the City Clerk's office—all found him affable and ready to show them every courtesy. He has served his duty in a manner that should insure his re-election. There has been no word of complaint as to the character of the man, as to his ability, or as to the way he discharged his duty, and I am proud that this young man comes from the ward I represent.

"I now have the honor to place in nomination the name of Edward J. Martin for City Clerk."

Mr. Benz seconded the nomination.

Mr. Shenkel moved

That the nominations close.

Which motion prevailed.

And the result of the voting was as follows:

For Edward Wakefield Hassler.

Messrs.

Baldauf	Lamb	Shaw
Beckert	Lauler	Shearer
Hole	Lewis, David	Soffel
Honini	Martin	Sterrett
Brown	McNeill	Stevenson
Crawford, D F	O'Brien M E	Walls
Delaney	Reltz	Willey
Fitzpatrick	Sahner	Wymard
Hughes	Schad	Zeuger
Jack	Schuck	

Crawford, C. S., President.

For Edward J. Martin.

Armstrong	Edwards	Rodgers
Barr	Hogue	Schwarzwaelder
Brand	Leslie	Semmelrock
Cavett	Lewis, John	Sheehan
Cross	Moore	West

And Edward Wakefield Hassler received fifty votes.

And Edward J. Martin received thirty-three votes.

And Edward Wakefield Hassler having received a majority of the votes of Councils was declared duly elected to the office of City Clerk for the ensuing term.

Mr. Sankey nominated William C. Gearing for Assistant City Clerk.

Mr. Brown nominated H. B. Davis for Assistant City Clerk.

Mr. Stewart moved

That the nominations close.

Which motion prevailed.

And the result of the voting was as follows:

For William C. Gearing:

Messrs.

Armstrong	Edwards	Rodgers
Barr	Hogue	Schwarzwaelder
Brand	Leslie	Semmelrock
Cavett	Lewis, John	Sheehan
Cross	Moore	West

For H. B. Davis:

Messrs.

Hughes	Sahner	Wymard
Jack	Schad	Zeuger

Crawford, C. S., President.

And William C. Gearing received thirty-three votes.

And H. B. Davis received fifty-one votes.

And H. B. Davis having received a majority of the votes of Councils was declared duly elected to the office of Assistant City Clerk for the ensuing term.

Mr. Wainwright moved

That the Joint Session do now adjourn.

Which motion prevailed.

And Select Council returned to its own chamber.

Mr. Brown moved

That the action of the Joint Session be ratified and confirmed.

Which motion prevailed.

And Mr. H. B. Davis being present took the oath of office, which was administered to him by President Crawford.

The Chair presented

No. 1230.

PITTSBURGH, PA., June 8, 1903.
To the members of Select and Common Councils, City:

DEAR SIRS—I desire to inform you that I am advised by the Director of the Department of Public Works that, owing to the manner of construction and the limited capacity of the dock situate on the Allegheny wharf, it is absolutely impossible to accommodate more than one patron, and therefore, in its present condition, it is impossible to comply with the law which requires that it must be kept and operated as a public dock for the use of the public.

I would therefore recommend to your honorable bodies that you take such action either to abolish the dock entirely or make sufficient appropriation for the purchase of necessary machinery in order that the public might be accommodated as they should be.

Respectfully submitted,

W. B. HAYS,
Mayor.

Mr. McNeill moved

AYES—27.

NOES—9.

Which motion prevailed.

And the bill was read a second time.

Mr. Stevenson moved

To amend the bill on page 21, by striking out Paragraph 30.

Which motion prevailed.

And the bill as read a second time and amended agreed to.

Mr. Stevenson presented

No. 1253.

Whereas, By the adoption of the new schedule of water rents, the assessment of the rates has been delayed and will not be ready for collection until after the first of July; now, therefore,

Resolved, That the time for the collection of the water rents for the year 1903 by the City Treasurer shall be and is hereby extended for a period of one month from the date the books are placed in his hands for collection.

Which was read.

Mr. Stevenson moved

A suspension of the rule in order that the resolution may be adopted.

Mr. Brand arose to a point of order, stating that under Article xlv, Section 4, of the Act of March 7, 1901, for the government of cities of the second class, wherein it reads: "All sessions of Councils, and of all committees and sub-committees thereof, shall be public. No ordinance or resolution shall be passed finally on the day of its introduction, except in case of public emergency, and then only when requested by the City Recorder (Mayor) and approved by the affirmative votes of all the members of Councils," the resolution could not be adopted at the same session during which it was introduced, even by a suspension of the rule of Council, as a suspension of the Council rule could not suspend the Act or Assembly.

President Crawford held that the Act of Assembly applied only to resolutions of a permanent character, in the nature of ordinances—the word "resolution" being coupled with the word "ordinance" in the Act—and did not apply to a resolution of a merely temporary nature, not designed to establish a rule or law of the municipal government, and he ruled that the point of order was not well taken.

Whereupon Mr. Brand appealed from the decision of the Chair.

President Crawford called Mr. Sahner to the chair. The Council being addressed by Mr. Brand in support of his point of order, and by President Crawford against the point, the question was put, viva voce, "Shall the decision of the Chair be sustained?"

And the decision of the Chair was sustained.

President Crawford resumed the chair.

And the question on the adoption of the resolution was decided in the affirmative.

The **Chair** announced

The appointment of Messrs. **Sahner, Bole** and **Thomas O'Brien**, in behalf of Common Council, upon the special joint committee to distribute the money appropriated for street repaving for the year 1903, Appropriation No. 37.

Also

Messrs. **Stevenson, Brown** and **Reitz**, in behalf of Common Council, upon the special joint committee to investigate the Bureau of Health.

And also

Messrs. **Bechner, Schuck** and **Martin**, in behalf of Common Council, upon the special joint committee to which was referred the communication from the Mayor relative to dock on Allegheny wharf.

BUSINESS FROM SELECT COUNCIL.

S. C. No. 634. Report of Committee on Finance transmitting S. C. Bill No. 538.

Which was read, received and filed.

Also

S. C. Bill No. 538. An Ordinance entitled "An Ordinance authorizing and directing the purchase for Public Park purposes of a lot or piece of ground belonging to Matthew Mahinney, situate in the Fourteenth ward of the City of Pittsburgh, fronting on Forbes street and extending back southwardly to property now or formerly of the Linden Land Company, and providing for the payment of the same."

Which was read.

Mr. **Stevenson** moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

AYES—Messrs.

Armstrong	Lamb	Schuck
Beckert	Lauler	Shearer
Behner	Leslie	Soffel
Brand	Lewis, David	Sterrett
Brown	Lewis, John	Stevenson
Crawford, D F	Martin	Walls
Cross	Moore	West
Delaney	McNell	Wiley
Edwards	O'Brien, Thos	Wolfe
Flitzpatrick	Reitz	Wynard
Hughes	Sahner	Zeuger
Jack		

Crawford, C. S., President.

AYES—35.

NOES—None.

And a majority of the votes of Common Council being in the affirmative, the bill passed finally.

The **Chair** announced

That there was considerable important business in Council to be acted upon within the next two or three weeks, and that his business would take him away from the city the greater part of the summer, and suggested that a President pro tem, be elected, in order that meetings may be called during the President's absence.

Mr. **Brown** arose and placed in nomination the name of Mr. **Gebhart Sahner**, of the Twenty-seventh ward, as president pro tem, to act during the absence of the President.

And there being no other nominations, and a majority of the votes of Common Council being in the affirmative, Mr. **Sahner** was elected President pro tem.

Mr. **Crawford (D. F.)** moved

That Council adjourn to meet next Monday evening, June 22, 1903, at 8 o'clock.

Which motion prevailed.

And Council adjourned.

Which was read.

Mr. Beckert moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Upon which motion Mr. Stevenson demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Armstrong	Fitzpatrick	Moore
Barker	Hogue	McNally
Barr	Hughes	O'Brien, M E

Sahner, Gebhart, President.

AYES—30.

NOES—17.

And the motion did not prevail.

Mr. Beckert moved

That the ordinance now under consideration be referred to a committee of five, who shall confer with the City Solicitor as to the legal features of the ordinance, and report back to Councils.

Mr. Leslie arose to a point of order, stating the ordinance was not before Council or under consideration, but the business of calling committees was before Council.

The Chair ruled the point of order not well taken, as it was in the form of a motion and not a resolution, and that the ordinance was before Council and it had been moved to refer it to a committee.

Mr. Leslie said:

"I would agree with the Chair, if the motion designated the ordinance by title and number of file, but it is not specific, and I would ask the Chair to rule the motion out of order."

The Chair ruled the point of order not well taken.

Whereupon Mr. Leslie appealed from the decision of the Chair, and President Sahner called Mr. McNeil to the Chair.

And Mr. Leslie spoke against sustaining the ruling of the Chair and President Sahner in favor of sustaining the ruling.

Mr. Leslie demanded a call of the ayes and noes, and the demand having been sustained, the Chair (Mr. McNeil) stated that the question was on an appeal from the decision of the Chair, and all those in favor of sustaining the Chair should vote "aye" and those opposing should vote "no," and the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

And the motion prevailed.

C. C. Bill No. 642. An Ordinance entitled "An Ordinance to authorize and direct the proper officers of the City of Pittsburgh, in the name and on behalf of said city, to enter into and execute a contract with The Pennsylvania Railroad Company whereby said railroad company may, within the limits of said city, relocate, change and elevate a part of its railroad now on Liberty street and the branches therefrom."

In Common Council June 22, 1903, read a first time and recommitted to the Committee on Corporations with instructions that it be returned to the next regular meeting of Council.

Mr. Stevenson moved

That the ordinance be referred to a special committee of five (5), and that the committee act under the following instructions:

1st. They shall require the Pennsylvania Railroad Company to furnish them with the plans of the proposed improvements, especially showing all elevations in detail.

2d. They shall hear all parties desirous of being heard upon the ordinance; and, to this end, they shall hold as many public meetings or hearings as shall be necessary.

3d. They shall confer with the City Attorney, and, together with him, shall prepare and recommend to Council such amendments to the ordinance as in their opinion shall be fair and just to the city and to the railroad alike.

4th. They shall further prepare and present to Council a written report giving a full and detailed explanation of the amendments recommended by them; and any minority member or members of said special committee shall have the right to present to Council a written report setting forth the views of said minority member or members upon the amendments recommended by the majority of the said special committee.

Mr. Leslie asked the Chair what position the bill occupied before Council.

The Chair stated

That the bill had been read a first time.

Mr. Leslie moved

To amend the motion by now taking up C. C. Bill No. 642, File No. 132, for second reading.

Mr. Stevenson arose to a point of order, stating that the amendment was not germane to the motion he had made.

The Chair ruled

That Mr. Leslie's motion was out of order, as it was entirely distinct from the motion made by the gentleman from the Fourteenth ward, and was not an amendment to the motion already made.

Whereupon Mr. Leslie appealed from the decision of the Chair.

President Crawford called Mr. Sahnner to the chair, and Mr. Leslie spoke against sustaining the ruling of the Chair, and President Crawford in favor of sustaining the ruling.

Mr. Brand demanded a call of the ayes and noes, and the demand having been sustained, the Chair (Mr. Sahnner) stated that the question was on an appeal from the decision of the Chair, and all those in favor of sustaining the Chair should vote "aye" and those opposing should vote "no," and the ayes and noes were ordered to be taken, and being taken were:

AYES—11.

NOES—31.

And the decision of the Chair was not sustained.

And President Crawford resumed the chair.

Mr. Stevenson moved

That the ordinance be laid on the table until such time as the Pennsylvania Railroad Company shall furnish Council with the complete plans of the proposed improvements, especially showing all elevations in detail.

Upon which motion Mr. Leslie demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

Mr. **Reltz** moved

That persons who were interested in the bill, and who were present, be allowed to speak on the bill, giving preference to the ladies.

Which motion prevailed,

The **Chair** stated

That they would be heard after the second reading of the bill.

And the bill was read a second time.

Mr. **Leslie** moved

To amend the bill by striking out on pages 13 and 14, lines Nos. 179 to 190, inclusive, as follows:

Third. Said city shall and will:

1. Change the grade of Penn avenue so that Penn avenue on said new grade shall be ap-

proximately level between a point two hundred and fifty (250) feet west of the west curb line of Third street and a point in the center line of Water street.

2. Furnish all material and perform all work incident to said change of grade of Penn avenue, and assume and pay all lawful claims for damage or injury to property resulting from said change of grade. Provided, however, that said railroad company shall not be entitled to damages for or by reason of anything herein mentioned with respect to property owned by said railroad company; and provided further, also, that the reasonable cost of the materials by said city agreed to be furnished, and of the work agreed by it agreed to be done, incident to said change of grade, all damages caused by any change of grade of any street or alley, or any part thereof, or any change of the lines of any street or alley or any part thereof, as herein provided, shall be charged to and paid by second party upon the completion of the work of changing said grade.

And substituting in lieu thereof:

(Section 2, Article 4, after line 178). The said railroad company shall indemnify and save harmless the said city from all damages which may be recovered against it arising out of the construction of the improvement herein provided for, or any damage or injury to property resulting therefrom by reason of any improvement, action or thing hereunder.

Which motion prevailed.

Mr. **Leslie** moved

To amend the bill by inserting the following:

(Section 2, Article 5). That any other railroad shall have the right, with the consent of Councils, to cross said viaduct, either above or below, and where said railroad crosses over said viaduct the clearance shall not be less than seventeen (17) feet six (6) inches.

Mr. **Stevenson** offered as a substitute to Mr. **Leslie's** amendment, and moved the adoption of the same:

3. That the said railroad company shall, on such terms as may be mutually agreed upon at any time hereafter, permit any transportation company having access thereto, and having first obtained permission from said city to cross or to use the whole or any part of said elevated tracks or other tracks, as herein specified, or any improvements or extensions thereof, for the purposes of its business; and should the said railroad company and the company or companies seeking the right to use or cross said tracks, fail to agree upon the terms and conditions therefor, the same shall be fixed and determined, without right of appeal, by a commission composed of the chief executive officer of said railroad company, the chief executive officer of the transportation company seeking the privilege, and the Mayor or then chief executive officer of said city. A violation of this clause shall entitle the said city by ordinance duly enacted to forfeit and annul the rights and privileges granted hereby, and cause forthwith the removal of any and all improvements made thereunder.

Which motion did not prevail.

And the question recurring on the motion of Mr. **Leslie**

Mr. **Reltz** demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Mr. Leslie moved

To amend the bill by inserting the following:

(Section 2, Article 6.) Said railroad company shall not use bituminous coal for fuel for locomotives used and operated on and over said elevated railroad, but coke or other non-smoke producing fuel shall be used for motor power. Provided that, for any violation of this section, said railroad company or any of its employees, upon conviction, shall forfeit and pay the sum of not more than one hundred dollars, or not less than twenty-five dollars per day for each locomotive so in use.

Which motion prevailed.

Mr. Stevenson moved

To amend the bill by inserting after line 196, on page 14, the following:

"And it is further mutually understood and agreed that the said railroad company for and during so long a time as said tracks and improvements herein specified are maintained and used, said rights and privileges are enjoyed, shall pay to the said city the sum of fifty thousand dollars per annum; said payment to be computed from the date of the completion of the work herein specified."

Mr. Armstrong requested

That the Pennsylvania Railroad Company representative be heard.

Mr. Patterson for the Pennsylvania Railroad Company stated that if compensation was asked the ordinance would be withdrawn.

Mr. J. Boyd Duff being allowed the privilege of the floor, presented through the Chair No. 1310.

Remonstrance of the Twentieth Century Club against the Pennsylvania Railroad Company relative to the elevation of tracks on Duquesne way.

Which was read, received and filed.

Mrs. Ammon, Miss Kennard and Miss McKnight, being allowed the privilege of the floor, spoke in favor of the amendment.

President **Crawford** called Mr. **McNeill** to the Chair and made an address favoring the amendment.

President **Crawford** resumed the Chair.

Mr. **Brand** moved to recommit C. C. Bill No. 642, File No. 132, with the amendments adopted and the amendments pending, to the Committee on Corporations, in conjunction with the City Solicitor, with instructions to report at the next meeting of Council.

Upon which motion Mr. **Stevenson** demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—28.

NOES—16.

And the motion prevailed.

The Chair took up

C. C. Bill No. 642. An Ordinance entitled "An Ordinance to authorize and direct the proper officers of the City of Pittsburgh, in the name and on behalf of said city, to enter into and execute a contract with The Pennsylvania Railroad Company, whereby said railroad company may, within the limits of said city, relocate, change and elevate a part of its railroad now on Liberty street and the branches therefrom."

Which was read.

Mr. Stevenson moved

That the portion of the minutes of the Corporation Committee relating to the submission of detailed plans by the Pennsylvania Railroad Company be read.

Which motion prevailed and the Clerk read as follows: "Mr. Stevenson moved that the Pennsylvania Railroad Company be requested to furnish detailed plans for each member of the Corporation Committee of structure on wharf."

Mr. Stevenson presented

No. 1311.

Whereas, The Corporation Committee of Councils, at its meeting on Friday, July 3, 1903, by resolution duly passed, instructed the Pennsylvania Railroad Company to submit the detailed plans of its proposed improvements on Duquesne way and the Allegheny wharf, and certain streets in the City of Pittsburgh; and

Whereas, The said Pennsylvania Railroad has not submitted the said plans as requested; now, therefore, be it

Resolved, That the Common Council of the City of Pittsburgh request the Pennsylvania Railroad to submit, without delay, to the said Common Council, the full and detailed plans of its proposed improvements, as set forth in Common Council Bill No. 642, File No. 132, in order that the said Council may have a full understanding of the same, and be able to discuss the provisions of said ordinance intelligently.

Which was read.

Mr. Stevenson moved

The adoption of the resolution.

Mr. Armstrong moved

To amend the resolution by inserting, after the words "without delay, to the said Common Council," the words, "at its next meeting," and also adding, after the word "intelligently," the words, "and that the proper representatives of the Pennsylvania Railroad Company be present, in order to explain the said improvements."

Mr. Stevenson moved

To amend the amendment by striking out the words "at its next meeting" and substituting in lieu thereof the word "forthwith."

Which motion did not prevail on a division of the vote, ayes 12, noes 25.

And the question recurring on the amendment of Mr. Armstrong the motion prevailed and the resolution as amended was adopted.

Mr. Stevenson moved

That C. C. Bill No. 642 be considered *seriatim*.

Which motion prevailed.

Mr. Leslie moved

That the previous question on the question be called at 11:15 p. m.

And the call being sustained,

Mr. Stevenson arose

To speak on the motion of Mr. Leslie.

Mr. Brand arose

To a point of order, claiming that the motion was not debatable, and read Rule IV., Section 8, "When a question is under consideration no motion shall be received, except for

adjournment, for the previous question, to lay on the table, for postponement indefinitely, for postponement to a time certain, for commitment or for amendment. These questions shall have preference in the order in which they are above mentioned, and the first three shall be decided without debate."

The Chair decided the point well taken.

And the question recurring on the motion of Mr. Leslie,

Mr. Stevenson demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Armstrong	Hogue	McNally
Barker	Hughes	O'Brien, M E
Barr	Jack	Rodgers
Beckert	Lauler	Schwarzwaelder
Brand	Leslie	Semmelrock
Chvett	Lewis, David	Sheehan

Brown	Schad	West
Edwards	Shaw	Wiley
McNell	Shearer	Wolfe
O'Brien, Thos		

AYES—29.

NOES—16.

And the motion prevailed.

And the Clerk proceeded to read the bill.

C. C. Bill No. 642. An Ordinance to authorize the proper officers of the City of Pittsburgh, in the name and on behalf of the said city, to enter into and execute a contract with the Pennsylvania Railroad Company, whereby said railroad company may, within the limits of said city, relocate, change and elevate a part of its railroad now on Liberty street and the branches therefrom.

Mr. Leslie moved

That the section known as the title of the bill be approved, in accordance with the motion to consider item by item.

Which motion prevailed.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That the proper officers of the said city be and they are hereby authorized and directed, in the name and on behalf of said City of Pittsburgh, to enter into and execute a contract with The Pennsylvania Railroad Company in the following form, to wit:*

CONTRACT.

This Agreement, made this day of _____ between the City of Pittsburgh, hereinafter designated "City," first party, and The Pennsylvania Railroad Company, hereinafter designated "Railroad Company," second party, witnesseth:

Whereas, the railroad of said Railroad Company enters the limits of said city and extends inter alia along the surface of Liberty street, in said city, from

a point near the intersection of Liberty and Eleventh streets, to Water street, with branches therefrom on the surface of Third street, on the surface of Short street, and extending across Liberty street into its Duquesne Freight Station;

Mr. Leslie moved

That the sections as read be approved.

Which motion prevailed.

And Whereas, the said Railroad Company, in the manner and on the terms hereinafter set forth, desires to improve the above recited portions of its railroad by a relocation, change and elevation thereof.

Mr. Stevenson arose to a point of order, stating that the ordinance as read by the clerk was not the same as the printed ordinance on the files, for the reason that the amendments as made at the last meeting of Committee on Corporations have not been submitted to this body.

The Chair decided the point well taken, and ruled that the ordinance stands as it was before amended at the last meeting of the Corporation Committee, and the clerk was directed to read the bill as it was amended at the last meeting of Council, on June 29th, 1903.

And whereas, on the terms hereinafter set forth said city desires and said Railroad Company is willing that the above recited portions of its railroad shall be improved by a relocation, change and elevation of the same,

Mr. Stevenson moved

To amend the bill by striking out the words in lines 19 to 22 inclusive, and substituting in lieu thereof the words, "And whereas, the said Railroad Company in the manner and on the terms hereinafter set forth, desires to improve the above recited portions of its railroad by a relocation, change and elevation thereof."

Which motion prevailed on a division of the vote—ayes 22, noes 18.

And Whereas, the proposed relocation, change and elevation will be of the general character set out in the blue print hereto attached and made part hereof, and on substantially the following route:

MAIN LINE.

Beginning at a point in the centre line of the Pennsylvania Railroad south of Liberty street, and in the line of the eastern wall of the Union station produced, and extending thence by a curve to the northward across private property to a point about four hundred and sixty (460) feet south of Duquesne way, crossing Liberty street, Eleventh street, Exchange alley and Penn avenue by extensions of the existing structures across those thoroughfares; extending thence by a curve to the westward by an elevated structure over the freight yard of the Pittsburgh, Fort Wayne and Chicago Railway, and over Duquesne way to a point on the north side of Duquesne way about sixty (60) feet west of Tenth street; thence by a line substantially parallel with Duquesne way and north

of the north curb line of Duquesne way to a point about eighty (80) feet east of the eastern house line of Fourth street; curving thence to the southward, crossing Duquesne way by an overhead bridge to the south side thereof, and thence on private property to the north side of Penn avenue; thence crossing Penn avenue by an overhead bridge to the south side thereof, and by a curve to the westward over private property to the easterly side of Third street; thence crossing Third street by an overhead bridge, still by a curve to the westward, to a point in Liberty street about six (6) feet south of the north house line thereof, and thence westwardly parallel with the north house line of Liberty street to a point near the easterly house line of Water street; thence by a curve to the northward, crossing Water street at grade to a point midway between the Monongahela river harbor line and the southwestwardly line of Water street; thence northwestwardly by a line parallel with said harbor line along the Monongahela wharf to a point about fifty feet southeastwardly of the point bridge; together with branches therefrom as follows:

Mr. Beckert moved

To strike out in line 47 the words "Liberty" and "South," and in line 48 the word "thereof," and insert in lieu thereof the words "Third" for "Liberty," "North" for "South," and "Of Liberty street" for "thereof."

Which motion prevailed.

BRANCHES.

Branch No. 1, which will begin at point "B" on the main line near its intersection with the northerly house line of Duquesne way, extending thence across Duquesne way by overhead bridges to the southerly side thereof; thence across private property to the easterly line of Third street; thence across Third street by overhead bridges to the westerly side thereof to private property located in the square between Penn avenue and Duquesne way and between Third street and Water street.

Branch No. 2, which will begin on the main line on the Monongahela wharf at a point about midway between Penn avenue and Exchange alley produced; thence by a curve at grade across Water street into the Duquesne Freight Station; and

Branch No. 3, which will begin at point "C" on the main line, at its intersection with the southerly side of Penn avenue, extending thence across private property to the northerly side of Liberty street; thence across Liberty street by an overhead bridge to a point where Short street intersects Liberty street, and thence along and over Short street by an elevated structure near the westerly curb line thereof, to a point where Short street intersects the northeasterly line of Water street.

Mr. Brand moved

That the sections as read be approved.
Which motion prevailed.

And whereas, in the judgment of said City the manner of said relocation, change and elevation as herein set forth is best adapted to secure the safety of lives and property and promote the interest of said City.

Mr. Stevenson moved

To amend the bill by striking out lines 77 to 80 inclusive.

Which motion prevailed.

Now this agreement witnesseth: That in consideration of the premises and of the covenants of the parties hereinafter contained, it is agreed by and between the said City and said Railroad Company as follows, to wit:

First. Said City hereby assents and agrees that said Railroad Company, its successors and assigns, may relocate, change and elevate the said portions of its railroad to and on the above recited route, and in accordance with the attached blue print, and on said new location and elevation construct, maintain, operate and use tracks as hereinafter specified; and that said Railroad Company, its successors and assigns, in making said relocation, change and elevation, may do or cause to be done, inter alia, the following things:

Mr. Leslie moved

That the sections as read be approved.

Which motion prevailed.

1. Construct, maintain and use bridges of iron or steel with suitable masonry supports, and with intermediate supporting columns of iron and steel within the curb line, and in the middle of the roadway wherever these additional columns are deemed necessary by the railroad company over the following streets.

Mr. Crawford (D. F.) moved

To amend the bill by striking out in lines 96, 97, 98 the following: "And in the middle of the roadway, wherever these additional columns are deemed necessary by the Railroad Company."

Mr. Stevenson moved

To amend the motion by striking out in line 96 the words "within the curb line."

Mr. Crawford accepted the amendment.

Mr. Stevenson moved

To amend by adding after line 98 the words: "Provided that no columns shall be placed on the sidewalks of Duquesne way, Penn avenue and Liberty street."

Mr. Leslie moved

To amend Mr. Stevenson's amendment by making it read as follows: "Provided all supports of masonry of iron or steel shall be erected within the Railroad Company's own property where they cross any street, lane or alley."

Mr. Stevenson accepted the amendment.

And the motion prevailed.

And the question recurring on Mr. Crawford's amendment the amendment as amended prevailed.

(a) A two track bridge over Duquesne way east of the west line of Tenth street with a clearance of not less than thirty

(30) feet above the existing grade of the said Duquesne way.

(b) A four track bridge over Duquesne way between Third street and Fourth street with a clearance of not less than twelve feet above the existing grade of said Duquesne way.

(c) A two track bridge over an unnamed alley between Duquesne way and Penn avenue with a clearance of not less than thirteen feet above the existing grade of said alley.

(d) A two track bridge over Penn avenue between Third and Fourth streets with a clearance of not less than fifteen feet above the existing grade of said Penn avenue.

(e) Five bridges over Third street, to wit: For Branch No. 1, two 2-track bridges, one 3-track bridge, and a one-track bridge, and for main line a 2-track bridge, each bridge to have a clearance of not less than twelve feet above the existing grade of said Third street.

(f) A one track bridge over Liberty street between Third street and Third avenue with a clearance of not less than thirteen feet above the existing grade of said Liberty street for Branch No. 3.

(g) Extensions of the existing railroad bridges over Penn avenue, over Exchange alley and Eleventh street, and over Liberty street near Eleventh street of sufficient width to accommodate two additional tracks.

Mr. Semmelrock moved

That the sections as read be approved.

Which motion prevailed.

2. Construct, maintain and use elevated viaducts of iron or steel, with suitable masonry supports and with intermediate supporting columns of iron or steel within the curb lines, and in the middle of the roadways wherever these additional supports are deemed necessary by the Railroad Company over the following wharves or public landings, streets and other places, as follows:

Mr. Beckert moved

To amend the bill by striking out in lines 125, 126 and 127 the words: "Within the curb lines and in the middle of the roadways, wherever these additional supports are deemed necessary by the Railroad Company."

Which motion prevailed.

(a) A two track elevated viaduct along the wharves or landings north of Duquesne way between Tenth street and the lines of Fourth street produced at such an elevation as to give a clearance over Ninth street of not less than fifteen feet above the existing grade thereof, a clearance over Seventh street of not less than sixteen (16) feet above the existing grade thereof, and a clearance over Sixth street of not less than fifteen feet above the existing grade thereof.

Mr. Stevenson offered the following:

To amend the bill by adding after the word "thereof" in line 135, the words:

"Provided that the vertical clearance under this elevated structure shall be

at least 755.30 feet above Davis Island Pool over the Sixth street bridge, 754.00 over the Seventh street bridge, and 755.5 over the Ninth street bridge, or their approaches, and that the clearance, both horizontal and vertical, shall be changed at any time should the structure interfere with the traffic to and from the wharves or with that between the Cities of Pittsburgh and Allegheny. Provided, further, That should a change of grade on Duquesne way, the wharves, or any of the streets or public highways crossed by this elevated structure be authorized by competent authority, that the necessary change in the elevation of the structure hereby authorized shall be made at the expense of the owner of said structures whenever called upon to do so by the Chief Executive of the City of Pittsburgh, and within the time specified by the aforesaid officer."

Mr. Stevenson moved

That the engineer who was present to represent the river interests be heard.

Which motion prevailed.

And the engineer explained the plans showing the harbor and high water lines.

Mr. Stevenson moved

That the amendment be adopted.

Upon which motion **Mr. Leslie** demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Baldau	O'Brien, M. E.	Stevenson

AYES—21.

NOES—22.

And the motion did not prevail.

Mr. Leslie moved

To adopt the section as read.

Which motion prevailed upon a division of the vote, ayes 25, noes 14.

(b) A two track elevated viaduct which is a continuance of the viaduct aforesaid, from a point at or near said lines of Fourth street, produced, to Duquesne way.

(c) A one track elevated viaduct along Short street between Liberty street and Water street with a clearance over First and Second avenues of at least thirteen feet above the existing grade of said avenues.

(d) A two track elevated viaduct extending from and connecting with the tracks of the Pittsburgh, Fort Wayne and

Chicago Railway at a point about four hundred and sixty (460) feet south of Duquesne way; thence to a point of connection with the above recited main line, as shown on attached blue print.

Mr. Leslie moved

That the sections as read be adopted.

Which motion prevailed.

3. Construct, maintain and use along and above the northern sidewalk of Liberty street between Third street and Water street, a one track viaduct of iron or steel, with suitable supports of masonry and of iron or steel with a descending grade from Third street to Water street.

Mr. Beckert moved

To amend the bill by striking out, section 3, lines 148 to 152, inclusive, and substituting in lieu thereof the following: "3. That in the construction of any and all of the viaducts provided for in this agreement, the abutments or supporting columns shall give a clear horizontal opening of not less than thirty (30) feet.

Which motion prevailed.

4. Construct, maintain and use two tracks on the said wharves or public landings south of Water street, from a point about fifty (50) feet eastwardly of the Point bridge to a point on the southern line of Water street between Penn avenue and Liberty street.

5. Construct, maintain and use two tracks on Water street, crossing said Water street at grade between Liberty street and Penn avenue.

Mr. Beckert moved

That the sections as read be approved.

Which motion prevailed.

Second: Said Railroad Company shall and will do the following things:

1. After the relocation, change and elevation provided for in this contract shall have been completed, said Railroad Company shall remove the portion of its existing railroad on Liberty street between Fifth street and a point in or near the eastern curb line of Twelfth street produced, and shall subsequently and within one year from the completion of the said elevation, remove that portion of said railroad on Liberty street, between Fifth street and Water street, and also on the aforesaid branches therefrom on Short street, Third street and extending from Liberty street into the Duquesne freight station.

Mr. Beckert moved

To amend the bill by striking out Section 1, lines 162 to 170, inclusive, and substituting in lieu thereof the words: "1. Within two years after the signing of this contract, the said railroad company shall remove its tracks from Liberty street, from Twelfth street to Water street, and the branches thereof on Short street and Third street and repave said streets from curb to curb at the expense of the said railroad company. Upon failure of the railroad company to comply with the provisions of this section, the city, upon thirty days'

notice, may remove the tracks, repave the streets, and charge the expense of the same to the railroad company."

Mr. Leslie moved

To amend by inserting after the words, "and the branches thereof on Short street and Third street" the following: "Also on Liberty street at or near Eleventh street, crossing Liberty street, running to the south side of Penn avenue, now used by the Adams Express Company."

Mr. Beckert accepted the amendment.

Which motion prevailed.

2. Submit plans in detail of the several changes herein enumerated, in so far as they affect wharves, streets or highways, to the Director of the Department of Public Works, the said city for his approval, before any work on said streets or highways is commenced.

Mr. Shaw moved

To amend the bill in line 173 after the words "Department of Public Works" by inserting the words "And the City Councils" and in line 174 by striking out the word "his" and inserting in lieu thereof the word "their."

Which motion prevailed.

3. Construct and maintain a suitable retaining wall along the southwestwardly line of Water street northwardly from Penn avenue so far as necessary to support Water street at its present grade.

Mr. Crawford (D. F.) moved

That the section as read be approved.

Which motion prevailed.

(4. The said Railroad Company shall indemnify and save harmless the said city from all damages which may be recovered against it, arising out of the construction of the improvement herein provided for, or any damage or injury to property resulting therefrom by reason of any improvement, action or thing hereunder.)

Mr. Leslie moved

That the section be approved as read.

Which motion prevailed.

Mr. Stevenson arose and stated that he wished to offer several amendments at Section 4.

Mr. Leslie arose to a point of order, stating that Council had agreed to take up the bill *seriatim*, and the Clerk had just read the section that **Mr. Stevenson** wished to amend, and the section as read was approved, therefore any amendments to the same were out of order.

The Chair ruled the point of order well taken.

Mr. Wasson arose to a point of order, stating that the bill was amended by Council and not printed, and therefore it could not be acted upon.

The Chair ruled the point of order not well taken, and that the consideration of the bill was perfectly regular, as it was still on second reading and open to further amendments.

Mr. Wasson appealed from the decision of the Chair.

And the Chair called Mr. Brand to the Chair.

And Mr. Wasson spoke against sustaining the decision of the Chair, and Mr. Bole spoke in favor of sustaining the decision.

The Chair (Mr. Brand) stated that all those in favor of sustaining the Chair should vote "Aye" and those opposed "No."

And on a division of the vote the ayes were 26, noes 9.

And the Chair was sustained.

Mr. Bole resumed the chair.

(5. That any other railroad shall have the right, with the consent of Councils, to cross said viaduct, either above or below, and where said railroad crosses over said viaduct, the clearance shall not be less than seventeen (17) feet, six (6) inches.)

Mr. Stevenson moved

To amend by inserting after line 196, page 14, the following:

"Fourth: And it is further mutually understood and agreed, That any railroad or transportation company having access thereto, and having first obtained permission of the city, shall have the right to use the whole or any part of said elevated tracks or other tracks, as herein specified, or any improvement or extensions thereof, where the same runs over public wharves, streets or property, for the purposes of its business. The terms of such use to be mutually agreed upon, and should the railroad company and the companies or company seeking the right to use the tracks fail to agree upon the terms and conditions therefor, the same shall be fixed and determined by a Court of Common Pleas of Allegheny County, the company desiring such use, however, to have the right to immediately begin the same upon giving bond, the amount whereof and the sureties to be approved by said Court, as also any condition affecting such temporary use.

Mr. Stevenson arose

To speak on the amendment.

The Chair stated that as it was 11:15, he would have to stop all debate.

Mr. Wasson arose to a point of order, stating that the question could not be called for when a pending amendment was under discussion.

The Chair ruled the point of order well taken.

Mr. Wasson moved

To amend the amendment by adding after the words "such temporary use" the words "and provided that the said Railroad Company in such cases and upon such terms and conditions as Councils of said city may from time to time provide, shall afford switching facilities to all properties along the line of the said tracks as herein specified. The said Railroad Company shall also establish a reasonable and uniform rate or charge within said city for the transfer of the cars and freight of shippers and other railroads to and from any point

along said tracks as herein specified, and all disputes regarding the same shall be settled by a Court of Common Pleas of Allegheny County."

Mr. Reitz moved

To amend Mr. Wasson's motion by adding after the words "Allegheny County" the following, "and provided that the Railroad Company for and during so long a time as the tracks and improvements herein specified are maintained and used, and said rights and privileges are enjoyed, shall pay to the city the sum of \$50,000 per annum, payment to be computed from the date of the completion of the work as herein specified."

Upon which motion Mr. Stevenson demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

AYES—18.

NOES—25.

And the motion did not prevail.

Mr. Stevenson arose and stated that he wished to offer an amendment.

Mr. Leslie arose to a point of order, and stated that Council had started to dispose of three amendments, and as Mr. Stevenson's amendment had not yet been disposed of, he

(Mr. **Stevenson**) could not offer any further amendment at the present time.

The **Chair** ruled the point of order well taken, as Council would have to dispose of the original amendment before any others could be offered.

Mr. **Stevenson** arose to speak on the amendment.

Mr. **Brand** arose to a point of order, and stated that the amendment could not be debated, and that any further debate on amendments was out of order. He read Rule IV, Section 10—"The previous question shall not be moved by less than ten members rising for that purpose, and shall be determined without debate. But when the previous question has been called and sustained, it shall not cut off any pending amendment, but the vote shall be taken without debate on the amendments in their order and then on the main question."

The **Chair** ruled the point of order well taken.

Mr. **Stevenson** appealed from the decision of the chair.

The **Chair** called Mr. **Brand** to the Chair. And Mr. **Stevenson** spoke against sustaining the decision of the Chair, and Mr. **Bole** spoke in favor of sustaining the decision.

The **Chair** (Mr. **Brand**) stated that all those in favor of sustaining the Chair should vote "aye," and those opposed "no."

Mr. **Stevenson** demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

Bole, President pro tem.

AYES—9.

NOES—31.

And the motion did not prevail.

Mr. **Wymard** moved

That Council do now adjourn.

Which motion did not prevail.

Mr. **Stevenson** moved

To amend by adding after the words "so in use" the words, "Provided that the rights and privileges granted hereby at the end of fifty years from the date of the signing of this contract, shall cease and determine, but, provided, nevertheless, that at the end of the said period of fifty years the said rights and privileges shall be renewed for a further term of fifty years, upon such terms as shall be determined by the Councils of the City of Pittsburgh."

Mr. **Stevenson** arose

to speak on the amendment.

Mr. **Brand** arose to a point of order, and stated that the gentleman has no right except to offer amendments.

The **Chair** ruled the point of order well taken.

Mr. **Stevenson** appealed from the decision of the Chair.

The **Chair** called Mr. D. F. Crawford to the Chair.

Mr. **Stevenson** spoke against sustaining the decision of the Chair, Mr. **Bole** spoke in favor of sustaining the decision.

The **Chair** (Mr. D. F. Crawford) stated that those in favor of sustaining the decision of the Chair should vote "Aye" and those opposed "No."

Mr. Shaw demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

AYES—28.

NOES—4.

And the Chair was sustained.

And Mr. Bole resumed the Chair.

And the question recurring on the motion of Mr. Stevenson, the motion did not prevail.

Mr. Leslie moved

To amend by adding after the words "so in use" the following:

"7. In consideration of the rights, privileges and franchises granted to said railroad company by this ordinance, the said railroad company shall pay to the City of Pittsburgh such reasonable compensation or tax therefor, or for the exercise thereof, as shall or may be duly fixed by a general ordinance applying to all railroad companies.

Which motion prevailed.

Mr. Stevenson moved

To amend by adding after the words "railroad companies" the following: "8. Provided also, that the said company shall at all times hereafter be subject to such rules and regulations as may be found necessary for the further protection and security of the persons and property of the citizens of said city."

Which motion prevailed.

Mr. Stevenson moved

To amend by adding after the words "said city" the following:

"9. In consideration of the privileges hereby granted, the Pennsylvania Railroad Company agrees to release and hereby does release, all its right, title, claim, demand or interest in, of and to that certain claim against the City of Pittsburgh amounting, together with the interest to December 1st, 1902, to \$204,370.24, arising out of provisions of the contract entered into between said city

and the Pennsylvania Railroad Company, under and by virtue of an ordinance approved December 28th, 1899, entitled 'An ordinance to authorize,' etc., etc."

Which motion did not prevail.

In testimony whereof, said City of Pittsburgh has hereunto caused its corporate seal to be affixed, attested by the signatures of the proper officers of said city, and the said The Pennsylvania Railroad Company has caused its corporate seal to be hereunto affixed, attested by the signatures of its proper officers, the day and year first above written.

This contract being executed for and on behalf of said city under and pursuant to an ordinance of said city entitled, (Here to be inserted the title, dates of enactment and approval and place of record of the ordinance); and being executed for and on behalf of the said The Pennsylvania Railroad Company under and pursuant to a resolution duly adopted by its Board of Directors.

Section 2. That any ordinance or part of ordinance conflicting with the provisions of this ordinance, be and the same is hereby repealed so far as the same affects this ordinance.

Mr. Leslie moved

That the sections as read be approved.

Which motion prevailed.

Mr. Leslie moved

That the bill as read a second time and amended be agreed to.

Upon which motion Mr. Stevenson demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

COMMON COUNCIL.

C. S. CRAWFORD President
H. B. DAVIS Clerk

PITTSBURGH, July 13, 1903.

Council met pursuant to the following call:
PITTSBURGH, July 10, 1903.

Mr. H. B. DAVIS,
Clerk of Common Council.

DEAR SIR—The undersigned, being one-third of the members of Common Council of the City of Pittsburgh, do hereby call a special meeting of said Common Council for Monday evening, July 13, 1903, at 7:30 o'clock, for the purpose of considering an ordinance granting to the Pennsylvania Railroad Company certain rights and privileges with reference to change of tracks from Liberty street to Duquesne way, and such other business that may come before the meeting.

D. F. CRAWFORD.
RICHARD McNALLY,
CHAS. CAVETT,
E. G. SCHWARZWAELDER,
JOHN B. MOORE,
W. H. BARKER,
F. W. BONINI,
JACOBSCHUCK,
HENRY FITZPATRICK,
J. P. STERRETT,
DAVID LEWIS,
M. E. O'BRIEN,
C. BECKERT, JR.,
JOHN LAULER,

Baldorf	Lewis, John	Shaw
Barr	McNeill	Shearer
Beehner	O'Brien, Thos.	Sheehan
Edwards	Reltz	Stevenson
Lamb	Sahner	Wiley
Lewis, David	Schad	Wolfe

Crawford, C. S., President.

In the absence of the Chairman Mr. Bole occupied the Chair.

The Chair:

The Clerk announces a quorum present. The Clerk will read the call for this meeting.

The Clerk read the call as above.

Mr. Leslie called up

C. C. Bill No. 642. An Ordinance to authorize and direct the proper officers of the City of Pittsburgh, in the name and on behalf of the said city, to enter into and execute a contract with the Pennsylvania Railroad Company, whereby said railroad company may, within the limits of said city, relocate, change and elevate a part of its railroad now on Liberty street and the branches therefrom.

Mr. Brown arose

To a point of order, claiming that Mr. Sahner, acting as President pro tem., had declared a recess of Council until 8 p. m., and at that hour had adjourned the Council for one week, and that Council was therefore not legally in session.

The Chair ruled the point not well taken.

Mr. Leslie moved

That the bill be placed on third reading and final passage.

Which motion prevailed.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question "Shall the bill pass finally?"

Mr. Martin presented

No. 1322. Report of special committee relative to the Mayor's communication regarding the dock on the Allegheny wharf.

PITTSBURGH, July 2, 1903.

To the Presidents and Members of the Select and Common Councils of the City of Pittsburgh:

GENTLEMEN—Your committee, to which was referred C. C. No. 1230, communication from the Mayor relative to the dock on the Allegheny river wharf, after making careful inquiry and visiting the said dock, respectfully report as follows:

As the United States Government will not allow any additions to the dock located on the Allegheny wharf at the foot of Eighth street, this city, your committee recommends that, as the dock is of considerable advantage to business interests, it be allowed to continue as at present, under the ordinance now in force for the regulation of the said dock.

Respectfully submitted.

FRED. BEEHNER, Chairman,

JOHN MARTIN,

JACOB SCHUCK,

H. W. DIEHL,

T. O. ATKINSON,

Committee.

Which was read.

Mr. Crawford (D. F.) moved

That the report be received and adopted.

Which motion prevailed.

And on motion of Mr. Armstrong Council adjourned.

Edwards	Reitz	Wymard
Fitzpatrick	Rodgers	Zeuger

ABSENT—Messrs.

Cavett	Schad	West
Leslie	Schwarzwaelder	

Crawford, C. S., President.

The Clerk announced a quorum present.

Mr. **Brand** arose and said:

Mr. Clerk, I move that, in the absence of the President, Mr. **Bole** be elected President pro tempore.

Which motion prevailed.

And Mr. **Bole** took the Chair, while Mr. **Sahner** remained on the platform.

The Chair (Mr. **Bole**):

The Clerk will read the call for this meeting.

The Clerk read the call as above.

The Chair called for the report of the Committee on Filtration.

Mr. **Brown** at this time arose and said:

"I am unable to distinguish who is the Chairman of this meeting, as there are two gentlemen in the Chair, and I will therefore ask for a roll call to determine that question."

And the demand having been sustained and the roll being called, the following members recorded their vote for Mr. **Bole**:

Messrs.

Armstrong	Fitzpatrick	McNally
Barker	Hogue	O'Brien, M E
Barr	Hughes	Rodgers
Beckert	Jack	Schuck

And Mr. **Hole** having received 29 votes his election was unanimously confirmed, whereupon Mr. **Sahner** left the platform.

The **Chair** (Mr. **Hole**) proceeded with the business of the meeting.

Mr. **Brand** moved

That the reading of the minutes of the previous meetings be dispensed with.

Mr. **Stevenson** arose and said:

"Mr. Chairman, it requires a suspension of the rule to dispense with the reading of the minutes, and I would therefore demand a call of the ayes and noes on the question."

And the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Armstrong	Fitzpatrick	McNally
Barker	Hogue	O'Brien, M E
Barr	Hughes	Rodgers
Beckert	Jack	Schuck
Bouini	Lamb	Semmelrock
Brand	Lauler	Sheehan

Edwards	Moore	Zeuger

Hole, President pro tem.

NOES—Messrs.

Baldauf	Heitz	Stevenson
Beehner	Sahner	Wasson
Brown	Shaw	Wiley
O'Brien Thos	Soffel	Wolfe

AYES—31.

NOES—12.

And there not being three-fourths of the votes in the affirmative, the rule was not suspended, and the Clerk was directed to read the minutes.

And the Clerk read the minutes of the meeting of July 13, as follows:

"PITTSBURGH, July 13, 1903.

Council met pursuant to the following call:

PITTSBURGH, July 10, 1903.

MR. H. B. DAVIS,

Clerk of Common Council.

DEAR SIR—The undersigned, being one-third of the members of Common Council of the City of Pittsburgh, do hereby call a special meeting of said Common Council for Monday evening, July 13, 1903, at 7:30 o'clock."

Mr. **Brand** moved

That the minutes, so far as read, be approved, and be considered as the reading of the minutes of the previous meetings.

Mr. **Stevenson** arose and stated that he wished to offer an amendment to the minutes.

Mr. **Brand** arose to a point of order, stating that, as his motion had not been put by the Chair, any further motions were not in order.

The **Chair** ruled the point of order well taken, and put the motion of Mr. **Brand**.

Mr. **Stevenson** arose and stated that he wished to offer an amendment to the minutes and started to read the amendment.

Mr. **Brand** arose to a point of order, stating that the gentleman had no right to make an amendment to the minutes, but had only the privilege of correcting them, and that he was reciting something that had not taken place, and therefore could not be made part of the minutes.

The **Chair** ruled the point of order well taken, and stated that the amendment offered by Mr. **Stevenson** was more in the nature of a resolution.

Mr. **Stevenson** stated that what he wished to offer was a correction of the minutes.

Mr. **Brand** called for the question on his motion.

Mr. **Stevenson** arose to a question of personal privilege.

And the **Chair** ruled Mr. **Stevenson** out of order and put the motion of Mr. **Brand**, that the minutes, so far as read, be approved, and be considered as the reading of the minutes of the previous meetings.

Which motion prevailed.

The **Chair** called for the report of the Committee on Filtration.

Mr. **Brown** presented

No. 1323

To the Committee on Filtration:

Your special Sub-Committee to which were referred for examination and report thereon, eight certain ordinances in relation to the work necessary to be done for the purpose of extension and improvement of the water supply and distribution and including the filtration of such water supply of the City of Pittsburgh, said ordinances being: C. C. Nos. 554, 555, 556, 557, 558, 559, 560 and 561, all relating to the so-called filtration plant, respectfully report thereon as follows:

Ordinance C. C. No. 554 provides for the letting of a contract for filters, basins and appurtenances (to be known as Contract No. 1) at a cost not exceeding \$1,550,000.

Ordinance C. C. No. 555 provides for the letting of a contract for filtered water reservoir and appurtenances (to be known as Contract No. 2) at a cost not exceeding \$225,000.

Ordinance C. C. No. 556 provides for the letting of a contract for river crossing, intakes, connections, screen chamber, etc. (to be known as Contract No. 3) at a cost not exceeding \$225,000.

Ordinance C. C. No. 557 provides for the letting of a contract for pumping engines, etc., (to be known as Contract No. 4) at a cost not exceeding \$300,000.

Ordinance C. C. No. 558 provides for the letting of a contract for boilers, etc., (to be known as Contract No. 5) at a cost not exceeding \$50,000.

Ordinance C. C. No. 559 provides for the letting of a contract for sand washing, pumps, automatic engines, electric generators, electric traveling crane, machine shop equipment, outside wiring, etc., (to be known as Contract No. 6) at a cost not exceeding \$50,000.

Ordinance C. C. No. 560 provides for the letting of a contract for pumping station, boiler house, chimney, etc., (to be known as Contract No. 7) at a cost not exceeding \$170,000.

Ordinance C. C. No. 561 provides for submission to the electors of the City of Pittsburgh the question of increasing the indebtedness of the City for filtration purposes by a bond issue not exceeding \$1,219,000.

The first seven of said ordinances provide for the letting of contracts for work therein specified, amounting in the aggregate to \$2,570,000. Accompanying these ordinances is a communication from the Director of the Department of Public Works (C. C. No. 562) giving what is claimed to be the complete estimate of total cost of the filtration plant, amounting to \$3,719,000, and recommending a bond issue of \$1,219,000 to supply the deficiency of money according to said estimate.

The only funds now available for the cost of the work provided by said ordinances are the proceeds of the bond issue for the purpose of filtration. Said bond issue amounted to \$2,500,000, and said sum was available prior to June 1, 1900. Of said bond issue there has so far been expended upon the work of filtration the sum of about \$230,000, of which about \$240,000 have been expended for land.

After a patient, careful and thorough consideration of the foregoing ordinances and all matters in relation thereto, we report the following conclusions:

1. If the findings of fact and conclusions of law of the previous Sub-Committee on this matter embodied in their report of July 6, 1902, be correct, there is nothing left for us to consider, except the new and additional ordinance providing for a further bond issue of \$1,219,000 for the purposes of filtration, and the communication of the Director of the Department of Public Works (C. C. No. 562) giving a complete estimate of the cost of the proposed filtration plant.

2. We have otherwise nothing but the action of Common Council in relation to substantially the same subject matter as embodied in the report of the prior Sub-Committee adopted by the Joint Standing Committee on Filtration and by Common Council. There is therefore nothing for us to do but reaffirm that action, unless we are satisfied of error in said report and the final action thereon, and we are not convinced of any error.

3. The plans do not propose or provide for covers. The report of the Filtration Commission and the general weight of authority sustain the position that covers are necessary at Pittsburgh, and that they would cost approximately \$800,000.

4. The plans for the filtration plant do not include or provide for the "South Side." We can never consent to or recommend any plant or system that does not provide for the whole city. A filtration plant of the kind now proposed of sufficient capacity to supply the entire city will entail an additional expenditure of more than \$1,000,000, in excess of the estimate of the Director of the Department of Public Works, and if covers be found necessary, the additional cost will be not less than \$2,000,000.

5. The ordinance for an additional bond issue of \$1,219,000 should be returned to Councils with a recommendation that it be referred to the Committee on Finance, which alone has authority and jurisdiction over the matter un-

der the laws and ordinances of the City, and it is hereby accordingly so returned.

6. This Sub-Committee has not been authorized or directed to investigate the various systems of filtration and report thereon, but is confined to the ordinances and matters before it relating to the slow English Sand Filtration System, recommended by the Filtration Commission. Any change of system is a contingency of the future to be met if and when it arises. We, however, beg to suggest, that if there is no reasonable prospect of the additional money required to complete the plant already proposed, we should turn at once to seek relief in some other system, if any, that will meet and relieve the present atrocious conditions of our public water supply, which are a shame and a disgrace to the city and unworthy of her wealth, greatness, and Christianity. We all recognize these facts and the necessity and urgency of improvement in the water supply and the filtration of the same. If there is no reasonable prospect of getting the money to complete the plant already proposed, we can and should turn to some other. The great progress of the world offers other systems which seem to equal in every respect the system already proposed. If we can carry out the system already proposed, let us do so. If not, let us promptly answer the cry of humanity and respond to the duty of civic pride and Christianity by seeking other proper relief. Other systems of filtration now in operation on a large scale in American cities can be studied with advantage and quickly. They are said to be giving excellent results, and it is claimed that we can build a perfect filtration plant with sufficient capacity to supply the whole city for the amount of money now on hand for such purpose. Whatever we do, let us proceed.

7. One thing seems clear and that is, that under the new charter of the city, we have no power or authority to proceed with the work in the present filtration plant until all the money necessary to complete it is on hand or assured. In this respect there is no change in the status of the matter. The ordinance providing for a further bond issue is clearly intended to meet the difficulty pointed out in the prior report of this Committee on Filtration above referred to. But it does not meet it. Money thus proposed to be raised by a bond issue is not cash on hand, and if the people refuse to vote the money, it may never be on hand.

In view of these conclusions, we recommend as follows:

1. That Ordinance C. C. No. 561 providing for a further bond issue of \$1,219,000 for filtration purposes be returned to Councils with the recommendation that it be referred to the Committee on Finance for action for reasons given in the foregoing report.

2. That the remaining ordinances C. C. Nos. 554, 555, 556, 557, 558, 559 and 560 be returned to Councils with the recommendation that further action thereon be suspended until said further proposed

bond issue is submitted to the people, or if not approved by the Committee on Finance and submitted to the people, then until a proper Committee or Commission shall be created and appointed by Councils to investigate and report on some other line of action or system in relation to filtration of the public water supply within the limit of the funds on hand for such purposes.

Your Sub-Committee further recommend that the Director of the Department of Public Works be directed to furnish and transmit to Councils a complete estimate of the total cost of a sand filtration plant of sufficient capacity to supply the entire city, together with an estimate of the cost of covers for the same.

All of which is respectfully submitted.

Mr. Brown moved

That the report be received and filed and the recommendations therein be concurred in.

Mr. Wasson moved

To amend the motion by making it read "That the report be received and transmitted to the Committee on Finance.

Which motion did not prevail.

And the question recurring on the motion of Mr. Brown, the motion prevailed.

Mr. Sterrett presented

No. 1324.

Whereas, the plans of a filtration plant as now made contemplate only the supply of that portion of the city between the Allegheny and Monongahela rivers with filtered water; now therefore, be it

Resolved, That the Director of Public Works be directed to make the present plans of filtration plant on such a scale as will supply every portion of the city with filtered water; and to make the estimate of the cost of such a plant and to report the same to Councils at the first regular meeting in September, and resolved, That a committee of five, three from Common Council and two from Select Council, shall be appointed to act in conjunction with the Director of Public Works in securing any and all information necessary to form a correct judgment upon that subject, and to submit the same in a report to Councils at its first regular meeting in September.

Mr. Sterrett moved

The adoption of the resolution.

Mr. Wasson moved

To amend the motion by referring the resolution to the committee on Finance.

Mr. Brand arose and stated that by referring the resolution to the Committee on Finance it would cause unnecessary delay; that the Director of the Department of Public Works was the proper person to make an estimate as required in the resolution, and that he was directed by the resolution to prepare the plans and make the estimate, and return the same to Council at its first regular meeting in September.

Mr. Wasson withdrew his amendment.

Mr. Nanner offered the following as a substitute:

Resolved that we recommend a Joint Commission of five members of Councils be appointed, three from Common and two from Select, to investigate the possibility of securing filtered water by some process, in order that the cost be brought within the limitations of the bond issue and supply the entire city with filtered water, including the section known as the South Side.

Mr. Brand arose to a point of order stating that the substitute offered was not germane to the resolution before the house. The substitute is for the purpose of appointing a

commission to investigate, and the original provides only for an estimate.

The Chair ruled the point of order well taken, and that the substitute was out of order.

And the question recurring on the motion of Mr. Sterrett, the motion prevailed.

And the Chair appointed on the committee on behalf of Common Council Messrs. Sterrett, Beckert and Brand.

And Mr. Brand declining to serve on the committee Mr. Armstrong was appointed to serve in his place.

And on motion of Mr. Brand
Council adjourned.

Mr. Stevenson moved

That the minutes of July 13th be read.

Mr. Brand arose to a point of order, stating that the minutes of July 13th had been approved, and therefore it was not in order to have them read.

Chairman to Clerk:

"Have the minutes of July 13th been read?"

Clerk. "Yes, sir."

Mr. Stevenson arose and stated that the minutes of July 13th had not been read.

Mr. Leslie arose and said: "I call for the order of business which is the reading of the minutes of the last meeting."

The Chair—"The order of business would not necessarily be the reading of the minutes of the last meeting. If there are any previous minutes that have not been read, they should be read."

Mr. Reitz arose and said: "I desire to call the attention of Council to Mr. Brand's motion of July 27th."

Mr. Brand arose to a point of order, stating that, as there was no motion before the house respecting the minutes of July 27th, the gentleman's remarks were out of order.

The Chair: "I think the gentleman's remarks are for the information of the members of this Council. If the minutes of July 27th were read it would disclose the fact as to whether the minutes of July 13th were read and approved, and if they were not, that question could be brought up later and the minutes of July 13th read."

"The Clerk will read the minutes of the meeting of July 27th."

And the clerk read the minutes of the meeting of July 27th, 1903.

Mr. Brand moved

That the minutes as read, be approved.

Mr. Stevenson moved

To amend by striking out on Page 140 the following words "And be considered as the reading of the minutes of the previous meetings."

Mr. Stevenson said: "I would ask the Chair to rule on the question that if such a motion was made on July 27th and carried, would the minutes of July 13th be approved?"

The Chair: "If this motion was made, it does not carry with it the reading of the minutes of July 13th. The minutes should have been read and approved, because the rule was not suspended."

Mr. O'Brien (Thos.) demanded a call of the ayes and noes on the amendment, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

AYES—14.

NOES—32.

When the clerk, in calling the roll, called the name of Chairman Crawford the Chair stated that he refused to vote and that it did not matter whether the words were used or not it did not carry with it the reading of the minutes of July 13th.

And there being 14 affirmative and 32 negative votes, the motion did not prevail.

Mr. Stevenson arose to a question of personal privilege and read as follows: "Pittsburgh, July 13th."

Mr. Brand arose to a point of order, stating that there was a motion before the house, that the amendment had been disposed of, and the question now was on the original motion.

The Chair: "I think Mr. Stevenson has a right to personal privilege here. If you can show me any rule to the contrary, I am willing to be guided by it. If not, I must rule you out of order."

Mr. Brand appealed from the decision of the Chair.

The Chair called Mr. McNeill to the chair.

And Mr. Brand spoke against sustaining the decision of the Chair, and Mr. Crawford spoke in favor of sustaining the decision.

The Chair (Mr. McNeill) stated that all those in favor of sustaining the decision of the Chair should vote "aye" and those opposed "no."

Mr. Brand demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

And the Chair was not sustained.

President Crawford resumed the Chair.

Mr. Wasson moved

That the word "unanimous" in the first paragraph, Page 140 of the minutes of July 27th be stricken out.

Which motion did not prevail.

And the question recurring on the motion of Mr. Brand.

Mr. Reitz demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Armstrong	Fitzpatrick	Rodgers

Crawford, C. S., President.

AYES—34.

NOES—14.

So the motion prevailed.

Mr. Stevenson arose to a question of personal privilege.

The Chair requested him to state his question of privilege. Mr. Stevenson said he wished to attack the integrity of the minutes. He stated that on Monday, July 20th, in pursuance of the adjournment of the meeting of July 13th, Common Council met at eight o'clock P. M. in the Council Chamber, of which apparently the Clerk has no record.

At that meeting President pro tem. Sahner occupied the Chair.

Mr. Sahner called the meeting to order, and stated that the clerk of Council, Mr. H. B. Davis, was not present; thereupon Mr. D. A. Jones, a qualified citizen of the Fourteenth ward, was elected Clerk Pro tem.

The roll being called the following members answered to their names:

John P. Baldauf, Frederick Beehner, Thomas M. Brown, Geo. W. McNeill, Thomas O'Brien, W. C. Reitz, Gebhart Sahner, Chas. C. Schad, J. P. Shaw, I. W. Shearer, Jacob Soffel, Jr., W. H. Stevenson, Jos. C. Wasson, Calvin McA. Willey, W. B. Wolfe.

The President then stated a quorum was not present, and on motion Council adjourned to meet at the call of the President.

Owing to these facts, I present the following as a correction of the minutes of this Council:

PITTSBURGH, July 13, 1903.

Council met pursuant to the following call:

PITTSBURGH, July 10, 1903.

MR. H. B. DAVIS,

Clerk of Common Council.

Dear Sir:—

The undersigned, being one-third of the members of Common Council of the City of Pittsburgh, do hereby call a special meeting of said Common Council for Monday evening, July 13, 1903, at 7:30 o'clock, for the purpose of considering an ordinance granting to the Pennsylvania Railroad Company certain rights and privileges with reference to change of tracks from Liberty street to Duquesne way, and such other business that may come before the meeting.

D. F. Crawford, E. G. Schwarzwaelder, F. W. Bonini, J. P. Sterrett, C. Beckert, Jr., John Hogue, Richard McNally, John B. Moore, Jacob Schuck, David Lewis, John Lauler, Thomas Delaney, Chas Cavett, W. H. Barker, Henry Fitzpatrick, M. E. O'Brien, John Martin, Jos. Walls.

At 7:45 Mr. **Sahner**, President pro tem., called the meeting to order.

The clerk called the roll, fourteen members answering to their names to wit:

The President stated that owing to the fact there was not a quorum of the members present, Council would take a recess for fifteen minutes, and so declared a recess for that time.

At 8 o'clock P. M., Mr. **Sahner**, Chairman Pro tem., again called the meeting of Council to order and inquired of the clerk if a quorum was present. The clerk stated there were but two members of Common Council in the room.

Mr. Sterrett,

From the Special Joint Committee on Filtration, presented

No. 1397.

PITTSBURGH, September 14, 1903.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen:—Your Special Joint Committee, appointed to consider, in conjunction with the Director of the Department of

Public Works, an extension of the filtration estimates so as to provide a pure water supply to the entire city, transmits herewith estimates submitted by the Director of that Department for the consideration of Councils.

J. P. STERRITT,

Chairman.

Mr. Sterrett moved

That the Report of the Director of the Department of Public Works, and that of the Special Committee, be referred to the Finance Committee to consider the advisability of proceeding with the work; to ascertain whether the amount estimated to complete the work, less the money already provided for that specific purpose, shall be raised by a bond issue, and if so, whether such bond issue will come within the constitutional limit, and if these propositions are agreed to, to report an ordinance submitting the question of the issue of such bonds to a vote of the electors of the city.

Mr. Stevenson asked

That the resolution appointing the committee be read.

The Chair directed the Clerk to read the resolution.

And the Clerk read as follows:

C. C. No. 1324. Whereas, the plans for a filtration plant as now made contemplate only the supply of that portion of the city between the Allegheny and Monongahela rivers with filtered water; now therefore, be it

Resolved, That the Director of Public Works be directed to have the present plans of filtration plant on such a scale as will supply every portion of the city with filtered water; and to make the estimate of the cost of such a plant and to report the same to Councils at the first regular meeting in September, and

Resolved, That a Committee of five, three from Common Council and two from Select Council, shall be appointed to act in conjunction with the Director of Public Works in securing any and all information necessary to form a correct judgment upon that subject, and to submit the same in a report to Councils at its first regular meeting in September

Mr. Wasson asked

That the report of the Director of the Department of Public Works be read.

The Chair directed the Clerk to read the report.

C. C. No. 1398.

To the Select and Common Councils of the City of Pittsburgh:

GENTLEMEN:

Having been instructed by resolution of your honorable bodies to "make the present plans of Filtration Plant on such a scale as will supply every portion of this city with filtered water; and to make an estimate of the cost of such a plant, and to report the same to Councils at the first regular meeting in September." I submit herewith the plans, revised as directed, and a statement of the expenditure required.

The present plans, prepared in pursuance of the recommendations of the Filtration Commission, provide for a plant with an average daily capacity of 50,000,000 gallons of filtered water, to supply the first twenty-three wards of the city. An average of sixty-nine million gallons is now pumped daily. Allowing for the normal increase in consumption, it is apparent that, by 1906, the earliest date at which the filtration plant can be completed, the supply required, even with the use of meters, will approximate sixty-eight million gallons daily, necessitating an average daily pumpage of seventy million gallons, or a maximum daily pumpage of one hundred and five million gallons. To provide for this, ten additional filters, at a rate of three million gallons, will be needed.

To supply the South Side and the Thirty-seventh ward, ten more filters must be furnished; also an additional intake, an additional pumping engine, additional filtered water reservoir capacity, and an additional pipe across the river to Brilliant. To these must be added two new fifteen million gallon pumps at Brilliant Station, and a 42-inch main distribution line connecting Highland reservoir with the distribution system of the South Side.

In estimating the cost of the extended plant, the estimates previously made for a plant with a capacity of fifty million gallons have been taken as a basis. The cost of the smaller plant was estimated at \$3,066,000, to which was added \$654,000, for the meter system, and \$450,000, for covering the filter beds, making a total of \$4,150,000. Inasmuch as only forty per cent. of the meters can be installed by 1906, a reduction of \$348,000, in the estimate for the meter system is allowed.

Increases necessary for an average daily supply of seventy million gallons for the first twenty-three wards bring the cost up to \$4,728,000. Extending the plant so as to supply the entire city, the South Side included, involves the following increases:

Additional covered filters, settling basin, filtered water reservoir, intake, new pump, additions to building, river crossing pipe, and all additional machinery and piping, \$1,527,000; new pumps at Brilliant and distributing main to the South Side, \$795,000; forty per cent of meter system for South Side, \$102,000. Total additions for supplying the South Side, \$2,424,000. Total estimated cost of supplying the entire city by enlargement of present designed filter plant and extension to South Side, \$7,152,000.

Appended is the report of the filtration engineer, with tables and explanatory matter, conveying more minute details than are presented in this general statement.

In preparing the facts and figures embraced in this report, no serviceable source of information has been overlooked. The principal filtration plants in the country have been examined, necessitating visits to many cities, and the details of construction, capacity and cost

noted in every instance. The information thus gained, taken in conjunction with that locally available, as a result of the various steps toward the construction of a filtration plant, enables me to state accurately the requirements to be met in our city and the outlay involved.

Very respectfully,

EDWARD M. BIGELOW,

Director Department of Public Works.

Office of

Bureau of Filtration.

MORRIS KNOWLES,

Resident Engineer.

PITTSBURGH, PA., September 11th, 1903.

E. M. BIGELOW, Esq.,

Director Department of Public Works,

Pittsburg, Penn'a.

Dear Sir:—

In accordance with your instructions, and as has been outlined in several conferences, the undersigned submits herewith a report and estimate of the cost of the proposed filtration plant sufficient in size to provide for the whole city of Pittsburg and for metering the services.

The methods by and the data from which the various items have been estimated will appear in the individual cases, but first it is best to state the amount of water for which it is necessary to provide filtering capacity and the various works. This information is given in detail in Appendix No. 1, dated August 27th, and also upon a diagram which accompanies this report. From an inspection of this diagram and from the table contained in the Appendix, it will be seen in the first place, that on account of delay in beginning the construction of the filtration plant, the one for 50,000,000 gallons average daily capacity, as planned by the Filtration Commission, is no longer ample for the needs of the first twenty-three wards of the city. There is being pumped to-day an average of 69 million gallons each 24 hours and, it is believed, by 1906, which is the earliest possible date by which the filtration plant can be completed, that even with good progress in the installation of meters, the use of water will be 68 million, or so nearly the figure of this year, that it is necessary in the first place to provide for enlarging filtration plant already designed, to be sufficient in capacity to provide for an average daily pumpage of 70 million gallons. It is expected that when this is provided for it will satisfy the needs of the city until 1925, provided good success be obtained with the introduction of meters. This increase of average daily capacity to 70 million gallons means an increase of total maximum daily capacity of 105 million gallons; or, in other words, 10 additional filters at a rate of 3 million gallons will be needed for this increase and this is the work which is provided for in Estimate No. 2.

The estimate submitted by this office September 2, 1902, for Contracts Nos. 1 to 7, being for a plant of an average daily

capacity of 50 million gallons, has been used in the present instance as a basis of new estimates. Prices for material have somewhat decreased since this estimate was made, and it is possible that they will still further go down within the next season before contracts can be let for construction, but at the same time the price for labor is an uncertain factor and is somewhat higher than a year ago; thus it is not believed wise, at the present time, to change the former estimates and it is safe to use the detail prices of this estimate as the basis for preparing new ones.

The additional cost of new filters and later for adding new intakes, pumping machinery, buildings and river crossing are based upon approximate estimates of quantities for the new work, taken from sketch plans and by using the same unit price for items as in the original estimate. While this is not as exact as will be obtained from contract letting plans, it is deemed to be sufficiently close for this purpose to cover all reasonable contingencies.

The cost of installing the meter system in the first twenty-three wards of the city, as given in the estimate of September 2nd, 1902, was taken from an estimate made April 1st, 1902, on the basis that 35,000 were in use at that time.

To provide for all the services which will be in use in 1906, will require 6,000 more, as about 1,500 taps are added per year; this means an additional expenditure of \$112,000. However, as only 40 per cent of all the meters can be installed by 1906, it is believed it is sufficient to provide for money in this estimate for only 40 per cent of the meters, which is the expected number to be installed at that date. The cost of metering the remaining services, including those which are added between 1906 and 1910, or such other date as the work will be completed, must be provided for at that time.

The sum of \$102,000 for installing meters on the South Side was derived in the following manner:—It is stated at the present time, that the services in the city on the South side of the Monongahela river number about 1-3 of those in the North side and, lacking sufficient information to make a detail estimate of the cost of metering these services, we have estimated this figure at 1-3 of the total cost of metering the first twenty-three wards of the city by 1906. Although the city cannot install meters on the South Side before 1906, the necessary money is allowed, because the capacity of the proposed filter plant is based upon such use of meters and the expense of installation must be met by the city some time, even if later in the purchase of the works.

The estimates for covering the filters, as requested by you, have been derived in the following manner:—No detail plans of covering the beds already designed have been prepared, but a careful investigation of the costs of covering the various covered filter plants, now in existence or being built in this country, has

been made and it has been found that the cost for additional increase in the thickness of floors, additions for piers, arches, centering, filling over arches, seeding, roof drains, sand incline, ventilators and all necessary costs, including the appropriate charges for engineering and contingencies, vary between 35 and 50 cents per square foot. I have thought it best for our conditions to use \$11-2 cents, or \$18,000 per acre of net filter area.

Estimate No. 2 has been prepared upon basis of adding 10 filters to the plant and the necessary piping and fixtures, and is what is needed in addition to the previous estimated cost to supply filtered water to the first twenty-three wards.

Estimate No. 3 has been made up on the basis of adding 10 additional filters to the filter plant as increased in Estimate No. 2, for the first twenty-three wards of the city, viz: So as to make 45 filters with one additional settling basin. There is also provided an additional intake, one additional pumping engine, with the necessary other machinery, additional filtered water reservoir capacity and one additional pipe across the river to Brilliant. There is also provided in this estimate two additional fifteen million gallon pumps at Brilliant pumping station to deliver water into Highland reservoir No. 2; also a 42-inch main distribution line, of 25 million gallons daily capacity, from Highland reservoir No. 2, to the main pipes of the distribution system of the South Side.

Respectfully submitted,

MORRIS KNOWLES.

Filtration Engineer.

I hereby certify that the figures in the accompanying estimates for machinery, pipe lines, pumpage and cost of metering, have been personally worked out and that all other figures have been examined and are reasonable.

*The estimate for installing meters is finally made up on the basis of assuming that the cost of installing the 40 per cent of meters, which can be placed by 1906, will be met by the bond issue and the cost of the remaining 60 per cent to 1910, plus the yearly addition to that time, will be met as required, but not out of this immediate issue. The amount needed at once is 40 per cent of \$766,000; equal \$306,400, or \$318,000, less than previously estimated.

This figure increased from the former estimate by \$869,53, for interest payment on land condemned from Delafield property and also rounded to the nearest thousand dollars.

APPENDIX NO. 1.

PITTSBURGH, PA., August 27, 1903.

DEPARTMENT OF PUBLIC WORKS FILTRATION.

Memorandum in regard to Population and
use of water to accompany Table
and Diagram.

POPULATIONS.—The population of 1890 and 1900 are those given in the census reports. The population for 1903 is estimated both from the increase in population from 1897 to 1900, and also from a comparison of the increase in the school census of the building permits.

It will be found that the population of the wards 1 to 23 has increased at the rate of 4.9 per cent per year from 1900 to 1903 and an increase of 40 per cent in ten years has been used to produce the population given in the tables up to 1930, starting with the population of 1900 it will be noticed that the figure for 1930 is 70,000 greater than that given on page 74 of the Filtration Commission Report, and this is due to the fact that the population for 1900 was estimated too low at that time, and the rate of increase up to the present has been much greater, i. e. — 4.9 per cent (per year) than that allowed on page 74, which was only 37 per cent, in ten years.

The population of the 37th ward has been estimated in a similar way, but it also has to be governed by the density, which has been estimated at 53 people per acre in 1930. This does not seem excessive, as at present it is now about 20 per acre.

It is a well known fact that the South Side is not increasing in population as rapidly as that portion of the city between the two rivers, especially as the East End district, and our allowance for this portion of the city have thus been less than elsewhere.

The increase for the whole of the city has been going on at the rate of 40 per cent, in ten years since 1900, and we have adopted a ratio of increase of 35 per cent, for each ten years, up to 1930, starting with the population of 1900 as a basis. This produces a population of 70,000 more than was given on page 74 of the Filtration Commission Report, and the reason is the same as previously given for the first 23 wards.

Mr. Reitz moved

That further reading of the report be dispensed with.

Which motion prevailed.

And the question recurring on the motion of Mr. Sterrett,

The motion prevailed.

Mr. Armstrong moved.

That Council do now adjourn.
Which motion did not prevail.

Mr. Sahnner, from the Special Joint Committee on street repaving, presented

C. C. No. 1399.

PITTSBURGH, July 13th, 1903.

To Select and Common Councils of the City of
Pittsburgh:

Gentlemen:—The Joint Committee, appointed to distribute Appropriation No. 37, for street repaving, under the terms of Appropriation Ordinance for 1903, finds that the fund available under that appropriation for the current fiscal year is \$76,435.97. There is also available \$1,500, appropriated by error in 1900, for the repaving of Congress street, which sum had already been provided for in 1899, and \$1,650.00, appropriated by error in 1901, for the repaving of Logan street, which sum had already been provided for in 1900, thus making a total of \$79,585.97, available for repaving during this year.

Your Committee respectfully reports that, at its meeting held this day, it has distributed the money in Appropriation No. 37, according to the following schedule:

Homewood avenue	\$ 5,000
Smallman street from 25th street east	15,000
Fifth avenue from Oakland avenue west	4,000
Howe street from Highland avenue east	5,000
Sheridan street from Penn avenue to Centre avenue	2,000
Forbes street (one-third), from Craft avenue to Craig street	6,000
St. Clair street, from Penn avenue to Baum avenue	4,000
Forty-fifth street, from end of pavement to Church	8,000
Thirty-ninth street, from Penn avenue to Liberty street	8,000
Hazel street	2,000
Scott street	2,500
Marion street	5,000
Plus street, from Yard's alley to South 18th street	5,000
South 21st street, from Josephine street south	5,000
South 12th street, from Bradford street south	2,000
Total	\$78,300

Respectfully submitted,

GEBHART SAHNER,
Chairman.

Which was read.

Mr. Sahnner moved

That the report be adopted.

Which motion prevailed.

Mr. Sahnner presented

No. 1400. Resolved, That, in the event of there being a balance remaining in Appropriation No. 37, Street Repaving for the year 1903, item, "Plus street, between Yard alley and South 18th street," that the same be transferred to Appropriation No. 48, Boardwalks and Steps, item, "Boardwalks and steps in the 27th ward." Which was referred to the Committee on Finance.

The Chair took up

C. C. Bill No. 976. An Ordinance providing for the letting of a contract for the collection, removal and disposal of garbage, offal, dead animals and condemned meat in the city of Pittsburg.

In Common Council June 15th, 1903, Rule suspended, read a first and second times, amended by striking out paragraph 30, and as amended agreed to.

Which was read.

Mr. Stevenson moved

That Council resolved itself into a committee of the whole for the purpose of further consideration of the bill.

Which motion prevailed.

The Chair appointing Mr. Crawford (D. F.) as Chairman.

The Committee of the Whole having arose.

Mr. Crawford (D. F.) reported the action of the Committee to Council.

That the Committee amended the bill by striking out on page 2, line 11, the figures, eighty thousand dollars (\$80,000) and substituting in lieu thereof the figures, Eighty-nine Thousand Nine Hundred and Forty-eight Dollars and Ninety-five cents (\$8,948 95) and moved that Council concur in the amendment as made in the Committee of the Whole.

Which motion prevailed.

The Chairman called up

C. C. Bill No. 1032. An Ordinance amending an ordinance entitled, "An Ordinance fixing the number and salaries of officers and employes in the Department of Public Works." Approved April 9th, 1903.

In Common Council June 15th, 1903, read a first time.

Mr. Leslie moved

That further action on the bill be postponed until the next meeting.

Which motion prevailed.

BUSINESS FROM SELECT COUNCIL.

C. C. Bill No. 1127. An Ordinance authorizing and empowering the Board of Trustees of the Carnegie Institute and their successors, to enter upon, use, occupy and hold, certain land and real estate in the 22nd ward, Pittsburg, for the purpose of establishing and maintaining

thereon Technological Schools and to erect buildings thereon for said purposes.

In Select Council September 14, 1903. Passed.

Which was read.

Mr. Leslie moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Whereas, The City of Pittsburgh, in and by an ordinance entitled, "An Ordinance fixing the number and salaries of officers and employes in the Department of Public Works," duly approved on the 9th day of April, 1903, fixed the number and salaries of the employes in the said Department of Public Works; and

Whereas, In the consideration and passage of said ordinance, the employes of the Laboratory were overlooked and no provision was made for the payment of such employes; and

Whereas, The said Department of Public Works has been obliged to employ the usual force in its Laboratory for the performance of work absolutely necessary to the city, and has employed for said work the following named persons, at the following salaries, which are at the same rate as theretofore paid for such duty:

W. H. Coster, Chemist and Biologist.....	\$125.00 per month
D. N. Buck, Assistant.....	75.00 per month
M. Van Grundy, Assistant.....	75.00 per month
M. S. Evans, Assistant.....	75.00 per month
Patrick Ging, Assistant.....	50.00 per month

Now, therefore, be it

Resolved, That the City Controller be and he is hereby authorized and directed to countersign warrants in favor of

W. H. Coster, Chemist and Biologist.....	\$591.35
D. N. Buck, Assistant.....	103.85
M. Van Grundy, Assistant.....	25.96
M. S. Evans, Assistant.....	375.00
Patrick Ging, Assistant.....	236.54

Being the amounts due said employes up to and including August 31st, 1903, and charge to Appropriation 32.

Which were referred to the Committee on Finance.

Mr. Bole presented

No. 1404. Dedication of Brown's alley, from Millvale avenue to J. W. Wiley's plan of lots, Nineteenth Ward.

Which was referred to the Committee on Public Works.

Mr. Brown presented

No. 1405. Whereas, Councils, by Resolution dated Sept. 14th, 1903, referred the Report of the Director of the Department of Public Works on the subject of the estimated cost of the proposed Sand Filtration Plant for the City of Pittsburgh to the Committee on Finance, with the necessary power to inquire into the matter and report the same to Councils; and

Whereas, In order to relieve the public mind of any doubts as to the correctness of the estimates of the proposed work, it is deemed advisable to secure the services and procure an opinion of three experts, of national reputation upon the subject, to verify the figures submitted to Councils by the Director of the Department of Public Works; therefore, be it

Resolved, That the Committee on Finance shall be and are hereby authorized to employ Col. Alexander M. Miller, of Washington, D. C.; John W. Hill, of the city of Philadelphia; and Rudolph Herring, of the city of New York, to verify and make a report on or before Dec. 1st, 1903, to the Committee on Finance, as to the correctness of the estimates made by the Director of the Department of Public Works; and in case of the declination of any or all of said three experts to accept the foresaid appointment, then the Mayor and the respective Presidents of the Councils of the City of Pittsburgh are hereby authorized to employ and appoint some other like expert or experts to fill any such vacancy or vacancies for the purpose aforesaid.

Resolved. That all expenses incurred in the investigation shall be paid by the Controller on vouchers approved by the Committee on Finance, and charged by him to the Contingent Fund.

Mr. Stevenson moved

To suspend the rule so that the Finance Committee could sit during this session of Council.

Which motion prevailed and the committee retired.

Mr. Baldauf presented

No. 1406. Whereas, Councils of the City of Pittsburgh, by an ordinance approved Oct. 28th, 1902, have authorized the opening of Mission street, between South Eighteenth street extension and Sterling street; and

Whereas, The said opening of Mission street will leave certain properties that abut on the northerly and southerly sides of Olcott street in such shape that the owners thereof cannot be assessed for the opening of said Mission street, as said properties do not now abut on Mission street, as now located, and in order that the owners of said properties may be assessed for the opening of said Mission street, it will be necessary to vacate three parts or parcels of ground within the lines of Olcott street, between Norwood street and Greeley street; therefore, be it

Resolved, That the owners of said properties abutting on Olcott street, between the above mentioned points, shall be and they are hereby exonerated from the payment of all costs and expenses incurred in the said vacation, and that said costs be charged to the City of Pittsburgh.

Also

No. 1407. Petition for the vacation of Olcott street, between Norwood street and Greeley street.

Also

No. 1408. An Ordinance authorizing the vacation of three parts or parcels of ground within the lines of Olcott street, between Norwood street and Greeley street.

Which were severally referred to the Committee on Surveys.

The Chair took up

UNFINISHED BUSINESS OF COMMON COUNCIL.

C. C. Bill No. 1138. An Ordinance amending Section 1 of an ordinance entitled "An Ordinance fixing the number and salaries of officers and employes in the Department of Public Safety." Approved April 9, 1903.

In Common Council June 15, 1903. Read a first time,

Which was read a second time.

Mr. Leslie moved

To strike out on page 18, line 93, of the bill, the words "Five plug inspectors per day, each \$2.00."

Which motion prevailed.

Mr. Willey moved

To strike out on page 17, line 87, the words, "One harness maker per month, \$80.00, and insert in lieu thereof one harness maker per month \$90.00."

Which motion prevailed.

The Chair stated the bill would have to go over for reprinting.

Mr. Leslie called up

C. C. Bill No. 1082. An ordinance amending an Ordinance entitled "An Ordinance fixing the number and salaries of officers and employes in the Department of Public Works." Approved April 9, 1903.

In Common Council June 15, 1903. Read a first time.

In Common Council September 14, 1903. Further action postponed until the next meeting.

Which was read a second time.

Mr. Brand moved

That the bill be considered serialim.

Upon which motion Mr. Leslie demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Armstrong	Edwards	Sheehan
Bechner	Leslie	Stevenson
Brand	Lewis, John	Wasson
Cavett	Rodgers	West
Cross	Sahner	

Crawford, C. S. President.

NOES—Messrs.

Mr. Leslie, before announcing his vote, said: "I do not deem the change of phraseology in any way improves the ordinance, and I will therefore have to vote 'no.'"

Mr. Wolfe, before announcing his vote, said: "I don't believe the ordinance is right; it is wrong in its inception and will not stand. I therefore refuse to vote on it."

President Crawford, before announcing his vote, said: "A clause of this kind is dangerous in any ordinance introduced in Councils. I will therefore vote to strike it out."

And there being 29 votes in the affirmative and 14 in the negative, the motion prevailed.

Mr. Armstrong moved

To amend the bill by changing the figures \$1.65 per day wherever they occur in this ordinance in respect to laborers' wages and insert in lieu thereof \$1.75 per day.

Which motion prevailed.

Mr. Brand moved

To amend the bill by striking out on page 18, line 48, the words "Stable foremen per day, each, \$1.75" and insert in lieu thereof "Stable foremen per day, each, \$2.00."

Mr. Wymard moved

To amend the motion by changing it from \$2.00 per day, each, to \$2.50 per day each.

Mr. Brand accepted the amendment, and the motion as amended prevailed.

Mr. Stevenson moved

That further action on the bill be postponed until the next regular meeting.

Mr. Wasson moved

To amend the motion by "requesting the Director and chiefs of the bureaus of the Department of Public Works to be present in order that they may be interrogated as to the number of persons necessary to fill positions, where not stated in the ordinance."

Mr. Stevenson accepted the amendment, and the motion as amended prevailed.

Mr. Stevenson presented

No. 1409.

PITTSBURGH, PA., September 18, 1903.

To the Select and Common Councils of the City of Pittsburgh.

GENTLEMEN:

Your Committee on Finance respectfully return herewith the following:

C. C. Bill No. 1340. An Ordinance establishing and levying license taxes for general revenue purposes upon street railways, telephone, telegraph, electric light or power, water, gas and heat companies and corporations doing business in the City of Pittsburgh, regulating the time and manner of collection and imposing penalty for default in the payment.

Amended as shown in red ink, with an affirmative recommendation.

The City Solicitor, to whom this ordinance was referred in conjunction with your Committee on Finance, was present at the time of its consideration by the Committee, and at his suggestion the amendments were made.

The City Solicitor stated that in his opinion the ordinance, as amended, was in legal shape, and that the license tax could be levied and collected under the Act of 1901 and the several supplements thereto. He further stated that the ordinance was drawn to cover but one year, as he believed it must be incorporated annually in the ordinance "levying taxes and assessing water rents," in order that it might conform to the authority to levy such license tax conferred by the Act of 1901.

Respectfully submitted,

W. H. STEVENSON,

Chairman.

Attest: E. S. MORROW.

Which was read, received and filed.

C. C. Bill No. 1340. An Ordinance establishing and levying license taxes for general revenue purposes upon street railways, telephone, telegraph, electric light or power, water, gas and heat companies or corporations doing business in the City of Pittsburgh, regulating the collection of the same, and imposing penalty for default in payment.

Which was read.

Mr. Stevenson moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to

And the title of the bill was read and agreed to.

And on the question "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

AYES—Messrs.

C. C. No. 1342. An Ordinance for the issuing of \$225,000 bonds, to be known as Temporary Health Loan Bonds.

Respectfully submitted,

W. H. STEVENSON,

Chairman.

Which was read, received and filed.

C. C. Bill No. 1339. An Ordinance fixing and establishing the annual license fees to be paid for switches, turn outs, etc., located upon, across or over any public street, lane, alley or highway within the limits of the city of Pittsburgh, and prescribing the manner of collecting the same.

Which was read.

Mr. Stevenson moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to

And the title of the bill was read and agreed to.

And on the question "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

AYES—39.

NOES—None.

And a majority of the votes of Common Council being in the affirmative, the bill passed finally.

And the Clerk was directed to message the same to Select Council for concurrence.

Mr. Stevenson presented

From the Committee on Finance, with an affirmative recommendation.

C. C. No. 1405.

Whereas, Councils, by Resolution dated Sept. 14th, 1903, referred the Report of the Director of the Department of Public Works on the subject of the estimated cost of the proposed Sand Filtration Plant for the City of Pittsburgh to the Committee on Finance, with the necessary power to inquire into the matter and report the same to Councils; and

Whereas, In order to relieve the public mind of any doubt as to the correctness of the estimates of the proposed work, it is deemed advisable to secure the services and procure an opinion of three experts of national reputation upon the subject, to verify the figures submitted to Councils by the Director of the Department of Public Works; therefore, be it

Resolved, That the Committee on Finance shall be and are hereby authorized to employ Col. Alexander M. Miller, of Washington City, D. C.; John W. Hill, of the city of Philadelphia; and Rudolph Herring, of the city of New York, to verify and make a report on or before Dec. 1st, 1905, to the Committee on Finance as to the correctness of the estimates made by the Director of the Department of Public Works; and in case of the declination of any or all of said three experts to accept the aforesaid appointment, then the Mayor and the respective Presidents of Councils of the City of Pittsburgh are hereby authorized to employ and appoint some other like expert or experts to fill any such vacancy or vacancies for the purpose aforesaid.

Resolved, That all expenses incurred in the investigation shall be paid by the Controller on vouchers approved by the Committee on Finance, and charged by him to the Contingent Fund.

Which was read.

Mr. Stevenson moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the resolution was read the second time.

Mr. Wasson moved

To amend the resolution by adding the words "and further to make a report and an estimate as to the cost of a sand filtration plant, sufficient in size, in their judgment, to supply the entire city of Pittsburgh with filtered water."

Upon which motion Mr. Wasson demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Brand	Leslie	Shaw
Cross	Lewis, John	Wasson

Beckert	Lamb	Soffel
Bole	Lauler	Stevenson
Bonini	Lewis, David	Walls
Crawford D F	Martin	Willey
Delaney	McNally	Wolfe
Fitzpatrick	Sahner	Wymard

Mr. Stevenson, before announcing his vote, said: "I wish to make a statement on my vote. I believe that a 90,000,000 gallon plant is not too large for the city, and I also believe that the resolution presented covers the case, and that the Finance Committee has power to get any information from these experts that it may desire. I therefore vote 'no' against the amendment."

And there being 10 votes in the affirmative and 27 in the negative, the amendment did not prevail.

And the resolution as read a second time was agreed to.

And the rule being suspended, the resolution was read a third time, and upon final passage, the ayes and noes were taken, and being taken were:

AYES—Messrs.

Baldauf	Hughes	Schuck

Also

S. C. Bill No. 644. An Ordinance re-establishing the grade of Fisk street, from Liberty avenue to Penn avenue.

Mr. Willey moved

That the bill be referred back to the Committee on Surveys.

Which motion prevailed.

Mr. Brand presented

No. 1449.

Whereas, The Chairman of the Committee on Finance, and a member of Common Council from the Fourteenth ward, Mr. W. H. Stevenson, at a meeting of this body, held on June 8th, 1903, introduced C. C. Bill No. 1186

An Ordinance authorizing and directing the sale to Jones & Laughlin Steel Company of a certain lot or piece of ground on the south side of Second avenue, in the Fourteenth ward, etc., which ordinance provided for the sale of said property for the sum of \$3,500, an amount far below the actual value of the said property; and

Whereas, The Chairman of the Committee on Finance had returned to Council, with the affirmative recommendation of the said Finance Committee, said ordinance to sell said property for the sum of \$3,500, when he held a proposition from the said firm of Jones & Laughlin to pay \$5,000 for said property; therefore be it

Resolved, That the President of Common Council appoint a committee of three (3) members from this body to investigate the action of the Chairman of the Finance Committee in this matter, and to determine whether he was trying to dispose of the property of the city at \$3,500 when he had an offer of \$5,000; and be it further

Resolved, That the said committee have the power to hold meetings and subpoena and examine witnesses, under oath.

Mr. McNeill moved

That the resolution be laid on the table.

Upon which motion Mr. Brand demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Baldauf	Martin	Shaw
Barker	McNeill	Shearer
Bechner	O'Brien, Thos	Walls
Bote	Reitz	Willey
Delaney	Sahner	Wolfe
Fitzpatrick	Schad	Wymard

NOES—Messrs.

Armstrong	Edwards	Moore
Barr	Hogue	McNally
Beckert	Lanier	Rodgers
Brand	Leslie	Sammelrock
Cavett	Lewis, David	Wasson
Cross	Lewis, John	West

Mr. Wasson, before announcing his vote, said:

"In explanation of my vote I wish to say that there is an imputation in the resolution presented by the gentleman of the Seventeenth ward, and I think that the resolution should pass in order to see whether there is any foundation for the resolution, and that he either be cleared or found guilty of the imputation in the resolution. I therefore vote "No."

And there being 23 votes in the affirmative and 18 in the negative, the motion prevailed.

Mr. Stevenson arose to a question of personal privilege.

The Chair:

"State your question of personal privilege."

Mr. Stevenson:

"I wish to make an explanation of my action in regard to this ordinance."

The Chair:

"I see no objection to your being heard."

Mr. Stevenson said:

"I only wish to say a few words in explanation to the action I took in reference to this ordinance. It was introduced in June and went to the Finance Committee, who referred it to a sub-committee. The sub-committee reported it back to the Finance Committee with the sum of \$3,500 in it, and the Finance Committee affirmatively recommended it in July. We had strenuous times in this body at that time, and the ordinance did not get up until September. It was not brought up until after I returned from my summer vacation. The Director of the Department of Public Safety said that \$3,500 was not enough for the property, and that it was worth more money. Shortly afterward the Director said the property was worth \$5,000, and I told him that if that was the case we would amend the ordinance. Shortly after that the representative of Jones & Laughlin came to me, and I told him to see the Director, and the Director told him what he told me. He said: 'We want the property, and the people have found it out and want to advance the price.' The Mayor and the Director of the Department of Public Safety said it was worth more, and I made the proposition two weeks ago, at the last meeting, to amend the ordinance, to read \$5,000."

Mr. Brand arose to a question of personal privilege, and said:

"I thought it was a most urgent matter to introduce this resolution and have the matter sifted thoroughly. I was acting within the bounds of a business man and without any personal feeling in the matter. The gentleman made a statement that he had an offer of \$5,000 from Jones & Laughlin, and the question is—did he have the proposition in his pocket when the matter was under discussion by this body? I know it to be a fact that the property was never advertised for sale, and I thought it no more than proper to investigate the action of the gentleman in regard to the sale of this property, and to place the responsibility where it belongs."

Mr. McNeill moved

That Council do now adjourn.

Mr. Stevenson moved

To amend by adding, "until next Monday."

On request of Mr. Wasson, who stated he had several important papers to offer, Mr. McNeill withdrew his motion.

Mr. Wasson presented

No. 1450.

Whereas, An Ordinance entitled "An Ordinance relating to the collection of delinquent taxes, and providing for the abolishment of the separate office of Director of the Department of Collector of Delinquent Taxes, the appointment, powers and duties of the City Treasurer as Collector of Delinquent Taxes, the payment to the City of all fees and commissions, the transfer of books and papers, and the audit and settlement of the accounts of the present Collector," and being Common Council Ordinance No. C. C. 1354, was heretofore introduced and referred to the Finance Committee; and

Whereas, An Ordinance entitled "An Ordinance relating to the Department of the Collector of Delinquent Taxes, and fixing the salary thereof," and being Common Council Ordinance No. C. C. 1289, was heretofore introduced and referred to the Finance Committee; and

Whereas, The said ordinances have not been reported back to this body, with either an affirmative or negative recommendation, but are still pending in said committee; therefore be it

Resolved, That the said ordinance be and they are hereby recalled from the consideration of the Finance Committee, and that the said committee be and is hereby discharged from further consideration thereof.

Which was read.

Mr. Wasson moved

That the resolution be adopted.

Upon which motion **Mr. Wasson** demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Armstrong	Cross	Rodgers

Crawford, C. S., President.

The **Chair**, before announcing his vote, said:

"In explanation of my vote, I will not refer to the merits of the office of the Collector of Delinquent Taxes, but I think the ordinance ought to remain in the sub-committee until they report to us. I therefore vote 'No.'"

And there being 14 votes in the affirmative and 28 votes in the negative, the motion did not prevail.

Mr. Stevenson called up

C. C. Bill No. 1235. An Ordinance amending section 1 of an ordinance entitled "An Ordinance authorizing and providing for the appointment and employment of officers, physicians, clerks, mechanics, laborers and other employes of the Department of Charities and Correction, and fixing the number and pay of the same.

Also

No. 1452. An Ordinance establishing the grade of Milfin street, from Fortieth street to Fisk street.

Which was referred to the Committee on Surveys.

Mr. **Bole** presented

No. 1453.

Whereas, It is absolutely necessary for the City of Pittsburgh to lay water pipes on Mellon street, between Wellesley avenue and Hampton street, and on Portland street, between Wellesley avenue and Wellston alley, because of the number of houses built upon property belonging to McCargo & Miller; and

Whereas, It appears that no sufficient appropriation has been made for the fiscal year 1903 to enable the City of Pittsburgh to itself lay said pipe; now, therefore be it

Resolved, That the City of Pittsburgh hereby gives its consent to McCargo & Miller, and they are hereby authorized and empowered to lay the said pipes under the direction and supervision of the Director of the Department of Public Works of the said city, and at a cost to be approved by him, the said Director; provided, that the City of Pittsburgh shall have the right and option, at its election, to purchase from the said McCargo & Miller all of the said pipes, plugs and appurtenances, laid or established under this agreement, at any time in the future it sees fit so to do, for a price not exceeding the actual cost of the laying and establishing the said pipes, plugs and appurtenances; and provided further, that the cost of laying and establishing the said pipes, plugs and appurtenances shall not in any event exceed the sum of twelve hundred dollars (\$1200.00).

Which was referred to the Committee on Finance.

Mr. **Bechner** presented

No. 1454. An Ordinance authorizing and directing the purchase from Samuel S. Brown of a water pipe line, together with all pipes, fire hydrants and appurtenances, as laid or established on the road known as "The approach to Brown's bridge," in the Twenty-third ward of the City of Pittsburgh, commencing at a point on Hazelwood avenue, near Beechwood avenue, and running along said road or approach a distance of about twenty-nine hundred feet, more or less, under and by virtue of a Resolution of Councils, approved March 7, 1902, and providing for the payment of the purchase money therefore out of Appropriation No. 95.

Which was referred to the Committee on Finance.

Which was referred to the Committee on Surveys.

Mr. Reitz presented

No. 1467.

Whereas, The City of Pittsburgh at M. L. D. 64, September Term, 1903, has filed a municipal claim for constructing a sewer on Coleman street, Twenty-third ward, against Miriam Hayes, upon land alleged to belong to her, to-

wit: upon property on the west side of Coleman street, at the corner of Alger street; thence along Coleman street, one hundred and twenty feet to Donegal alley, and thence extending back ninety feet; and

Whereas, Said property consists of four thirty-foot lots, each fronting on Coleman street and extending back as aforesaid; and

Whereas, As it is herein alleged, Miriam Hays does not now, or at any time did own the lot on the corner of Coleman street and Alger street, fronting thirty feet on Coleman street and running back along Alger street ninety feet; and

Whereas, The lot fronting thirty feet on Coleman street, at the corner of Donegal alley and running back along Donegal alley ninety feet, was not assessed by the Viewers on their report for any portion of said cost of said sewer, as will from inspection thereof appear; and

Whereas, From these, it results that Miriam Hays is liable only for two-thirds of the amount of said lien upon a lot fronting sixty feet on Coleman street, west side, extending back ninety feet; therefore, be it

Resolved, By the Councils of the City of Pittsburgh, That the City Solicitor be and he is hereby authorized to accept and receive from Miriam Hays, her proportionate two-thirds share of the said lien as aforesaid, and upon receipt of the same and any costs thereon to release, upon the record, from the lien of said M. L. D. 64, September Term, 1903, the following described property of Miriam Hayes, viz.: all that certain lot on the west side of Coleman street, beginning thirty feet from the corner of Alger street; thence along Coleman street ninety feet to Donegal alley; and thence extending back, preserving the same width, ninety feet.

Which was referred to the Committee on Finance.

Mr. Stevenson presented

Which was referred to the Committee on Finance.

REPORTS OF COMMITTEES.

Mr. Stevenson presented

No. 1469. Report of the Committee on Finance of October 16, 1903.

Which was read, received and filed.

Also

From the Committee on Finance with a negative recommendation,

C. C. Bill No. 1080.

Whereas, An assessment was levied for the construction of public sewer on Second avenue, from Johnston avenue to Vespuccius street; and

Whereas, On an appeal from the Board of Viewers, said assessment was reduced and the water shed assessment charge revoked; and

Whereas, Before said appeal E. C. Sutch, who was assessed by the Board of Viewers with the sum of sixteen dollars and twenty cents (\$16.20), paid the same to the City Treasurer on the 20th of November, 1894; and

Whereas, Under decision of the Court he was not liable for said assessment and desires to have the same refunded; therefore

Resolved, That the City Controller be and he is hereby authorized and directed to countersign a warrant in favor of E. C. Sutch, for sixteen dollars and twenty cents (\$16.20), and charge the same to Appropriation No. 42.

Mr. McNeil moved

That further action on the resolution be indefinitely postponed.

Which motion prevailed.

Mr. Stevenson presented

From the Committee on Finance with an affirmative recommendation,

C. C. Bill No. 1438. Resolution authorizing the issuing of a warrant in favor of Garey & Kilsane for the sum of ninety dollars and fifty cents (\$90.50) for extra work on sewer erected at No. 2 Police station, corner Centre avenue and Devillers street, Thirteenth ward, and charge same to the account of Appropriation No. 22, Bureau of Police.

Which was read.

Whereas, in proceedings in the Court of Common Pleas No. 3 of Allegheny county, at No. 346 May Term, 1902, upon the petition of the City of Pittsburgh in the matter of the grading, paving and curbing of Shakespeare street there was assessed against Henry J. Thoma the sum of seventy-one dollars and eighty cents (\$71.80), for alleged benefits to his property situate on the southerly side of Centre avenue, and erroneously supposed to abut upon said improvement;

And whereas, no portion of the property of said Henry J. Thoma against which said assessment was so undertaken to be made does in fact touch, front or abut upon said Shakespeare street, nor any part of said improvement;

And whereas, the assessment so made against Henry J. Thoma, is accordingly erroneous, unjust and illegal and tends or may tend to cloud or prejudice his title to said property; therefore be it

Resolved, That the City Solicitor shall and he is hereby authorized and directed to strike off said assessment and satisfy any liens filed therefor and charge the same and the cost to the City of Pittsburgh, and this shall be his sufficient warrant therefor.

Which was read.

Whereas, the City of Pittsburgh on the 16th day of August, 1894, at No. 295 September Term, 1894, P. M. L., in the Court of Common Pleas No. 1 of Allegheny county, filed a lien for the sum of one hundred and two dollars and fifty cents (\$122.50), with interest thereon from the 23rd day of March, 1894, against D. H. Barr, owner or reputed owner, and against all that certain lot or piece of ground situate in the Twenty-first ward of the City of Pittsburgh, bounded and described as follows:

Beginning on the northerly side of Susquehanna street at the corner of Nebbs lot; thence along the said street fifty feet to the corner of The National Homestead Loan and Trust Company's lot, and thence extending back one hundred feet, more or less, to Cassina alley, for the construction of a sewer on said Susquehanna and other streets,

And whereas, a judgment was on the 18th day of September, 1896, recovered on said lien for the sum of one hundred and twenty-two dollars and fifty-two cents (\$122.52).

And whereas, Mrs. Lizzie L. McCrory is the owner of lot No. 47, in plan of lots laid out by D. H. Barr, and recorded in Plan Book, vol. 11, page 42, being one-half of above described lot of ground, and the one-half of the same which adjoins the lot of ground of the said The National Homestead Loan and Trust Company, and is desirous of paying her proportionate share of said judgment, interest and costs.

Resolved, By Select and Common Councils of the City of Pittsburgh, that the City Solicitor be and he is hereby authorized and directed to release from aforesaid municipal lien No. 295 September Term 1894, and the judgment recovered thereon, the aforesaid lot of ground owned by Mrs. Lizzie L. McCrory, being lot No. 47 in D. H. Barr's plan of lots, upon payment by her of the sum of sixty-one dollars and twenty-five cents (\$61.25), with interest thereon from September 18th, 1896, and one-half of the cost accrued on said judgment.

Mr. Stevenson called up

The following resolutions which were referred to the City Solicitor for his opinion as to the legality of their passage in their present form, and as to the proper course to be pursued in regard to the same in the future.

C. C. Bill No. 1541.

Whereas, The Ordinance fixing the number and salaries of officers and employees in the Department of Public Safety, which became a law on the day of April, A. D. 1903, does not specifically authorize the Director of the Department of Public Safety to detail additional employees of the Bureau of Fire for clerical or other miscellaneous work, which is from time to time required by emergencies; and,

Whereas, the necessities and requirements in the Bureau of Fire have been such, that it was found necessary to detail employees for the performance of certain labors and duties other than those specifically enumerated in the above mentioned ordinance; now, therefore, be it

Resolved, That the Mayor shall be and he is hereby authorized, empowered and directed to issue warrants in favor of the following named persons for the amounts hereinbelow mentioned for services rendered in said Bureau of Fire, and the City Controller shall be and he is hereby authorized, empowered and directed to countersign the same, to-wit:

July, 1903.

Wm. H. Dunn, Harness Maker	\$81 53

Mr. Stevenson asked

That the City Solicitor's opinion be read.

No. 1494.

PITTSBURGH, PA., October 22, 1903.

To the Honorable, the Common Council of the City of Pittsburgh:

GENTLEMEN:

I have received certain resolutions, a list of which appears by letter from the clerk hereto attached, and which resolutions are herewith returned. The resolutions were referred to me for my opinion "as to the legality of their passage in their present form, and as to the proper course to be pursued in regard to the same in the future."

These resolutions all direct the payment of money out of the Treasury, and which money has not been previously appropriated, except generally by appropriation ordinance. The resolutions are legislative in character and should be passed like ordinances. Some of the resolutions are for extra work not included in contracts, and of course must be passed like all ordinances authorizing payment for extra work. And on this subject I call your attention to the following provision of the Wallace Bill, printed in Thompson's Digest, page 110, "No ordinance shall be passed, except by a two-thirds vote of both Councils, and approved by the Mayor, giving any extra compensation to any public officer, servant, employee, agent or contractor for services which have been rendered or contract made. Nor providing for the payment of any claim against the city without previous authority of law."

Yours truly,

W. B. RODGERS,
City Solicitor.

Which was read, received and filed.

Mr. Reitz moved

To refer the resolutions back to the City Solicitor for his opinion as to whether

resolutions of this character should be printed and advertised in the same manner as ordinances.

Which motion prevailed.

The Chair took up

S. C. No. 643.

Whereas, The Republican party was organized in Pittsburgh in 1854, and it would be peculiarly fitting that it should celebrate the fiftieth anniversary of its formation in the city of its nativity.

Whereas, No place has yet been selected for a meeting of the Republican National Convention of the year 1904 for the nomination of candidates for the offices of President and Vice President of the United States; and

Whereas, Many of the citizens of Pittsburgh, animated by civic pride, irrespective of party associations, have desired that said convention be held in this city; and

Whereas, The city of Pittsburgh has several halls in which said convention could be suitably held and has ample hotel accommodations necessary for delegates, newspaper correspondents and others who may be expected to attend such a national assemblage; and,

Whereas, It is believed that the holding of such a convention in the city of Pittsburgh would promote the interest and welfare of our city; therefore, be it

Resolved, By the Select and Common Councils of the city of Pittsburgh, that the National Republican Executive Committee be invited to designate the city of Pittsburgh as the place for holding the forthcoming convention.

Second.—That a joint committee of eleven, irrespective of party associations, be appointed by the Presidents of Council for the purpose of furthering the object in view, and that they be directed to co-operate with any committee or organization, having the same object in view.

Third.—That a copy of these resolutions be furnished to the Chairman of the National Republican Executive Committee and to each of the United States Senators from Pennsylvania and to each member of Congress from the county of Allegheny, and that they be severally urged and requested to lend their valuable aid and assistance to the promotion of the object we have in view.

Fourth. That the Mayor of the city and the other executive officers be invited to give their aid and assistance to this project.

Which was read.

Mr. Beckert moved

The adoption of the resolution.

Which motion prevailed.

Also

BUSINESS FROM SELECT COUNCIL.

S. C. No. 653.

MAYOR'S OFFICE.

PITTSBURGH, PA., October 12th, 1903.

To the Honorable, the Select and Common Councils of the City of Pittsburgh:

I enclose communication from the City Solicitor respecting the widening of Virgin alley, and which explains itself.

I have no recommendation to make, but deem it proper to give the Councils the facts in the case and call your attention to the fact that the city, as the report now stands, will be called on to pay a large sum of money and that there may be a future liability, owing to appeals, for an additional sum. I would suggest that if you desire to take any action upon this matter that it should be done as speedily as possible, because the report of the Viewers will be ready for filing within a short time.

Respectfully yours,

[Signed] W. B. HAYS,
Mayor.

S. C. No. 651.

DEPARTMENT OF LAW.

CITY OF PITTSBURGH, October 3d, 1903.

Hon. WILLIAM B. HAYS,
Mayor.

MY DEAR SIR:

The Viewers appointed by the Court of Common Pleas No. 1, of Allegheny County, to estimate and determine the damages and assess the special benefits, in the matter of the widening of Virgin alley from Liberty avenue to Smithfield street, have completed and signed a report, which they are about to file in court. I enclose herewith a copy of their schedule of damages and benefits.

The report shows the gross amount of damages to be \$1,335,275.86; from this amount the sum of \$538,302.35 is deducted as representing the total of specific benefits assessed against properties on the north side of the alley. The net amount of damages is \$808,973.51. These damages are allowed to the owners of property on the north side of the alley. The special benefits are assessed against the owners of property on the south side, and they amount to \$785,295.00, which includes an assessment of \$1,000.00 against the City of Pittsburgh, as special benefits to the City Hall property. There is an excess of damages over special benefits amounting to \$23,678.51. This amount is also assessed against the City of Pittsburgh. The law gives to the municipality the right to repeal its ordinance within thirty days after the filing of the report in court, provided, it shall not have entered upon, taken, appropriated or injured any of the property needed for the improvement. In which case it shall not be liable for any of the damages assessed, must pay all costs, together with any actual damage, loss or injury sustained, by reason of the proceedings.

In calling your attention to this report, I do not desire to be understood as suggesting the repeal of the ordinance. The matter, however, is of such public importance that the Mayor and City Councils should be advised of the situation at the present stage of proceedings.

Upon the filing of the report in Court, all parties interested have the right of appeal and trial by jury. It is of course, possible, on appeals and trials by jury, to increase the damages and decrease the amounts of special benefits. Any increase of damages or decrease of special benefits would very likely fall upon the city.

Respectfully,

[Signed] W. B. RODGERS,
City Solicitor.

PITTSBURGH, November 6, 1903.

Council met pursuant to the following call:

PITTSBURGH, November 5, 1903.

Mr. H. B. DAVIS,

Clerk of Common Council.

DEAR SIR:

Please call a special meeting of Common Council for Friday, November 6, 1903, at 3 o'clock P. M., to meet in Joint Session with Select Council for the purpose of taking appropriate action on the death of Mrs. Mary E. Schenley, which occurred at her residence in London, England, on November 4, 1903.

Yours truly,

W. B. HAYS,
Mayor.

Present—Messrs.

The Clerk read the call as above.

Mr. Stevenson moved

That Select Council be notified that Common Council is ready to meet in Joint Session.

Which motion prevailed.

And Select Council was so notified.

The Clerk of Select Council being introduced, he announced that Select Council had met and was ready to meet in Joint Session for the purpose of taking action on the death of Mrs. Schenley.

And Select Council having appeared, and being introduced, entered into

JOINT SESSION

The Chair (Mr. Murphy) said:

"This meeting has been called to take action on the death of Mrs. Mary E. Schenley. It is not necessary for me to say that it has been a hard blow to the people of this city, as they had learned to love her for her benevolence and good womanly character, and her death, at this time, is a hard blow indeed. Gentleman, the matter is in your hands, and I hope that suitable action will be taken."

Mr. Stevenson moved

That a committee of twelve be appointed, five from Select Council and seven from Common Council, to draw up and present an appropriate minute.

Which motion prevailed.

Mr. Stevenson moved

That the Clerk of Select Council be Clerk of the committee.

Which motion prevailed.

The following committee was appointed by the Presidents of the respective Councils:

Select Council—R. H. Douglas, W. J. Zahniser, W. E. Lang, J. W. Rublandt and Charles Stewart.

Common Council—W. H. Stevenson, J. P. Sterrett, W. B. Wolfe, G. W. McNeil, John Lewis, C. W. Cross and J. P. Baldauf.

The committee retired.

The Chair announced that the Joint Session would hear remarks.

President Crawford said:

"In the death of Mrs. Mary E. Schenley Pittsburgh loses a loyal, cherished friend! What she has done for Pittsburgh will never be forgotten, and as

time rolls by her munificent gifts will be appreciated more and more. The people of Pittsburgh had become so accustomed to using her name in connection with benevolent donations from her, and in particular in connection with the beautiful pleasure-ground attached to our city, that it has almost seemed as though she were one of Pittsburgh's citizens; and on account of her loyalty to her native city, and her bounteous gifts to us, it is indeed appropriate that we should convene to-day in honor of her memory.

"I am indebted to Mr. W. F. Aull for a brief sketch of the ancestors of Mrs. Schenley, which is as follows:

"Her maternal grandfather, General James O'Hara, came to Fort Pitt in 1773, and was an Indian trader before the Revolution. He entered the Revolutionary Army as a private and became Captain of the Ninth Virginia Regiment; he was assigned to the Quartermaster's Department and became Assistant Quartermaster. After the Revolution he became purchasing agent for the Government. He located at Pittsburgh and purchased much land in and around this city.

"In 1788, O'Hara was a Presidential Elector and cast his vote for George Washington. In 1792, he was appointed Quartermaster General—U. S. Army, and continued as such during the Whisky Insurrection of 1794 and Anthony Wayne's Indian campaigns in the Northwest in 1795. He erected the first glass works west of the Alleghany Mountains. He was a director in the first bank in Pittsburgh, in 1804, and he died at Pittsburgh, Pa., December 15, 1819, leaving three children; James O'Hara, Jr.; Elizabeth F., who married Harmar Denny; and Mary (the mother of Mrs. Schenley), who married William Croghan, Jr.

"General O'Hara, during his lifetime accumulated a vast estate, the principal part of which was in and around Pittsburgh.

"Her paternal grandfather was Major Wm. Croghan, native of Ireland, born 1760. He came to America when young and settled in Virginia. In 1776 he was Captain of the Fourth Regiment, Virginia Line, under Colonel John Neville; he afterwards became Major of the Regiment. He was with Washington at Trenton and Princeton; at Monmouth, Brandywine, Germantown and Valley Forge. He was a prisoner in the Carolinas, and was present at the Yorktown surrender. He came to Fort Pitt with Colonel John Neville in 1782. He moved to Locust Grove, near Louisville, Ken., in 1784, and remained there until he died in 1822. While in Kentucky he married a sister of General Geo. Rodgers Clark, of Revolutionary fame.

"Mrs. Schenley's father, William Croghan Jr., was born in Kentucky, but after he married Mary O'Hara, daughter of General James O'Hara, in 1821, he settled in Pittsburgh and remained

there the balance of his life. He was a remarkably handsome man and a perfect gentleman. He was an attorney, admitted to practice at the Allegheny County bar in May, 1835. He built and occupied that beautiful country seat called "Picnic," in the Eighteenth Ward, Pittsburgh, where he died September 22, 1890.

"Mrs. Schenley married, when quite young, Captain Edward W. H. Schenley, of the British Army, and lived in London ever since. She inherited, through her mother, one-third of the General James O'Hara estate, which has become very valuable.

"In 1846 Mrs. Schenley gave one-half of the ground now owned by the West Penn Hospital, and Mrs. Denny the other half.

"In 1889, she gave 300 acres of ground for Schenley Park.

"In 1890, she gave 5 acres of ground to the Blind Asylum.

"In 1894, she gave lot for Newsboys' Home.

"In 1895 she gave the Block House and grounds to the Daughters of the American Revolution."

Mr. Douglas presented, on behalf of the Special Committee, the following memorial minute:

No. 663.

With deep regret the people of Pittsburgh have learned of the death of Mrs. Mary Elizabeth Schenley, which took place at her residence in London, England, on Wednesday, November 4, 1903.

While Mrs. Schenley was born in Louisville, Ky., on April 27, 1826, she was of Pittsburgh family and most of the years of her childhood were passed in this city. Here her material interests were largely centered, and throughout life she revealed a constant love and solicitude for the welfare of this community. She was a worthy daughter of distinguished ancestry, and the heritage of patriotic fame left by her father and maternal grandfather was nobly supplemented by her affection for her native land and ancestral home. Although dwelling for many years in a distant country, the ties that bound her to the early home were never broken.

Mrs. Schenley's lasting memorial in this city is a magnificent park that bears her name. By deed dated October 30, 1889, she presented to Pittsburgh for public park purposes forever 300 acres of land of the tract known as Mount Airy, and at the same time gave to the city an option on 100 2-3 acres adjoining for the extremely low price of \$125,000. The deed and option were accepted by the city, in joint session of Councils, on November 15, 1889. Her additional offer to sell to the city 19 acres now forming the park entrance for \$75,000 was accepted by Councils on November 26, 1890. It is worthy to be recorded that in the sales made to the city Mrs. Schenley declined to fix the prices, but permitted the figures to be named by a representative of the city; and the prices so named

were much below the actual values of the land conveyed. In her deeds to the city Mrs. Schenley was always careful to have it stated that she was a native of the United States and a citizen of Pittsburgh.

In accepting the gift of Schenley Park, Councils, in joint session, adopted a resolution setting forth their appreciation of the donation in the following terms:

"For the first time in the history of our city, one has been found with sufficient interest in its welfare to present to the people a gift worthy of the rapidly growing want of the city and one that cannot fail to be of the greatest advantage to all—to the toiler and his dependents and to the masses of our rapidly growing population—by providing for them a breathing place, rich in pure air and natural beauty, that will elevate and make brighter their lives. We know that words in but a feeble manner give expression to the feeling of gratitude that all have toward Mrs. Mary E. Schenley, and that the advance of time will intensify that feeling in the hearts of the people for their benefactress, and that the name of Mary E. Schenley will be coupled with the blessings of thousands who, now and in the future, will enjoy her noble gift."

In addition to this one great and lasting benefaction, the memory of Mrs. Schenley is revered for other gifts of land to public and private institutions in this city, including the Western Pennsylvania Hospital, the Western Pennsylvania Institution for the Blind and the Newsboys' Home.

In 1894 she gave to the Pittsburgh Chapter of the Daughters of the American Revolution the land on which stands the old block house, built near Fort Pitt in 1784, the only remaining relic of colonial times at the forks of the Ohio. Mrs. Schenley is also remembered for many kindly acts in behalf of religious and benevolent societies, and for her private charities in numerous directions. As the owner of vast tenant properties, she was ever careful that they should be so leased and managed as to add the smallest possible portion to the burdens of the humbler classes.

Mrs. Schenley was spared to a good old age. For many years she was blessed with a happy domestic life in the land of her adoption. Many Pittsburghers remember with pleasure her hospitality in her English home.

Select and Common Councils of the City of Pittsburgh, in joint session assembled, hereby renew their sentiment of gratitude to this kindly and noble woman, with sympathy and condolence to her kindred and friends here and abroad.

It is ordered that this minute be entered of record in the proceeding of Councils.

Mr. Douglas said:

"Mr. President and Gentlemen of Councils: In asking for the adoption of this resolution, I wish to say that Mrs. Schen-

ley was one of nature's noblewomen, if there ever was one. She did not let her right hand know what her left hand did. She was kindly and affectionate, and loved her home city. She was one of the sweetest benefactors we ever had. Until this minute is read by the people of this city, one-tenth of them will not know what she has done for the city of Pittsburgh."

Mr. Wasson moved

That the report be adopted and that a copy of it, attested by the Presidents of Councils and the executive officers of the city be sent to the family of the deceased.

Mr. Stevenson said:

"I hope that Councils will pass this resolution promptly. As a representative of the Fourteenth ward, in which ward a large part of Schenley Park is situated I am in a position to notice how this park is appreciated by the people. Although it has been said that this magnificent gift is a memorial to Mrs. Schenley's memory, I think the people of this city should erect a monument to her, and I believe such a proposition would meet with the approval of every person in the City of Pittsburgh. The city should take prompt action to provide funds for the erection of a memorial at the entrance of the park that would perpetuate the memory of Mrs. Schenley. Her great gift has been appreciated by the people of the city at large, and especially by the people of the wards surrounding the park."

City Controller J. B. Larkin said:

"I can add nothing to the remarks of the gentlemen who have preceded me. I can only say that Mrs. Schenley was a noble and public spirited woman. The evidence of her public spirit is made manifest in the park which she has so kindly given to the city. Few of us present can thoroughly appreciate her munificence. It will be more fully appreciated by future generations. It is a place where the rich and the poor can go and enjoy alike. It is free, and there is plenty of pure air and sunshine. It is one of the nicest places in this country. It is a place of innocent enjoyment, and it is a pleasure to go there. The people who will come after us will appreciate it and its beauties most."

The motion was adopted unanimously by a rising vote.

Mr. Stevenson moved

That a committee, consisting of three members of Common Council and two members of Select Council, be appointed to consider a permanent memorial to Mrs. Schenley.

Mr. Wasson said:

"I agree that the memory of this woman should be perpetuated. The present generation does not appreciate her gifts as much as will the rising generation and the generations to come. I believe action should be taken at once looking to the erection of a permanent memorial. We should have a committee

to confer with the Chamber of Commerce relative to the raising of an adequate fund."

Mr. Wolfe said:

"This proposition will meet with the approval of the general public. The citizens at large should be called upon to contribute towards a fund for this purpose and I doubt not but that the poor and humble, as well as the wealthy residents of our city, will gladly avail themselves of the opportunity to establish a memorial to Mrs. Schenley. I am satisfied that they will all esteem it a privilege to commemorate the name of this noble woman whose generous heart was prompted to bestow upon the City of Pittsburgh the beautiful park that bears her name."

Mr. Bole said:

"I believe that the name of Mrs. Schenley will never pass away from the minds of the present generation. She has given to us some of the most noble gifts possible. I believe that these gifts were from her heart and not from her great wealth. She gave them because she loved to do so, and not because she was in a position to do so. She has given to us something that will be kept for all time. Her gifts will be appreciated more fully when the people hear the sad intelligence of her decease. She gave to us something that I fear even the members of Councils do not fully appreciate. I am glad that so many are present to take action on this resolution and pass it promptly and unanimously, and to show her friends and relatives here and abroad that we not only appreciate the gifts, but are sad that one who has been in a position to give to us has passed away."

"This brings to our minds this afternoon this important fact—that death is certain to all. It meets the man who is poor and lowly in his humble home. It meets the man and woman of wealth, and those who have attained great riches. It comes to us all. My friend of the

Fourteenth Ward could not suggest a greater thing than to erect a monument to the memory of Mrs. Schenley. Our children, after we have passed away, can see this monument that will stand for the noble woman that has given to us these great gifts. People in the future can see the monument and say, 'This monument has been erected for the one who has given the park you now enjoy.' I am heartily in favor of erecting a monument. Everybody will give; the rich, the poor and even the little children will give their mite, and that noble woman will have a monument erected to her memory that the city will not be ashamed of."

The motion prevailed.

Mr. Semmelrock moved

That the remarks of President **Crawford** be entered at large in the minutes of Councils.

Which motion prevailed.

Mr. Stevenson moved

That a certified copy of the minutes of this session of Councils be sent to the family of the deceased.

RIVER AND RAILROAD TERMINAL COMPANY ORDINANCES.

PITTSBURGH, PA., October 15, 1903.

To the Members of the Select and Common Councils of the City of Pittsburgh:

The undersigned property owners on the South Side recognizing the great advantages to accrue to them, as well as to the city at large, from the contemplated improvement by the River and Railroad Terminal Company, involved in the erection of forty-four warehouses between Third and Fourth streets and Cabot way and the Monongahela river on the South Side, respectfully represent to your honorable body that they are favorable to the granting of the ordinances asked for by said corporation under which Bingham street shall be closed between Third and Fourth streets and Cabot way widened between Third and Fourth streets to correspond with the width of McKeen street, with an overhead crossing and such alterations of grade on Third and Fourth streets as shall be made necessary to carry out the said proposed changes. The improvement will create a large increase of the values in our ward; the improvement will give the wholesale merchants who are tenants a greater advantage than can be possessed anywhere in the city at the present time; and the improvement will stimulate trade for the city and promote business for the transportation companies by reason of the greater economies introduced and in opening up the way for parties to enter into the wholesale trade who are now shut out by reason of the great and increasing cost of procuring a suitable central location. It is believed that in no other city is business to be found concentrated in such volume as in Pittsburgh, and nowhere are the facilities for conducting business more needed now, with a steadily growing demand, than they are in Pittsburgh and for such facilities no other city possesses advantages of railroad and river communication that Pittsburgh possesses.

It is the purpose of the proposed project to make these natural advantages available to both merchants and railroads, and to that end create facilities for merchants and railroads and open to both facilities such as are possessed by no other city in the United States. We trust your honorable body will act promptly and favorably upon the proposed ordinances, in order that work may be begun without unnecessary delay and thereby provide employment for labor during the winter months when labor is more or less scarce.

That the opinion of the City Solicitor be read.

No. 1519.

PITTSBURGH, PA., November 9, 1903.

To the Honorable, the Common Council of the City of Pittsburgh:

GENTLEMEN:

I have received copies of two bills, namely, "An Ordinance amending an ordinance entitled, 'An Ordinance fixing the number and salaries of officers and employes in the Department of Public Works,' approved April 9, 1903, and also 'An Ordinance authorizing and providing for the appointment and employment of officers, physicians, clerks, mechanics, laborers and other employes of the Department of Charities and Correction, and fixing the number and pay of the same.'"

These bills are referred to me for my written opinion as to the legality of Section 2, of both bills. As the sections referred to in both bills raise the same question, my opinion will cover both.

It is the proper course to fix by ordinance the number of officers and employees in the several departments, their compensation and duties, and these bills do that in the 1st sections as respects all officers and the ordinary and permanent employees in the two departments referred to.

But we know that in practice where extensive works are concerned, emergencies and necessities arise from time to time, the nature and extent of which cannot be foreseen nor provided for specifically in advance, but which may require the services of persons temporarily for special work.

Accidents may occur in the water system; a storm may damage the sewer system or make the streets dangerous or impassable. In these cases it would be impracticable to delay the repairs until Councils should by ordinance authorize the employment of persons to make them and fix their compensation. Indeed, if the work was delayed for such ordinance it would probably be found necessary to leave to the proper official the discretion as to the number and compensation of the employees required. Also necessary ordinary and usual repairs are required from time to time upon the public buildings and works. It is impossible to provide for them in advance specifically, unless the ordinance would authorize the employment of a probably very large force, which might be idle until such time as their services would be required.

Section 1 of the two bills provides for the ordinary and permanent officials and employees of the two departments. By necessary implication Section 2 cannot be so construed as to authorize the employment permanently of additional persons to those provided for in the 1st sections, but must be so construed as to authorize merely the employment of persons temporarily and for special and necessary purposes not provided for specifically in the 1st sections. With this construction, I consider the sections legal, and that a discretion under the limitations suggested, or which may arise from the necessities of the case, may properly be vested in the Directors who are the executive officers charged by law with the duties and responsibilities of caring for the public works and buildings under their charge respectively.

Yours truly,

W. B. RODGERS.

City Solicitor.

Which was read, received and filed.

Mr. Reitz moved

That Council resolve itself into a Committee of the Whole for the purpose of amending the bill.

Which motion prevailed.

The Chair appointing Mr. McNeill as Chairman.

The Committee of the Whole having arose, Mr. McNeill reported the action of the committee to Council.

That the committee amended the bill by striking out on page 19, line 58, the words, "Two engineers, per month, each, \$75.00," and inserting in lieu thereof, "Two engineers, per month, each, \$90.00;" also, on page 19, line 59, strike out the words, "One elevator operator, per month, \$50.00," and insert in lieu thereof "One elevator operator, per month, \$60.00," and moved that Council concur in the amendments as made in the Committee of the Whole.

Which motion prevailed.

And the bill went over for reprinting.

The Chair took up

No. 1520.

November 6, 1903.

Mr. E. G. Hassler,

City Clerk.

DEAR SIR:

I return herewith without my signature, on account of a contradiction in the text, Common Council Resolution No. 1090, providing for the cancellation of the lease of Booth & Flinn for the 30 acre plot of ground known as Ruch's Hill.

Respectfully yours,

W. B. HAYS,

Mayor.

Which was read.

Mr. Stevenson asked

That C. C. Bill No. 1090, referred to in the veto, be read.

C. C. No. 1090.

Whereas, By an article of agreement, dated 19th day of April, 1890, Booth & Flinn leased to the City of Pittsburgh all that certain tract of land lying in the Thirteenth ward of said city and containing 30 acres, and commonly known as Ruch's Hill, as a pasture for city horses, for the term of three years; the consideration being the exemption of said land from municipal taxes; and

Whereas, At the end of said term, said lease was renewed by a resolution of Councils, approved April 7, 1903, for an indefinite period; and

Whereas, The city has long since ceased to use said land for pasturage purposes, reserving only a small portion for use as a dog pound; now therefore, be it

Resolved, That said lease shall be and the same is hereby terminated. Said termination to take effect April 1, 1903.

Resolved, That the Director of the Department of Public Safety be and he is hereby authorized and directed to remove the dog pound from its present location.

In Councils, June 26, 1903, Rule suspended, read three times and finally passed.

Mr. Lamb moved

That the veto of the Mayor be sustained.

Which motion prevailed.

Mr. Lamb called up

C. C. Bill No. 1470. An Ordinance authorizing and providing for the appointment and employment of officers, physicians, clerks, mechanics, laborers and other employees of the Department of Charities and Correction, and fixing the number and pay of the same.

And the bill was read the third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

AYES—Messrs.

Mr. **Wolfe**, before announcing his vote, said:

"In voting for this ordinance, I feel I should explain my position. Heretofore I have refrained from voting at all on account of the question of the legality of the blanket clause and the apparent violation of the Wallace Act. I now waive my opinion to the opinion of the City Solicitor, which has been this evening presented to Councils in writing, and vote 'Aye.'"

And there being 34 votes in the affirmative and 8 in the negative the bill passed finally.

And the Clerk was directed to message sage same to Select Council for concurrence.

The Chair took up

No. 1521.

PITTSBURGH, PA., November 3, 1903.

To the Honorable, the Common Council of the City of Pittsburgh:

GENTLEMEN:

At your late meeting held on 26th October, 1903, you referred to me certain resolutions, being C. C. No. 1341, C. C. No. 1402, C. C. No. 1403, C. C. No. 1418, C. C. No. 1417, C. C. No. 1418, C. C. No. 1419, and C. C. No. 1420, for my opinion as to whether resolutions of this character should be printed and advertised in the same manner as ordinances. I think that resolutions of this character should be printed and advertised in the same manner as ordinances.

Yours truly,

W. B. RODGERS,

City Solicitor.

Which was read, received and filed.

Mr. **Stevenson** moved

That the resolutions referred to in the City Solicitor's opinion be printed.

Which motion prevailed.

Which motion prevailed.

And Select Council was so notified.

The Chair appointed Messrs. Wasson and Lamb to escort Select Council to the Common Council chamber

The Clerk of Select Council being introduced, he announced that Select Council had met and was ready to meet in Joint Session for the purpose of receiving the report of the Joint Committees appointed to draft resolutions on the death of President Lambie and Mr. Rothweiler.

And Select Council having appeared, and being introduced, entered into

JOINT SESSION.

The Chair (Mr. Perry):

"The first thing in order is to hear the reports of the committees appointed to prepare resolutions on the deaths of Mr. Lambie and Mr. Rothweiler."

Mr. Murphy, of Select Council, presented No. 674.

Councils mourn the death of John Sioussa Lambie, who passed away in the night of Saturday, November 14, 1903. The members of Councils have lost a true friend and Pittsburgh has lost an ardent lover.

John S. Lambie was born in the borough of Birmingham on November 1, 1843. Left fatherless when a lad, he was compelled to make his own way, and did it well. He was naturally studious, graduated with honor at the Pittsburgh High School, and was for some years a teacher in that institution. Before he was of age he enlisted in his country's service, in the Eighth Pennsylvania Reserves, but by reason of defective eyesight was kept from active duty in the field. He devoted himself to the law and for nearly forty years was an honored member of the Allegheny County Bar.

Mr. Lambie represented the Eighth ward to Select Council for nearly 27 years a term of service unequalled in the history of the city. He was exceptionally well versed in municipal affairs and took a keen and effective interest in the welfare of the city. Many important and salutary measures prepared by him are recorded in the ordinance books of Pittsburgh.

Mr. Lambie was in the sixth year of his service as President of Select Council. He was a model presiding officer, considerate and fair to all, careful and authoritative on parliamentary law, clear and convincing in his exposition. When he took the floor in support

or condemnation of any measure, he spoke with knowledge and thoughtfulness and never failed to throw light on the subject of debate. His action on all questions of public policy was dictated by conscientiousness. He took what he felt to be the right course and held to it with earnestness. In his intercourse with his fellowmen, he was courteous, affable and charitable, and in the performance of public duty firm but kindly.

In the conflicts that arose in Council through the expression of divergent views, he always retained the personal friendship and esteem of all his colleagues. In his heart there was no malice. In the Municipal Hall he uttered many eloquent tributes to departed associates in public life, and similar words of eulogy are justly due to his memory.

Mr. Lambie's activities were exerted in many directions—social, legal, educational and religious. He was a constant student, a lover of good literature and one who delighted in the beauties of poetry, music and the fine arts. He revered the memories and results of the Civil War and was Past Commander of Alexander Hays Post No. 3 of the Grand Army of the Republic. To religious work he was especially devoted. For many years he was an officer of the Eighth United Presbyterian church, and to the close of life a teacher in its Sabbath school.

In politics Mr. Lambie was an unwavering Republican. In 1883 he was the nominee of his party for Mayor of Pittsburgh, and, though defeated by a slender margin, he passed through the trying campaign with the respect of his opponents and without a touch of personal blemish.

Select and Common Councils of Pittsburgh, assembled in Joint Session, express this memorial of their sorrow at the loss of an able member, a helpful associate and a true friend. To his aged mother, his widow and children we extend our utmost sympathy, with a hope that the sense of their bereavement may be tempered by the comforting remembrance that during the years while he was with them his life was an example and a benediction.

Mr. Murphy moved

That the minute be entered in the records of Councils and that an engrossed copy of it be presented to the family of the deceased.

Mr. Perry, of Select Council, said:

"Mr. Chairman and Gentlemen of Councils—I do not know that it is in my power to say anything that would express our sentiments on this sorrowful occasion more than the minute just read. I have been associated with Mr. Lambie for fifteen years in Councils. I have also been what I might call a warm supporter and friend of our beloved President. He was a man in every sense of the word. He was a man that you and I could look up to on all occasions. Anything he did or advocated was right, and there could not be anything wrong about it. My experience with him was that. In every thing he undertook, important or unimportant, he ascertained first the fact that it was just and right to his fellow citizens before he would take any part in it. Your first impression in meeting him would be that probably he was a little distant in his conduct and cold, but you would never be more greatly mistaken than in such a conclusion. The better you became acquainted with Mr. Lambie the more your respect would be for his character.

"He was a man of eloquence and intelligence, and a great reader. It eulogizing a man like him, it is almost impossible to find words strong enough to express the proper sentiments. I do not believe the man was ever guilty of a dishonest act in his political career or in his dealings with his fellow man. As a presiding officer of Select Council, his decisions were kindly and just, and I cannot remember a single instance where his decision was reversed by an appeal from the Chair. He was always sustained, no matter what the politics of Council might be. Such was John S. Lambie.

"Last Friday morning a member of Select Council went to Mr. Lambie's home to visit him. He was in great hopes of being able to pull through. We all thought he was on the rapid road to recovery, but the good Lord never intended him to come back to us. The hand of death was on him then. In his death I lost one of the warmest friends that I ever had on the floor of Councils.

"There never was a new member who went to Mr. Lambie for advice who did not receive it, and a kind word as well. If he told you he was your friend, you might be proud of it, and know that his friendship was from his heart. When a new member got up on the floor of Council to make his maiden speech, Mr. Lambie always encouraged him and was not the one to beat him down. He would give him the hand of good fellowship.

"It would be folly for me to continue to talk on this subject. You all knew him as well as I. He had many trials and tribulations, but he rose above them all, because he was a man of powerful mind and strong character. When he knew a thing was right, nothing would turn him from his point. He was a good church member and a conscientious Christian. I heard the tribute paid him by his pastor. No living man could receive better, and no one who has passed beyond will ever receive more deserved praise.

Mr. Lambie was an able member of the bar, always received the respect of his opponents, and was fair to his clients. He was a home man in every sense of the word, and when his day's work was done he was always anxious to get home to his family. He was a loving husband and father. He raised his children as God intended they should be raised. If ever there was a good man, I believe our noble President was that man.

"I believe that I have but uttered the sentiments of every member, and I hope our great loss was his eternal gain."

Mr. O'Brien, of Select Council, said:

"I cannot add anything to what has already been said. I did not have that intimate acquaintance with Mr. Lambie that many here had, but I just wish to say a word as to the impression he made upon me.

"One thing I was struck with. In his remarks at the memorial of a deceased member he spoke eloquently of this world's beauties, of nature and its beauties. He quoted that old Scotch line, 'This is a bonny, bonny world.' When he spoke that I knew he was a lover of nature. He was in harmony with his environments.

"I read only yesterday that he was the originator of that beautiful festival, Flower Day, now practiced in nearly every large country in Christendom. That alone is enough to perpetuate the memory of any man.

"In his speeches he dropped quotations from the best literature, showing plainly his love

for the beautiful. I wish to say these things impressed me very favorably towards the man.

"As a politician he sank his individuality in what he believed to be the good of his party. But in the presence of death we forget the political aspects of a man's life in our admiration of his nobler and better qualities."

Mr. Murphy, of Select Council, said:

"Too much cannot be said in appreciation of the character and service of our late presiding officer, **John S. Lambie**. It was my pleasure to become personally acquainted with him soon after my admission to the Allegheny County Bar, and my first impressions of **Mr. Lambie** have never been changed. He was a sincere, honest and faithful gentleman. My association with him as a member of the bar and as a lawyer was of the friendliest character. He was always true to his clients and at the same time courteous and fair to his opponents.

"His service for 27 years as a member of Councils was characterized by efficient and notable work in behalf of his city. During this long period he so conducted himself as to earn an enviable name as a city legislator and to command the respect and confidence of his fellow citizens. As President of Select Council, **Mr. Lambie** showed himself an able parliamentarian, always seeking to be impartial and just in his decisions and courteous and kindly in his treatment of all his fellow members. In his desire to do what he believed right and proper for the public interest, he frequently exhibited an honest and sturdy independence which commanded the respect of those who felt obliged to differ with him. His generosity and kindness were ever in evidence, and the members of Select Council most deeply mourn his death."

The motion of **Mr. Murphy** prevailed unanimously by a rising vote.

Mr. O'Brien, of Select Council, presented No. 675.

The death of a man so actively identified with the business, political, religious and charitable affairs of a city as was **William J. Rothweiler** with the interests of Pittsburgh brings with it a peculiar sorrow. A full realization of the loss his passing has wrought can only come with the calmer reflection that follows the first shock. There are hundreds around us to-day who are appreciating this more every hour as they review the man's worth from the perspective that happily came to many before his death.

Mr. Rothweiler was born of sturdy stock in Hartford, Conn., on September 9, 1856. In that Yankee center he spent his boyhood and received his education. On the eve of his majority he took himself to the West, eager to enter the lists of business and fight his own battles. At Newport, Ky., he rounded out his training by serving an apprenticeship in a machine shop. Young as he was then, he showed himself to be of the right stuff, and the shop became the plant of the Rothweiler Manufacturing Company.

In 1883 **Mr. Rothweiler** married Mary Lydia Wentz, of Cincinnati. Two years later he came to Pittsburgh to play a leading part in its activities until his death. Thrice armed with the stability of his race, the shrewdness of the East and the cool self-reliance of the West, he took his place among men of affairs and kept it to the end.

Immediately after his arrival in the city he became manager of the old Pittsburgh Printing Company. A long period of marked success in that capacity ended when he founded the Daily Financial News. Still later he returned to his old work as the head of the Duquesne Printing and Publishing Company. Last year the scope of that concern was broadened, and, with the absorption of the Joseph T. Colvin Company, of Allegheny, **Mr. Rothweiler** became the head of the Duquesne Printing Company, operating an establishment with few superiors in the State.

Early this year **Mr. Rothweiler** began to feel the weight of a mysterious affliction. Apparently still as robust as his years deserved, he was falling more firmly into the grasp of disease that finally encompassed his death, but hid its identity until it was too late for medical skill to stay it. In the spring he was compelled to leave his desk and relinquish active participation in his business affairs.

It was not, however, in the deadly disease to blunt the kindly spirit of the man. His interest in his community and in the welfare of his neighbors was as keen at the last as it was when he first came into their life. His duty to his city and to his church was as faithfully rendered to the end as it ever had been, and this must be accounted not the least in the tale of his virtues.

Mr. Rothweiler enjoyed the unique distinction of representing in Select Council a ward he had created. He became a resident of Brushton soon after he came from Kentucky. Brushton was then a borough with no distinctive interests, and owing its very existence to the city on whose borders it lay. It was a village of homes, with no more than the business concerns these homes demanded. To the east of it lay Wilkinsburg, older, bigger and more progressive. To become a part of Pittsburgh was Brushton's manifest end.

Mr. Rothweiler saw this at once. Unlike many older residents of the town, he was not content to await the slow evolution that has swung the Greater Pittsburgh forward in its orbit. He began, instead, to hasten the process in every way he could. Seven years ago his work bore fruit and the Thirty-seventh ward came into existence. The father of the ward was the logical man for Select Council. **Mr. Rothweiler** was forthwith elected and was twice re-elected.

In Council **Mr. Rothweiler** was not assertive, but he was the more keenly alive to what went on around him for that very reason. Faithful in his attendance and conscientious in the discharge of his duty, the records of the branch show how well he served, even if no eloquent speech or skillful leadership in battle be part of his fame.

Mr. Rothweiler's charity was broad and modest. It was ever tempered with discretion, but no worthy appeal found him deaf or slow to respond. His aims have gone up to heaven for a memorial to him. In church work he was active and from the organization of the Hamilton Avenue Methodist Episcopal Church his part in advancing her interests and usefulness was unceasing. Not the least of this was his cheerful turning of his musical talent to account.

The quiet are not always the weak and ungifted. How true this is the life of **William J. Rothweiler** bears witness.

Mr. O'Brien moved

That the minute be entered in the records of Councils and that an engrossed copy be presented to the family of the deceased.

Mr. **Shearer** of Common Council said :

"I had the pleasure of meeting Mr. **Rothweiler** some twelve years ago, when I first became a resident of the Thirty-seventh ward, then Brushton borough. I was one of his active supporters for Select Council when Brushton became a part of the city. From that time to the present I could never forget him. We were always great friends, and when I met him I always grasped his hand and called him Brother **Rothweiler**. Though we have differed politically in the last two or three years, it has never injured our friendship. I always found him a cheerful, kindly and good man, and a man every one could approach. He was liked by all the citizens of the Thirty-seventh ward, irrespective of politics. He has been a help to me and to all the citizens of the Thirty-seventh ward, and I am thankful that I have been acquainted with him and could call him my friend. I ask God to bless **William J. Rothweiler** on his journey to the other land."

Mr. **Murphy**, of Select Council, said :

"I have known Mr. **Rothweiler** for about fifteen years. I knew him in a business way, in connection with his printing business, before I knew him as a Councilman. I knew the people with whom he dealt, the people who were his customers, and every one of them has the kindest feelings for him.

Nothing could speak higher for a man than to have those he dealt with say that he was always strictly honest in his business relations. That is true in this case. I knew Mr. **Rothweiler** in Councils, and I learned to love him. He always tried to do what he considered right. Select Council has lost an able member and sincerely mourns his loss."

The motion of Mr. **O'Brien** prevailed unanimously by a rising vote.

Mr. **McNeil**, of Common Council, moved

That the Joint Session rise.

Which motion prevailed.

The Joint Session thereupon rose.

Common Council being in session

Mr. **Armstrong** moved

That the action of the Joint Session be ratified.

C. C. Bill No. 1440.

Whereas, Councils, by Resolution dated September 14, 1903, referred the Report of the Director of the Department of Public Works on the subject of the estimated cost of the proposed Sand Filtration Plant for the City of Pittsburgh to the Committee on Finance, with the necessary power to inquire into the matter and report the same to Councils; and

Whereas, In order to relieve the public mind of any doubt as to the correctness of the estimates of the proposed work, it is deemed advisable to secure the services and procure an opinion of three experts, of national reputation upon the subject, to verify the figures submitted to Councils by the Director of the Department of Public Works; therefore, be it

Resolved, That the Committee on Finance shall be and are hereby authorized to employ Col. Alexander M. Miller, of Washington City, D. C.; John W. Hill, of the City of Philadelphia; and Rudolph Herring, of the City of New York, to verify and make a report on or before January 1, 1904, to the Committee on Finance, as to the correctness of the estimates made by the Director of the Department of Public Works; and in case of the declination of any or all of said three experts to accept the aforesaid appointment, then the Mayor and the respective Presidents of Councils of the City of Pittsburgh are hereby authorized to employ and appoint some other like expert or experts to fill any such vacancy or vacancies for the purpose aforesaid.

Resolved, That all expenses incurred in the investigation shall be paid by the Controller on vouchers approved by the Committee on Finance, and charged by him to the Contingent Fund.

Which was read.

Mr. Leslie moved

That the bill be referred to the City Solicitor for his opinion as to the validity of the bill without specifying the amounts to be expended for the services of the experts to be employed.

After some discussion Mr. Leslie withdrew his motion.

Mr. Stevenson moved

To amend the bill by inserting on page 3, after line 25, the words "not to exceed \$3,000."

Mr. Leslie moved

To amend the amendment by inserting the words "not to exceed \$5,000."

Mr. Stevenson

Accepted the amendment.

And the question recurring on the motion of Mr. Stevenson, the motion as amended prevailed.

Mr. Crawford (D. F.) moved

To amend the bill by striking out on page 2, in line 17, the words "January 1st, 1904," and insert in lieu thereof "February 1st, 1904."

Which motion prevailed.

Mr. Wasson moved

To amend the bill by inserting on page 2, in line 19, after the words "Public Works," the following, "on sand filtration and as to the method and size of plant necessary to supply the entire City of Pittsburgh, including the South Side."

Which motion prevailed.

And the bill went over for reprinting.

Also

C. C. Bill No. 1082. An Ordinance amending an ordinance entitled "An Ordinance fixing the number and salaries of officers and employees in the Department of Public Works," approved April 9, 1903.

In Common Council November 9, 1903. Amended in Committee of the Whole, and as amended agreed to.

And the bill was read the third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

AYES—Messrs.

Baldauf	Jack	Schuck
Barker	Lamb	Semmelrock
Beckert	Lauler	Snaw
Beehner	Lewis, David	Shearer
Bonini	Martin	Soffel
Crawford, D F	McNally	Stevenson

Delaney	O'Brien, M E	Walls
Edwards	O'Brien, Thos.	Willey
Fitzpatrick	Reitz	Wolfe
Hogue	Rodgers	Wymard
Hughes	Schad	Zeuger

Bole, President pro tem.

NOES—Messrs.

Armstrong	Cross	Schwarzwaelder
Brand	Leslie	Wasson
Cavett	Lewis, John	West

Mr. Armstrong, before announcing his vote, said:

"I want to explain my vote on this ordinance. The salary portion of the ordinance is all right, and I am in favor of giving the men all they can get, but I take exception to the blanket clause. On account of Mr. Stevenson's blanket clause, I will have to vote against the ordinance."

Mr. Leslie, before announcing his vote, said:

"I was not present at the last meeting, at which the City Solicitor gave his opinion as to the legality of the clause in the ordinance which allows the employment of an indefinite number of employees in the Department of Public Works, but I do not agree with the City Solicitor, nor do I agree with the method of the Director of the Department of Public Works in this matter. I therefore vote 'No.'"

Mr. Wasson, before announcing his vote, said:

"I desire to say a few words in reference to my vote. I do not wish to vote against the increase of salaries, but believe the men are entitled to get all the wages they can be paid. I do object to delegating the power or right to employ promiscuously employees without specifying them. This is the only salary ordinance before Councils that does not specify all employees. I recognize the fact, in cases of necessity, he may be compelled to employ numerous men. On one page it reads: 'For Schenley ark, florists, per day.' I can see no necessity which will require him to employ an indefinite number of florists. I therefore vote 'No.'"

Mr. Wolfe, before announcing his vote, said:

"Heretofore I have refrained from voting on this ordinance, but when the City Solicitor sent his written opinion concerning its legality to Councils, I am convinced that he knows more about it than we do. I therefore vote 'Aye' on this measure."

And the ayes were 34, noes 9.

And a majority of the votes of Common Council being in the affirmative, the bill passed finally.

And the Clerk was directed to message same to Select Council for concurrence.

Mr. Leslie moved

That Council do now adjourn.

Which motion prevailed.

And Council adjourned.

AYES—11.

NOES—28.

And there not being three-fourths of the votes in the affirmative, the rule was not suspended.

Mr. Stevenson moved

To refer the bill to the City Solicitor for his written opinion as to legality of same.

After some discussion, and Mr. Reitz explaining that the bill had been referred to the City Solicitor while in the hands of the Committee on Finance, Mr. Stevenson withdrew his motion.

Mr. Leslie moved

That further action on the bill be indefinitely postponed.

Mr. Stevenson moved

To amend the motion—

Mr. Brand arose to a point of order, stating that a motion to postpone was not amendable or debatable.

The Chair ruled the point of order well taken.

Mr. Stevenson appealed from the decision of the Chair.

The Chair called Mr. Leslie to the Chair.

And Mr. Stevenson spoke against sustaining the decision of the Chair, and Mr. Watson spoke in favor of sustaining the decision.

The Chair (Mr. Leslie) stated that all those in favor of sustaining the decision of the Chair should vote "aye," and those opposed "no."

Mr. Beckett demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs,

AYES—37.

NOES—3.

And the Chair was sustained.

And the question recurring on the motion of Mr. Leslie, the motion prevailed.

Also

C. C. Bill No. 1504. An Ordinance providing for the letting of a contract for the collection and removal of garbage, offal, dead animals and condemned meat in the City of Pittsburgh.

Which was read.

Mr. Stevenson moved

A suspension of the rule to allow the second reading of the bill.

Which motion prevailed.

And the bill was read the second time.

Mr. Armstrong moved

To amend the bill by striking out entire paragraph eighteenth in the specifications.

Mr. Stevenson moved

To amend the motion by striking out, on page 13, first line, beginning at the words "and debarred," and continuing to the word "penalties," the words "and debarred from further employment in said work. Should the contractor keep in his employ, or at any time re-employ any person or persons in violation of this paragraph, there shall be deducted from the next monthly sum due him five dollars (\$5.00) for each person for each and every day so employed, which sum shall be deemed, taken and treated as liquidated damages and not as penalties."

Mr. Brand arose to a point of order stating that the amendment submitted by Mr. Stevenson was not germane to the amendment submitted by Mr. Armstrong.

The Chair decided the point well taken.

And the question recurring on the motion of Mr. Armstrong, the motion did not prevail on a division of the vote, ayes 13, noes 21.

Mr. Armstrong moved

To amend the bill by striking out on page 12, eighteenth paragraph, beginning in line eight after the words "City of Pittsburgh," the following: "Shall immediately be discharged and debarred from further employment in said work. Should the contractor keep in his employ or at any time re-employ any person or persons in violation of this paragraph, there shall be deducted from the next monthly sum due him five dollars (\$5.00) for each person for each and every day so employed, which sum shall be deemed, taken and treated as liquidated damages and not as penalties. Only full grown men shall be employed in said work, and each of said employes shall wear in a conspicuous place a badge, showing his number and marked 'Garbage Collector.'"

Mr. Leslie moved

To amend the amendment by striking out on page 13, paragraph eighteenth, in line nine, the words "and debarred from further employment in" and inserting in lieu thereof "from," and by striking out on page 13, paragraph eighteenth, in line nine after the words "said work," the following: "Should the contractor keep in his employ or at any time re-employ any person or persons in violation of this paragraph, there shall be deducted from the next monthly sum due him five dollars (\$5.00) for each person for each and every day so employed, which sum shall be deemed, taken and treated as liquidated damages and not as penalties. Only full grown men shall be employed in said work."

Mr. Armstrong accepted the amendment.

And the motion as amended prevailed.

Mr. Leslie moved

To amend the bill by striking out, on page 14, paragraph twentieth, in line 1, the word "contractor," and insert in lieu thereof "city;" also, in line 1, beginning after the word "printed," strike out the words "at his own cost and expense;" also, in line 3, strike out the word "scavenger," and insert in lieu thereof "garbage collector;" also, on page 15, paragraph twentieth, in line 6, strike out the word "scavenger," and insert in lieu thereof "garbage collector;" also, in line 13, strike out after the figures "1895," the words "Before such notice is printed and distributed, however, a true copy of the same shall be submitted to the Director of the Department of Public Safety of the City of Pittsburgh for his approval."

Which motion prevailed on a division of the vote—ayes 17, noes 14.

Mr. Leslie moved

To amend the bill by striking out on page 18, paragraph twenty-sixth, beginning in line 6, after the word "rates," "for which said contract shall be let under these specifications," and inserting in lieu thereof "under the existing contract."

After some discussion, Mr. Leslie withdrew his amendment.

Mr. Reitz moved

To strike out, on page 18, the entire paragraph numbered "Twenty-sixth."

Which motion prevailed.

And the bill went over for reprinting.

Also

C. C. Bill No. 1440.

Whereas, Councils, by Resolution dated September 14, 1903, referred the Report of the Director of the Department of Public Works on the subject of the estimated cost of the proposed Sand Filtration Plant for the City of Pittsburgh to the Committee on Finance, with the necessary power to inquire into the matter and report the same to Councils; and

Whereas, in order to relieve the public mind of any doubt as to the correctness of the estimates of the proposed work, it is deemed advisable to secure the services and procure an opinion of three experts, of national reputation upon the subject, to verify the figures

submitted to Councils by the Director of the Department of Public Works; therefore, be it

Resolved, That the Committee on Finance shall be and are hereby authorized to employ Col. Alexander M. Miller, of Washington City, D. C.; John W. Hill, of the City of Philadelphia; and Rudolph Hering, of the City of New York, to verify and make a report on or before February 1, 1904, to the Committee on Finance, as to the correctness of the estimates made by the Director of the Department of Public Works on sand filtration, and as to the method and size of plant necessary to supply the entire City of Pittsburgh, including the South Side; and in case of the declination of any or all of said three experts to accept the aforesaid appointment, then the Mayor and the respective Presidents of Councils of the City of Pittsburgh are hereby authorized to employ and appoint some other like expert or experts to fill any such vacancy or vacancies for the purpose aforesaid.

Resolved, That all expenses incurred in the investigation, not to exceed \$5,000.00, shall be paid by the Controller on vouchers approved by the Committee on Finance, and charged by him to the Contingent Fund.

Which was read.

And the bill as read a second time and amended, was agreed to.

feet west of Pride street to Stevenson street and the assessment of damages caused by the grade of the same.

Which was referred to the Committee on Public Works.

Mr. Shaw presented

No. 1638.

Whereas, The question of the purification of the water supply of the City of Pittsburgh has been made the subject of a thorough investigation by a commission created by Councils in 1896, and

Whereas, Under the direction of this commission experiments and examinations were conducted by experts of ability and experience, and

Whereas, It was recommended by the commission that the water should be purified by the process of sand filtration, and

Whereas, Since the publication of the commission's report no radically new methods of water purification have been developed and the original recommendations are still applicable, and

Whereas, It is a matter of common knowledge that this community is suffering from a continuous epidemic of typhoid fever, resulting from the use of polluted drinking water, be it therefore

Resolved, That it is the sense of the Pittsburgh section of the American Chemical Society that steps should be taken at once toward procuring a supply of good water for the City of Pittsburgh.

COMMON COUNCIL.

C. S. CRAWFORD President
H. B. DAVIS Clerk

PITTSBURGH, January 8, 1904.

Council met pursuant to the following call:

PITTSBURGH, PA., January 4, 1904.

H. B. DAVIS, Esq.,
Clerk of Common Council,
Pittsburgh, Pa.

DEAR SIR:—Please call a special meeting of Common Council for Friday, January 8, 1904, at 3 o'clock, P. M., for the purpose of acting upon business from the Corporation Committee and taking up any other business that may come before Council at that time.

C. S. CRAWFORD,
President of Common Council.

Present—Messrs.

Baldauf	Crawford, D F	Shaw
Beckert	Cross	Shearer
Beehner	Lauler	Soffel
Bonini	McNeill	Stevenson
Brand	Rodgers	Wolfe
Cavett	Schad	Wymard

Crawford, C. S., President.

Absent—Messrs.

Delaney	Moore	Walls
Edwards	McNally	Wasson
Fitzpatrick	O'Brien M E	West
Hogue	O'Brien, Thos.	Willey
Hughes	Reitz	Zeuger
Jack	Sahner	

The Chair said:

"GENTL MEN:—There is no quorum present. This meeting was called for the purpose of taking up matters that are of great public interest. There are corporations knocking at the doors of Pittsburgh asking to be let in. They have complied with all the requirements that the city desires, and it seems like an outrage perpetrated on the public and the good people of the city that they cannot be allowed to come in at the terms the city has asked. If we do not succeed in getting a quorum and passing these bills, in one instance, the city will lose \$30,000 a year. If I were one of the persons who, either directly or indirectly, prevented a quorum I would be ashamed to face my fellow men on the city streets. It is an outrage and a shame that we allow our municipal affairs to be muddled up in this way."

Mr. McNeill moved

That Council take a recess of fifteen minutes.

Which motion prevailed.

The time for the recess having expired the Council reconvened, and there were

There not being a quorum of the members present.

Mr. Brand moved

That Council do now adjourn.

Which motion did not prevail.

The Chair instructed the Sergeants at Arms to go to the Duquesne Hotel and the Public

Safety building and arrest any and all members of Common Council they might find at either place and bring them to the Council Chamber.

Mr. Stevenson moved

That the doors of the Council chamber be closed.

Which motion prevailed.

And the doors were closed.

One Sergeant-at-Arms having returned stated that he was unable to locate any members of Common Council.

Mr. Stevenson moved

That Council do now adjourn.

Which motion prevailed on a division of the vote, ayes 12, noes 4.

And Council adjourned.

Mr. Stevenson presented

From the Special Joint Committee on Permanent Memorial of Mrs. Mary E. Schenley.

No. 1681. Petition of Board of Management of Pittsburgh Chapter, Daughters of the American Revolution, in relation to Memorial to Mrs. Mary E. Schenley.

Which was read, received and filed.

Also

No. 1682.

PITTSBURGH, January 6, 1904.

To the Select and Common Councils.

GENTLEMEN:—The Special Joint Committee, appointed in pursuance of action taken in the Joint Session of Councils, held on November 6, 1903, to consider a permanent memorial of Mrs. Mary E. Schenley, reports that it has examined outline plans and estimates of cost of an appropriate memorial to be erected in Schenley Park. The Committee finds that a structure worthy of the City and of its benefactress will cost in the neighborhood of \$100,000, and it therefore recommends that Councils appropriate \$100,000 for the fiscal year 1904, to be devoted to the erection of a memorial, said appropriation to be designated "for the improvement of parks".

The Committee also transmits herewith a petition from the Board of Management of the Pittsburgh Chapter, Daughters of the American Revolution, relating to the general subject of a memorial.

Respectfully submitted,

W. H. STEVENSON.

Attest: E. W. HASSLER, Chairman.
Clerk.

Which was read.

Mr. Leslie moved

That the report be referred to the Committee on Finance.

Which motion prevailed.

Mr. McNeill moved

That the Committee on Corporations be discharged from further consideration of

S. C. Bill No. 690. An Ordinance granting to the Fischer Foundry and Machine Company, a corporation under the laws of Pennsylvania, the privilege to construct, lay down and maintain a switch track or siding on Edwards alley, extending from the tracks of the Pittsburgh, Virginia & Charleston Railway Company upon and over the switch track now used by the Duquesne Brewing Company to the east side of South Twenty-first street and thence to be extended along Edwards alley westwardly to the east side of South Twentieth street, with a branch extending into the property of the Fischer Foundry and Machine Company.

Also

C. C. Bill No. 1390. An Ordinance repealing an ordinance entitled, "An Ordinance amending Section 3 of an ordinance entitled, 'An Ordinance granting to the Pittsburgh and Allegheny Telephone Company, its successors or assigns, the right to enter upon the streets, lanes and alleys of the city of Pittsburgh for the purpose of laying and maintaining its wires, cables, conduits, tubes and conductors, through, along, under, over and across the said streets, lanes and alleys, for the purpose of erecting poles thereon to support and maintain its wires where not buried, and to use the same in the maintenance and operation of a telegraph and telephone system,' approved the 23rd day

of February, 1899," approved March 18, 1902.

Also

C. C. Bill No. 1391. An Ordinance repealing an ordinance entitled, "An Ordinance Granting to the Pittsburg and Allegheny Telephone Company, its successors and assigns, the right to enter upon the streets, lanes and alleys of the city of Pittsburg, for the purpose of laying and maintaining its wires, cables, conduits, tubes and conductors, through, along, under, over and across the said streets, lanes and alleys, and for the purpose of erecting poles thereon to support and maintain its wires where not buried, and to use the same in the maintenance and operation of a telegraph and telephone system," approved February 23, 1899.

Also

C. C. Bill No. 1578. An Ordinance granting the Pittsburgh, Carnegie & Western Railroad Company, its lessees, successors and assigns, the right to construct a branch line along Duquesne way, from a point at or near Fourth street, to a point of connection with the Pittsburgh Junction Railroad Company, at or near the bridge of the Pittsburgh, Fort Wayne and Chicago Railway Company.

Also

C. C. Bill No. 1590. An Ordinance granting to the Duquesne Light Company, its successors, lessees and assigns, the right to enter upon the streets, alleys and highways of the City of Pittsburgh, for the purpose of erecting, constructing, laying, maintaining, operating and using its wires, cables and conductors upon, through, along, under and over said streets, alleys and highways.

Also

C. C. Bill No. 1631. An Ordinance granting to the Pennsylvania Light, Heat and Power Company, its lessees, successors and assigns, the right to enter upon, use and occupy the streets, lanes, alleys and highways within the City of Pittsburgh, for the purpose of constructing, laying down and maintaining therein its subways, tubes, cables and wires, and to erect poles and supports upon and along said highways, and to string wires and cables upon the same for the supply of light, heat and power, or any of them, to the public by means of electricity.

Mr Brand requested

That the minutes of the meeting of the Committee on Corporations, held January 7, 1904, be read.

And the Clerk read the minutes of the meeting.

Mr. Brand moved

That the motion to discharge the Committee on Corporations from further consideration of the bills be laid on the table.

Upon which motion Mr. Stevenson demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

Mr. Leslie presented

No. 1683.

Resolved, That the estimates submitted by the Mayor respecting the appropriations for the different departments be secured from the Committee on Finance; that the Clerk of this Council be instructed to have the estimates entered in the Record of this Council, and that he be further instructed to have printed in pamphlet form 150 copies for the use of the members of Councils.

Which was read.

Mr. Leslie moved

That the resolution as read be adopted.

Mr. Stevenson moved

To amend the resolution by securing the estimates from the Mayor and the different departments instead of the Committee on Finance.

Upon which motion Mr. Stevenson demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

So the motion did not prevail.

And the question recurring on the motion of Mr. Leslie, the motion prevailed.

ESTIMATED APPROPRIATIONS.

Estimates of the various Departments of the City, with exception of City Controller and Education, showing the needs of the different Bureaus of said Departments for fiscal year 1904.

C. C. No. 1662.

MAYOR'S OFFICE,

W. B. Hays, Mayor.

Pittsburgh, Pa., December 28, 1903.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor of transmitting herewith the estimates of the various departments of the City Government, with the exception of Education and City Controller, showing the needs of the different bureaus of said departments for the coming year.

You will notice that several of the bureaus ask for increases in their appropriations, caused by increases in salaries, number of police and firemen, laying of underground cables, garbage contract, etc.

Respectfully submitted,

W. B. HAYS.

Mayor.

BOARD OF TRUSTEES CARNEGIE LIBRARY OF PITTSBURGH.

Pittsburgh, Pa., November 24, 1903.

Hon. W. B. Hays, Mayor of the City of Pittsburgh.

Dear Sir—At a meeting of the Board of Trustees of the Carnegie Library of Pittsburgh, held Friday, November 20, a resolution was adopted requesting the Councils of the City of Pittsburgh to appropriate for the maintenance of the Carnegie Library System for the fiscal year beginning February 1, 1904, the sum of \$158,000, made up as follows:

Maintenance of Libraries.....	\$115,428 00
Maintenance of Buildings.....	87,917 00
Maintenance of Music Hall.....	1,861 68
Furniture, repairs, etc.....	2,795 32
	<hr/>
	\$158,000 00

The estimates have been prepared by the heads of the departments, submitted to the respective sub-committees of the Board, endorsed by the Executive Committee and approved by the Board.

As instructed, I hand you herewith the estimates in detail, and will be glad to furnish either you or the Councils any further information in my possession.

Respectfully yours,

W. N. FREW,

President Board of Trustees Carnegie Library of Pittsburgh.

Pittsburgh, November 12, 1903.

Mr. George A. Macbeth, Chairman Library Committee, Board of Trustees Carnegie Library of Pittsburgh.

Dear Sir—To accompany the estimates submitted to your committee this day, I wish to present herewith an explanation of the figures.

My estimate for 1904 exceeds that of 1903 by \$21,615. Most of this increase, about \$15,000, is due to the necessity of stocking the East Liberty Branch and operating it for six months of the fiscal year. This Branch is much larger than any of the others, is planned to serve a larger population, and will therefore require a larger collection of books at the start. I have estimated \$12,000 for books and periodicals for this Branch. We estimate that this amount will purchase 8,000 or 9,000 volumes, and cover the subscriptions of the necessary periodicals for six months. The other \$3,000 will be required for salaries and a few incidentals, as shown in the tabulated figures.

Of the remainder of the increase estimated (about \$6,600), \$5,216 is chargeable to the Central Library, and \$1,386 to the Branches, exclusive of East Liberty. This increase is due to (1) the salaries of seven and a half new people, four and a half of whom are charged to the Central Library and three to the

Branches; (2) slight increases in some salaries, provided for in the graded schedule adopted by your committee; (3) a few other salary increases, required to keep the organization intact. I need hardly call your attention to the fact that the work of the library is growing rapidly, and that more people are required to carry it on. Furthermore, I find the competition for assistants on the part of other libraries grows keener each year. More large libraries are coming into the field, and as a result the market value of library workers is rising. If we do not meet this competition and maintain the standard of our organization, the character of our work will inevitably deteriorate.

Very truly yours,
EDWIN H. ANDERSON.
Librarian.

CHAS. R. CUNNINGHAM,
Superintendent of Buildings.

Pittsburgh, November 17, 1903.

W. H. Stevenson, Esq., Chairman Committee on Music Hall, Carnegie Institute, Pittsburgh.

My Dear Sir—Regarding the cost of operating the Music Hall for the fiscal year beginning February 1, 1904, I would say:

EXPENSES.

Music Director.....	\$ 4,000 00
Manager of Hall.....	1,500 00
Clerk to Manager.....	300 00
Office boy.....	120 00
Care of organ.....	500 00

Rent of Manager's office.....	316 68
Office expenses, including use of telephone, miscellaneous printing, telegrams, postage, etc.....	150 00
Other expenses, such as salaries of doorkeepers, ushers and police, varying with the use of the hall, estimated.....	2,000 00
	<u>\$ 9,361 68</u>

The increase in the office expenses herewith named over those of the preceding year is for the most part in the items rent of Manager's office, \$316.68 and increase in Manager's salary, \$300.

INCOME.

It is quite impossible to accurately estimate the income of a given twelve months at Carnegie Music Hall. In preparing an estimate on December 17, 1902, of the income for the fiscal year beginning February 1st, 1903, I named \$6,800 as the probable rentals; they will exceed \$10,100. This, the largest amount the Hall has earned in a given year, is due to the particular fact that two weeks was rented to the morality play of "Everyman," bringing from this source alone a rental of \$1,900, and the further fact that one or two conventions had series dates at the Hall. I would therefore consider the present year as exceptional, and not one to make a basis for the future.

Provided the usual societies continue to occupy the Hall, and that the proposed change in Carnegie Institute building do not at all interfere with the rentals of the Hall, I estimate the rentals for the fiscal year beginning February 1st, 1904, at \$7,500.

SUMMARY.

Amount of estimated expenses.....	\$ 9,361 68
Estimated expenses.....	<u>7,500 00</u>
Deficit to be provided for by special appropriation.....	<u>\$ 1,861 68</u>

Very respectfully,

G. H. WILSON,
Manager.

DEPARTMENT OF PUBLIC SAFETY.

Pittsburgh, Pa., December 28, 1903.

Hon. W. B. Hays, Mayor.

Dear Sir—I herewith transmit the estimates which, in my judgment, are necessary for the proper operation of the Department of Public Safety and its various Bureaus during the fiscal year beginning February 1, 1904, together with the expenses thereof during the nine months ending October 31, 1903.

It has been customary for the General Office of the Department for some years back to receive from City Councils an appropriation to the sum of \$31,540.00, but for the fiscal year 1903 the sum of \$27,310.00 was appropriated. Since that time it has been necessary, however, to secure an additional sum of \$1,500.00 to meet the necessary expenses of the General Office for the current year, which would make a total of \$31,810.00. The amount asked for the fiscal year of 1904 is \$33,230.00, the increase being made up entirely of salaries for increased number of employees as provided by ordinance now pending in City Councils.

The appropriation desired for the Bureau of Fire amounts to \$687,538.33, which is an increase over the amount appropriated for the fiscal year 1901 of \$102,835.83. The salary account for this Bureau is estimated at the sum of \$200,000.00, an increased amount over the salary account for the fiscal year 1903 of the sum of \$183,000.00. This increase in the salaries is based upon the ordinance fixing the number of employees in the Department of Public Safety now pending in City Councils. Deducting the salary account from the total amount asked for, the sum of \$121,520.00 remains for operating expenses. The operating expenses for the present fiscal year, based upon the amount actually expended during the nine months ending October 31st, will exceed the sum of \$120,000.00, which would have created a deficiency to the amount of about \$100,000.00 if the salary account would have been fully expended for services of employees.

Thus the operating expenses for 1904 will be practically the same as those of the present year.

The appropriation desired for the Bureaus of Police and Detectives amounts to the sum of \$684,580.46. The appropriation for these Bureaus during the fiscal year 1903 was \$630,025.50, or the sum of \$54,554.96 less than is desired for the fiscal year 1904. The ordinance now pending in Councils will increase salaries in these Bureaus for the coming year more than \$68,000.00. This increased salary account is largely due to the fact that we have asked for monies to pay for one additional captain of police, two additional lieutenants and fifty additional patrolmen, so that our number of patrolmen might be increased to protect our sections of the city which have recently developed and are now practically unprotected. The operating expenses for the fiscal year 1904 are estimated about \$3,000.00 in advance of the amount required for the fiscal year 1903, based upon the expenses for the nine months ending October 31st, 1903, which I believe to be necessary in order to preserve the present efficiency and standard.

The amount believed to be necessary for the Bureau of Electricity is \$14,130.00, not including any estimates for placing wires underground, as required by city ordinance. The amount appropriated for this Bureau for the fiscal year 1903 was \$45,000.00, which amount has been increased by transfers authorized by City Councils to the sum of \$48,500.00. This

will make the net increase desired for this Bureau \$15,130.00. These increases are made up as follows: The ordinance pending in Councils provides for the salary account to be increased \$920; an increase in the amount of fire alarm boxes to the extent of \$9,000.00 is desired; \$3,900.00 for police boxes; \$1,500.00 additional wire necessary to take care of the increased number of fire alarm and police boxes, all of which make a total increase of \$16,320.00. A few other slight increases in sundry items based upon the expenses of the nine months ending October 31st of the present year make up the balance of increase. Our city is rapidly spreading out and ample provision must be made for fire and police protection in the manner of boxes. In connection with this Bureau you will notice a special item for placing wires underground along the main streets and avenues running east and west, for the sum of \$83,000.00. This sum is to provide for the placing of the police and fire alarm telegraph and telephone wires underground along the main streets and avenues running east and west, which, under the ordinance of 1895, should have been completed in May, 1903, but was not for the reason that City Councils have heretofore failed to provide therefor. We have a limited amount of underground wires outside of the district bounded by the Monongahela and Allegheny rivers and Grant and Eleventh streets, but do not have nearly enough to comply with the provisions of the ordinance.

The sum of \$280,783.26 is estimated to be actually necessary for the fiscal year beginning February 1st, 1904, for the Bureau of Health, which does not make any provisions for smallpox, excepting as to vaccinating. No request is made for monies for fighting smallpox, excepting as to continuing our ideas of enforcing the laws regarding vaccination. I take this position for the reasons that the disease is waning, and I hope will soon be a thing of the past. Should the epidemic continue with us, the health laws are such that we can petition Councils at any time for monies for stamping out the disease, and the legislative bodies can then provide and appropriate therefor just as they made provisions during the present year after the appropriation for that Bureau had been exhausted. You will also find an item in this Bureau's appropriation for \$25,000.00 for Municipal Hospital Expenses for diphtheria, including nurses, etc. This provides for maintaining and operating our new hospital, which will be completed by April 1st, 1904, and caring for and treating persons suffering from diphtheria. While this building is for persons suffering from smallpox as well, as I stated before, no provision is made for the care and treatment of this disease, yet the amount included in the \$25,000.00 will keep the smallpox pavilion clean and in proper condition ready for use at all times. Of course, should the disease continue, more will be necessary. The salary account for the Bureau will require \$61,208.26, and operating expenses other than already mentioned and not including the item of garbage, which alone amounts to \$155,000.00, as per ordinances of Councils, and is included in the sum of \$280,783.26 will require \$3,575.00, which amount I believe to be actually necessary for maintaining the proper efficiency and standard therein and providing for diphtheria and disinfecting and vaccinating.

The sum of \$12,600.96 is desired for the Bureau of Building Inspection. This is a decrease from the amount appropriated for the fiscal year 1903.

Very truly yours,

HARRY MOORE,

Director, Department of Public Safety.

DEPARTMENT OF CHARITIES AND CORRECTION.

Hon. W. B. Hays, Mayor:

Dear Sir—I have the honor to submit a report of the Department of Charities and Correction for ten months ending November 30, 1903, with estimates for months of December and January to complete the current year.

Owing to the large number of last year's bills paid out of our appropriation, it has been a continuous effort on the part of the Department to pull through the year on the money available.

The planting of increased acreage on the farm, this adding largely to our vegetable food supply, aided greatly in reaching the desired results.

Realizing that the best results from the farm mean a handsome saving to our taxpayers, we plan to secure still better returns for the coming year.

The amounts asked for the coming year, as itemized in the following statement, are, we believe, as low as they can be placed to insure and secure a proper and safe administration of the Department.

The amounts asked for all officers and employees are in accord with ordinance, and may be checked with the list in ordinance.

(1) Transportation is increased \$147.00.

(2) Coal, \$150 00. The past year has proved the necessity of this.

(3) Concordia Home is increased on account of additional children sent there for rearing. We have had three (3) there most of this year, and will have eight (8) or more the coming year. So with Polk, where we send feeble-minded children.

(4) "Other institutions," \$250.00, is to bear

expense of cases found to belong to us in other poor districts.

(5.) The law governing the number of attendants for insane permits the employment of fifty-three (53) for our asylum.

(6.) The supply of fresh meat has not been what we desire in quantity, and we believe the increased amount asked is a necessity.

(7.) We have increased our boiler capacity about a third to provide light and heat for new buildings. This would naturally increase our fuel bills. We have, however, equipped old and new boilers with gas-saving burners, which we are led to believe will effect a saving of one-third in fuel.

(8.) The low bid for repairing the power house (damaged by fire) was \$2,425.00. We can buy material and our mechanics, with some assistance, can do the work for \$2,000.00.

(9.) The water from Charliers creek is very hard on boilers and steam pipes. The entire heating system, some twenty-seven (27) miles of pipe, are more or less eaten or rotten from this cause. The pipes running horizontally are especially bad, and many of them will have to be replaced. A reliable firm has estimated the expense at \$15,000. Our engineers and mechanics, with some help, can do the work through the summer, when the plant is idle, for \$5,000.00.

(10.) Extras on new building, etc., comprises a bill of Kerr & Fox for \$7,253.00; James Reese & Son, \$700.00, and E. M. Semmelrock, \$263.50. These are from former administration. Ulrich-Stewart Manufacturing Company, for extras in extending power and electric plant, repairs to pump station, \$1,108.00, and for patent gas-saving appliance to all boilers, \$335.00. These bills total \$10,161.88. There is bond money applicable to their payment, \$3,007.93, leaving \$7,153.75 to be provided for in this appropriation.

(11.) The teams, wagons, carts and items following are necessary to bring the best results from the farm.

Trusting the statements, together with the foregoing explanations, may meet your approval, I remain

Sincerely yours,

J. W. CLARK,

Director Department of C. and C.

No. 1694.

Whereas, On _____, the Joint Corporation Committee, in a meeting called by the Chairman, returned to Council, with an affirmative recommendation, the following ordinances: S. C. Bill No. 690, switch track for Fischer Foundry and Machine Company; C. C. Bill No. 1391, repealing P & A. Telephone Company's franchise; C. C. Bill No. 1390, repealing amendment to P & A. Telephone Company's franchise; C. C. Bill No. 1681, franchise for Pennsylvania Light, Heat and Power Company; C. C. Bill No. 1580, franchise for

Duquesne Light Company; C. C. Bill No. 1578, franchise for Pittsburgh, Carnegie and Western Railroad Company on Duquesne way.

Whereas, At a subsequent meeting of the Joint Finance Committee, called on petition signed by eleven members of Council, it was voted to consider the action of the former meeting of the Joint Corporation Committee; and

Whereas, At a regularly called meeting of the Joint Corporation Committee, by the Chairman, for _____, for the purpose of acting on said ordinances, at which meeting a quorum was not present; and

Whereas, The ordinances held in the Joint Finance Committee, without action, involves the question of compensation for franchises and competition in electric lighting vital to every taxpayer and the welfare of the City of Pittsburgh; and

Whereas, As it is the object of this motion to have Council resolve itself into Committee of the Whole for the purpose of having the ordinances printed and bringing them before the body for consideration; it is therefore

Resolved, That Council withdraw the ordinances, S. C. Bill No. 690, C. C. Bill No. 1391, C. C. Bill No. 1390, C. C. Bill No. 1681, C. C. Bill No. 1580 and C. C. Bill No. 1578 from the Corporation Committee.

Mr. Stevenson moved

The adoption of the resolution.

Mr. Beckert moved

That the resolution be laid on the table.

Upon which motion Mr. Stevenson demanded a call of the yeas and noes, and the demand having been sustained, the yeas and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Crawford, C. S., President.

Mr. Brown, before announcing his vote, said:

"In casting my vote I want to make an explanation. When this question was up before, I voted to recall the ordinances, but after a thorough consideration of the rules of Council, I believe it would be a violation of the rules and would not be legal, and we could do nothing else but lay the motion on the table. If we would follow the precedent of this Council, we could withdraw the ordinances from committee. On a former occasion this Council, against my protest and the protest of others, took the Pennsylvania Railroad Ordinance from the Corporation Committee's consideration, and I believe that established a precedent that was a violation of the law and the rules, and I will not continue to back it up, and I therefore vote aye."

Mr. Wasson, before announcing his vote, said:

"I deem it necessary to make an explanation at this time. When the proposition was before Council at the last meeting there was no explanation from the gentleman who made the motion as to what his object was in withdrawing the ordinances from the committee. This resolution expresses explicitly for the purpose of further consideration, as the committee has not seen fit to act on the proposition, and for the purpose of Council resolving itself into a committee of the whole to have the ordinances reprinted and to bring them before this body for consideration." I consider it within the province of Council to take such action, and I therefore vote no." And the yeas were 30, noes 10.

And a majority of the votes being in the affirmative, the motion prevailed.

Which was referred to the Committee on Finance.

Mr. Bote presented

No. 1699.

Whereas, The City of Pittsburgh entered a lien for delinquent taxes at No. 980 December Term, 1891, in the Court of Common Pleas No. 1 of Allegheny County, Delinquent Tax Lien Docket, for the sum of sixteen (\$16) dollars, being water rent for the year 1890, against M. Herzog, said lien being entered against the property No. 717 Euclid avenue near Stanton avenue; and

Whereas, said lien was not entered against the name of the registered owner of said property at the date of filing the same, being entered against M. Herzog, the name of the registered owner at said date being Emma I. Herget; and

Whereas, said lien was erroneously entered and tends to cloud or prejudice the title to said property; therefore be it

Resolved, That the collector of Delinquent Taxes of the City of Pittsburgh is hereby authorized and directed to satisfy upon the record of said lien and to charge the same and the costs accruing on the said lien to the said City of Pittsburgh, and this shall be his sufficient warrant therefor.

Which was referred to the Committee on Parks.

Mr. Stevenson presented

No. 1702.

PITTSBURGH, January 30, 1904.

To the Select and Common Councils of the City of Pittsburgh:

GENTLEMEN:

Your Committee on Finance respectfully return herewith the several ordinances making appropriations for the fiscal year beginning February 1st, 1904.

C. C. 1533. An Ordinance making appropriation for the fiscal year beginning February 1, 1904, for the use of the Department of Charities and Correction.

C. C. 1534. An Ordinance making appropriation for the fiscal year beginning February 1, 1904, for the use of the Department of Public Safety.

C. C. 1535. An Ordinance making appropriation for the fiscal year beginning February 1, 1904, for the use of the Department of Public Works.

C. C. 1536. An Ordinance making appropriation for sundry purposes, for the fiscal year beginning February 1, 1904.

In making up the ordinances for the present year, the committee deemed it wise to submit for your action the funding of certain of the obligations of the city incurred for permanent improvements. It is true that every bond issue adds to the fixed charges of the city, but your committee deem that it is legitimate to provide for permanent improvements that will be enjoyed by posterity in that way, when the funds cannot be raised directly without unduly burdening the tax payers.

The amounts they ask to be funded are of this character, and claims of this character only do they believe they are justified in asking the funding. These amounts are as follows:

Improving Grant boulevard.....	\$315,706 91
Purchase of additional lands for Schenley Park, Herriott Claim	104,889 14
Storm sewer on Euclid avenue.....	55,192 39
" " Unnamed alley,	
Wheeler street, et al.....	46,757 43
Widening Virgin street.....	103,478 51
" Diamond alley.....	12,894 86
Negley Run sewer, made necessary by Allegheny River Improvements.....	65,000 00

\$ 934,919 24

If provision is not made for the payment of these in this manner, the amount should be included in the appropriation bill.

Very respectfully submitted,

W. H. STEVENSON,

Chairman.

Which was read, received and filed.

Also

C. C. Bill No. 1543. An Ordinance making appropriations for the fiscal year beginning February 1, 1904, for the use of the Department of Charities and Correction.

Which was read.

Mr. Reitz moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Upon which motion Mr. Leslie demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

A suspension of the rule to allow the second reading of the bill.

Which motion prevailed.

And the bill was read the second time.

Mr. Leslie requested that the Director of the Department of Public Safety be heard, and the Director being allowed the privilege of the floor, was interrogated respecting the needs of the different bureaus of his department.

Mr. Brand presented

No. 1703.

WH REAS, The Act of Assembly for the government of cities of the second class, approved the seventh day of March, A. D. 1904,

provides in Article 14, Section 5, as follows, to wit:

"All taxes shall be levied and appropriations made annually by general ordinance, prior to the first Tuesday of February;" and

WHEREAS, The Finance Committee of the City of Pittsburgh has failed to report the tax levying ordinance for the fiscal year beginning February, 1904; therefore, be it

Resolved, That further action upon the appropriation bill be postponed until Thursday, February 4th, 1904, at 3 o'clock, P. M.; and be it further

Resolved, That the Finance Committee shall report the tax levying ordinance for the fiscal year beginning February 1st, 1904, at said meeting to be held on Thursday, February 4th, 1904, at 3 o'clock, P. M.

which was read.

Mr. Brand moved the adoption of the resolution.

Mr. Stevenson moved

To amend the resolution by striking out the word "shall" after the words "resolved, That the Finance Committee" and inserting in lieu thereof the words, "is requested to."

Upon which motion Mr. Stevenson demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Crawford, C. S., President.

President Crawford, before announcing his vote, said:

"In explanation to my vote, I wish to say that I am entirely opposed to this resolution in every respect, but in respect to the amendment I vote 'no.'"

And the ayes were 15, noes 28.

And a majority of the votes being in the negative the motion did not prevail.

Mr. Sahner moved

To amend the resolution by making it read "7:30 P. M." instead of "3:00 o'clock P. M."

Mr. Brand accepted the amendment.

Mr. Sahner moved

To amend the resolution by making it read "Wednesday" instead of "Thursday."

Which motion did not prevail.

President Crawford called Mr. McNeil to the Chair.

Mr. McNeil took the Chair.

And President Crawford spoke against the adoption of the resolution.

Mr. Stevenson moved

On motion of Mr. Stevenson, the reading of the minutes of the previous meeting was dispensed with.

The Chair called for the report of the Committee on Finance.

Mr. Stevenson presented

From the Committee on Finance,

No. 1704.

PITTSBURGH, February 3, 1904.

To the Select and Common Councils of the City of Pittsburgh:

GENTLEMEN—Your Committee on Finance would respectfully report that they had under consideration the resolution passed by your honorable body (C. C. No. 1703), directing them to report at this meeting (February 4) the Ordinance levying taxes and assessing water rents for the fiscal year beginning February 1, 1904.

The Committee sent for the Chief Assessor, Mr. A. J. Pitcairn, for the purpose of ascertaining how soon a report of the valuation might be obtained. Mr. Pitcairn stated that the books had only been completed as far as the Twelfth ward; that the second appeal from the valuation, as fixed in the Twenty-third ward, had not yet been made or considered, and that the Board of Assessors would hardly be ready to report to the Mayor before Monday, although it might be barely possible that they could furnish it by Saturday evening. He also stated that he could give no estimate of the valuation that would be nearly correct, but that it would possibly be somewhere between \$185,000,000, \$300,000,000, or \$305,000,000, or it might possibly reach \$101,000,000. Your Committee, under the circumstances, not having any reliable data, adopted the following resolution:

Whereas, Under the Act of Assembly of March 7, 1901 it is provided, in Section 2 of Article I, as follows:

"The several heads of departments shall present to the City Recorder annually, on or before the first Monday of February, a report of their proceedings during the preceding year, and he shall transmit the same to Council, with any recommendation as he may think proper to make."

And Whereas, It appears that the Board of Assessors have not yet complied with the provisions of said Act of Assembly, and, conse-

quently, the Finance Committee has not received the proper data with which to prepare a tax ordinance; now be it

Resolved, That the resolution under Common Council No. 1703 be referred to his Honor, the Mayor of the City.

And adjourned to meet at the call of the Chairman, who was directed to call the Committee together when notified by the Mayor that the Department of Assessors had filed their report.

Respectfully submitted,

W. H. STEVENSON,
Chairman.

Which was read.

Mr. Reitz moved

That the report be received and filed.

Which motion prevailed.

Also

No. 1705.

MR. W. H. STEVENSON,
Chairman Finance Committee.

DEPARTMENT OF CITY CONTROLLER, }

Yours very truly,
J. B. LARKIN, Controller,
Per E. S. M.

Which was read, received and filed.

Mr. Leslie presented

No. 1706.

Whereas, The General Laws of the State of Pennsylvania and the Ordinances of the City of Pittsburgh prescribing the duties and powers of City Assessors, prescribe that it shall be the duty of City Assessors to report to Councils, not later than January 31 of each year, the assessed valuation of real estate and buildings within the limits of the City for the purpose of formulating a General Tax Levying Ordinance; therefore be it

Resolved, That the Board of Assessors are hereby instructed to furnish to the Finance Committee a detailed statement of the valuations placed upon all real estate and buildings within the limits of the City of Pittsburgh for taxable purposes for the year 1904, to be in possession of the said Finance Committee, for

their use in formulating a Tax Levying Ordinance, not later than Saturday, February 6, 1904, at 3 o'clock P. M.

Which was read.

Mr. Leslie moved

The adoption of the resolution.

Which motion prevailed.

Mr. Leslie presented

No. 1707.

Whereas, It is necessary to know the amount of the estimated revenues of the City of Pittsburgh to intelligently formulate a Tax Levying Ordinance; therefore be it

Resolved, That the Controller is hereby instructed to furnish to the Finance Committee a detailed itemized statement of the estimated miscellaneous revenues to be received by the City for the fiscal year beginning February 1, 1904, same to be furnished and in possession of said Committee for its meeting to be held on Saturday, February 6, 1904, at 3 o'clock P. M.

Which was read.

Mr. Leslie moved

The adoption of the resolution.

Which motion prevailed.

Mr. Leslie presented

No. 1708.

Whereas, The Finance Committee of the City of Pittsburgh has failed to comply with the instructions of Councils in reference to the formulating and reporting of a Tax Levying Ordinance for the year 1904; therefore be it

Resolved, That Common Council, now in session, this 4th day of February, A. D. 1904, directs the said Finance Committee to meet on Saturday, February 6, 1904 at 3 o'clock P. M., for the purpose of formulating a Tax Levying Ordinance and reporting the same, in printed form, for the use of the members of Councils, at the regular meeting of Councils to be held on Monday, February 8, 1904, at 7:30 o'clock P. M.

Which was read.

Mr. McNeill moved

That the resolution be laid on the table.

Upon which motion Mr. McNeill demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Baldauf	Sabner	Stevenson
Beemer	Snaw	Wolfe

Crawford, D F	Leslie	West
Cross	Lewis, David	Willey

AYES—11.

NOES—27.

So the motion did not prevail.

Mr. Stevenson moved

To amend the resolution by striking out, after the words "City of Pittsburgh," the words "has failed to comply with the instructions of Councils in reference to the formulating and reporting of a Tax Levying Ordinance for the year 1904," and inserting in lieu thereof the words "are unable to report a tax levy, as the City Assessors state they are not ready to report the taxable valuation of property to the Mayor."

Mr. Leslie moved

That the amendment be laid on the table.

UNFINISHED BUSINESS OF COMMON COUNCIL.

Mr. Leslie called up

C. C. Bill No. 1514. An Ordinance making appropriations for the fiscal year beginning February 1, 1904, for the use of the Department of Public Safety.

Which was read.

Mr. Leslie presented

No. 1721.

Whereas, The Appropriation Bill now pending in Common Council does not provide sufficient moneys to pay the salaries of the members of the Fire Department of the City of Pittsburgh, as designated by ordinances of the said City, which have been duly passed and enacted into laws, regulating the number and salaries of the employees of said Bureau; and

Whereas, Said appropriation does not provide within approximately \$60,000 to pay said salaries, and should said Appropriation Bill pass in its present form would necessitate the reduction in the number of employees in said Bureau to approximately 60 persons; and

Whereas, The business interests of this community are much concerned as to the safety of their property and lives should such a condition exist, and grave doubts have arisen in the minds of those who are interested in the welfare of the city and its property as to the legality of said action of the said Finance Committee; therefore be it

Resolved, That the City Solicitor shall submit to Council, in writing, an opinion on the question of Councils passing an Appropriation Bill which does not provide for the payment of the salaries of the said employees of

said Fire Department for the fiscal year for which said Appropriation Bill is to provide for the salaries; be it further

Resolved, That the City Solicitor shall give a further written opinion as to the question of Councils fixing appropriations, if Councils are not compelled to provide for the salaries of all employees, as provided for by ordinances of the city, and who are regularly employed in the different departments and bureaus thereof.

Which was read.

Mr. Leslie moved

The adoption of the resolution.

Mr. Stevenson moved

That the resolution be laid on the table.

Upon which motion Mr. Leslie demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYE—Messrs.

Baldauf	Schad	Stevenson
Beethner	Shaw	Wolfe
McNeill	Shearer	Wymard

Delaney		

AYES—11.

NOES—28.

So the motion did not prevail.

President Crawford called Mr. McNeill to the Chair.

Mr. McNeill took the Chair.

And President Crawford spoke against the adoption of the resolution.

Mr. Stevenson arose and said:

"I have here a copy of the platform which was adopted at a meeting of which the Chairman is now present, and which I will read."

Mr. Brand arose to a point of order.

The Chair (Mr. McNeill) said:

"State your point."

Mr. Brand said:

"The gentleman is not speaking on the question before the house, but is referring to a political platform."

The Chair said:

"I will rule the point not well taken."

Mr. Brand said:

"I appeal from the decision of the Chair."

Mr. Stevenson said:

"I will withdraw that part of my remarks if it is objectionable to the gentleman from the Seventeenth ward."

Mr. Brand said:

"Mr. President, I appealed from the decision of the Chair, and I ask that the appeal be put to a vote."

Mr. Crawford (C. S.) said:

"I rise to a point of order. The gentleman from the Seventeenth ward is out of order."

The Chair said:

"The gentleman from the Seventeenth ward will take his seat."

Mr. Brand said:

"I appealed from the decision of the Chair, and I insist that the appeal be put to a vote."

The Chair (Mr. McNeill) called President Crawford to the Chair.

Mr. Brand spoke in favor of sustaining the appeal and **Mr. McNeill** against sustaining the appeal.

The Chair said:

"The question is on an appeal from the decision of the Chair. All those in favor of sustaining the appeal will vote 'aye' and those opposed will vote 'no.' The Clerk will call the roll."

AYES—Messrs.

No. 1722.

PITTSBURGH, February 2, 1901.
MR. W. H. STEVENSON,
Chairman Finance Committee.

DEAR SIR:

In preparing the report of the Finance Committee for January 30th, I by mistake, included among the amounts to be funded, Negley Run Sewer, \$65,000.00. This item should be included in the Sundries Appropriation bill in item 42, Contingent Fund, as a separate item of that appropriation, as the ordinance makes the amount chargeable to that fund.

Yours very truly,

E. S. MORROW,
Assistant Controller.

Which was read, received and filed.

Mr. Stevenson moved

To amend the bill by inserting, after line 14, on page 2, new line, as follows: "Appropriation No. 42 A, Negley Run sewer, \$65,000.00."

Which motion prevailed.

Mr. Leslie moved

PITTSBURGH, February 8, 1904.

To the Common Council of the City of Pittsburgh:

Gentlemen:

Your Committee on Finance, acting in accordance with a resolution passed at your last meeting, met on Saturday, February 6th, in the office of the City Controller, for the purpose of considering an ordinance levying taxes and assessing water rents for the fiscal year commencing February 1st 1904. The sub-committee in charge of the bill reported it, together with the following resolution:

"The Sub-Committee on Appropriations report to the Finance Committee that the tax levy for the year 1904 be fixed at 13 mills on the assessed valuation of taxable property, based on the statement submitted by the Board of Assessors on this date and herewith transmitted, and based further on the appropriation bills submitted to Councils by the Finance Committee on February 1st, 1904," which resolution was adopted.

At the same time and place the Assessors, furnished the valuation of the city for the fiscal year commencing February 1st, 1904, and the Controller his estimate of the miscellaneous revenues to be received.

The sub-committee having in charge the appropriation bill reported an amendment in the water schedule, changing the levy of water rates against laundries, from meter rates to Fifty (\$50) Dollars per washer, and assessing the same rate against all per-

sons in the laundry business laundering for profit.

They also recommended that in accordance with the resolution of the sub-committee, the millage for the ensuing year be fixed at the rate of Thirteen (13) mills. These suggestions of the sub-committee were adopted and the ordinance was ordered to be returned to Councils with an affirmative recommendation.

They also return herewith affirmatively C. C. 1720, resolution extending time of filtration experts.

Respectfully submitted,

W. H. STEVENSON,
Chairman.

Which was read, received and filed.

Also

C. C. No. 1720.

Whereas, Councils by a resolution, approved January 12th, 1904, authorized the employment of three experts to verify the estimates made by the Director of the Department of Public Works on Sand Filtration; and,

Whereas, Said resolution provides that the said experts report to the Committee on Finance on or before February 1st, 1904; and,

Whereas, It was impossible to do so owing to the large amount of work connected therewith; therefore, be it

Resolved, That the said experts be given until March 1st, 1904, to make their report to the said Committee on Finance.

Which was read.

Mr. Stevenson moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the resolution was read a second time and agreed to.

And the resolution was read a third time and agreed to.

And the title of the resolution was read and agreed to.

And on the question, "Shall the resolution pass finally?"

The ayes and noes were taken agreeably to law, and were:

AYES—Messrs.

The **Chair** presented

No. 1747. Communication from the City Clerk transmitting statements from the City Controller and the Board of Assessors.

Which was read, received and filed.

Also

No. 1748. Communication from City Controller covering statement of warrants drawn and unexpended balances for the years 1901, 1902 and 1903.

Which was read.

Also

No. 1749. Statements of City Controller showing warrants drawn and unexpended balances for the years 1901, 1902 and 1903.

Mr. **Leslie** moved

That the communication from the City Controller and the statement showing warrants drawn and unexpended balances for the years 1901, 1902 and 1903 be received and filed and printed in full in Record of this Council.

Which motion prevailed.

C. C. 1748.

PITTSBURGH, February 8, 1904

To the Select and Common Councils of the City of Pittsburgh

Gentlemen:

In the absence of the Controller, and in response to your resolution C. C. 1710 I submit herewith "a detailed, itemized statement showing the amount of money as expended by warrants issued through the Controller's office for the

fiscal year beginning February 1st, 1901, and ending January 31st, 1902, along with a detailed statement of all unexpended balances standing to the credit of the different departments and bureaus thereof; and all other unexpended balances not applied and used during the said fiscal year.

"Also a detailed statement showing the amount of money as expended by warrants issued through the Controller's office for the fiscal year beginning February 1st, 1902, and ending January 31st, 1903, and all other unexpended balances not applied and used during said fiscal year. Also a detailed statement showing the amount of money as expended by warrants issued through the Controller's office for the fiscal year beginning February 1st, 1903, and ending January 31st, 1904, and all unexpended (estimated) balances not applied and used during the said fiscal year."

The transactions for fiscal year 1903 cover but eleven months, as the payrolls and bills for the twelfth month—January—are in process of audit and disbursement.

The balances given, therefore, include or cover charges to be made for the month of January.

Very respectfully,

E. S. MORROW,
Assistant Controller.

1901.

Mr. Leslie called up

C. C. Bill No. 1544. An Ordinance making appropriation for the fiscal year beginning February 1, 1904, for the use of the Department of Public Safety.

The Chair presented

No. 1750. Opinion of City Solicitor on C. C. Bill No. 1546, in respect to the city appropriating money for bath house, and in respect to the city paying costs in a contested election case; also, on the question of the legality of an Appropriation Ordinance which does not provide sufficient money for the payment of employes authorized under a general salary ordinance.

Which was read.

Mr. Reitz moved

That the communication be received and filed.

Mr. Leslie moved

To amend the motion by adding "and printed in the Record of this Council."

Mr. Reitz accepted the amendment.

And the motion prevailed.

C. C. No. 1750.

PITTSBURGH, PA., February 6, 1904.

To the President and Members of Common Council of the City of Pittsburgh:

Gentlemen:

I have received a copy of Bill No. 1546, C. C. entitled, "An ordinance making appropriations for Sundry purposes for the fiscal year beginning February 1st, 1904," together with communication from your clerk, asking for my opinion on certain questions arising under that bill.

First—The 16th Item makes an appropriation for the erection of bath house in the Soho district, \$25,000. The communication from the clerk states that the question is "as to the right of the city to make such an appropriation of public funds for the maintenance of a bath house and to leave the care of it in the hands of a private association." You will observe that I am necessarily somewhat at a loss to know precisely what is meant by this appropriation, because the item itself is for the erection of a bath house, which is presumably by the city, and the communication of the clerk refers to the maintenance of a bath house, which is to be left in the hands of a private association.

I do not doubt the power of the city to erect or maintain bath houses for the public. Nor am I disposed to doubt that the city may aid private associations in the erection or maintenance of bath houses. But in the latter case the bath house must be free or practically so to the public, under proper regulations, and the city should have at least some control over it.

If this money is to be appropriated to the erection by the City of a public bath house, as appears by the item referred to, I have no doubt as to its legality. If it is intended to appropriate it to a private association, I am not informed as to the terms and conditions under which it is appropriated nor to whom. And in the absence of any other infor-

mation, can only suggest to you what I consider the proper rule as to appropriations to private associations for such purpose.

Second—The 18th Item makes an appropriation for costs in contested election cases, \$2,109.09. This is for costs in the Upperman-Wainwright contest, for Select Council in the Fifteenth ward. The Court of Quarter Sessions has entered a decree that these costs shall be paid by the City. The Court found that there was probable cause for the contest, and, therefore, that the contestants should not be required to pay the costs, but that they should be imposed upon the public.

Third—The communication from your clerk requests my opinion "as to the legality of an appropriation ordinance which does not provide for the payment of salaries of employes which have been designated in the general salary ordinance now in effect." In the same connection there is transmitted to me a copy of a resolution, C. C. No. 1721, which, in its preambles, refers to the salaries of the members of the Fire Department, and states that the Appropriation Bill does not provide sufficient monies to pay the salaries of the members of that department, and that the passage of the bill would necessitate a reduction in the number of employes in that department and consequent injury to business interests, and requiring my opinion, first, on the question of Councils passing an appropriation bill which does not provide for the salaries of the employes of the Fire Department for the fiscal year; and, second, whether Councils is not compelled to provide for the salaries of all employes provided for by the city ordinances and employed in the different departments.

As I understand the question the appropriation bills provide for salaries generally and the wages of firemen, but the contention is that sufficient is not appropriated in view of the number of employes and their salaries as fixed. If that be correct, the result will be a deficiency. If the city fails now to provide sufficient funds to pay its employes during the year they will be paid as far as the money will reach. If the period arrives when the appropriation is exhausted it will not be the duty of the departments to discharge their employes, nor any of them, provided their employment is authorized and their compensation fixed. It will be the duty of the city in such case to make provision for the payment of such employes. If it does not they may compel payment of their compensation, if they continue in the city's employment. Therefore, the fact that the city may fall to at this time make a sufficient appropriation does not make the appropriation bills illegal. We all know that deficiencies occur frequently in appropriations. The fact that a deficiency may arise does not make the appropriation bills illegal, but they are good as far as they go. Nor can city employes nor firemen at this time compel the city to

make what they may claim to be full provision for their salaries during the year, because they are not hurt until their compensation is refused for services rendered. That time has not arrived, and when it does they have their remedy.

Respectfully submitted,
W. B. RODGERS,
City Solicitor.
